PREFACE

This third supplement to the 1976 edition of the United States Code has been prepared and published pursuant to section 285b of Title 2 of the Code. It contains the additions to and changes in the general and permanent laws of the United States enacted during the Ninety-fifth Congress and the Ninety-sixth Congress, First Session. This supplement together with the 1976 edition establishes prima facie those laws in effect on January 8, 1980, except that Titles 1, 3, 4, 5, 6, 9, 10, 11, 13, 14, 17, 18, 23, 28, 32, 35, 37, 38, 39, 44, and subtitle IV of 49, having been enacted into law, establish legal evidence of the law contained in those titles.

This supplement continues the practice of setting out notes captioned "Section referred to in other sections". These notes have been inserted following each section that is referred to in the text of another section, indicating the section that contains the internal reference. In addition, there is included in the Tables a Table of Internal References which consolidates all internal references contained in the individual "Section referred to in other sections" notes appearing in this supplement.

This supplement has been prepared and published under the supervision of Edward F. Willett, Jr., Law Revision Counsel of the House of Representatives, with the assistance of the West Publishing Company of St. Paul, Minnesota, which assisted in preparing all prior editions and supplements of the Code. Grateful acknowledgment is made of the cooperation by all who have helped in this work, particularly by the staffs of the publishing company and of the Office of the Law Revision Counsel, and by the Government Printing Office.

Thomas P. O'Neill Jr.

Speaker of the House of Representatives

(i) be used to supplement the level of non-Federal funds that would otherwise be made available for the comprehensive public health services for which the grant funds are provided, and

(ii) not be used to supplant such non-Federal funds,

except that the Secretary may in exceptional circumstances waive clause (i) or (ii) or both clauses;

(C) the State health authority for which the application is submitted will—

(i) provide for such fiscal control and fund accounting procedures as may be necessary to assure the proper disbursement of and accounting for funds received under grants under paragraph (1);

(ii) from time to time, as prescribed by the Secretary, report to the Secretary (through a uniform national health program reporting system and by such categories as the Secretary may prescribe) a description of the comprehensive public health services provided in the State in the fiscal year for which the grant applied for is made and the amount and source of funds expended in that fiscal year and in the preceding fiscal year for the provision of each such category of services; and

(I) an amount determined by the Secretary which may not be less than the product of $1.00 and the population of the State served by such authority or more than the product of $1.50 and such population, or

(II) in the case of the fiscal year ending September 30, 1980, 10 percent of the amount of State and local expenditures for comprehensive public health services within the State in the State's fiscal year which ended on or before July 1, 1979, in the case of the fiscal year ending September, 30, 1981, 15 percent of the amount of such expenditures in the State's fiscal year which ended on or before July 1, 1980, and in the case of the fiscal year ending September 30, 1982, 20 percent of the amount of such expenditures in the State's fiscal year which ended on or before July 1, 1981.

In determining the amount of a grant to a State health authority under subclause (I), the Secretary shall take into account the financial need of such State and the level of State and local expenditures for comprehensive public health services (as defined in subparagraph (C)). In determining the financial need of a State, the Secretary shall consider, as major factors, the proportion of the State's population whose income level is below the poverty income level established by the Secretary and the proportion of its population which is living in medical underserved areas.

(ii) The total amount of grants to a State health authority in a fiscal year may not be less than the greater of—

(I) the total amount of grants received by such authority under paragraph (1) for the fiscal year ending September 30, 1979, or

(II) the product of $1 and the population of the State served by such authority.

Notwithstanding the preceding provisions of this subparagraph, if for any fiscal year the amount appropriated for that fiscal year under paragraph (6) is less than the amount needed to make grants in that fiscal year in accordance with such clauses to all State health authorities with approved applications, the total amount of grants in that fiscal year for a State health authority shall not be less than an amount which bears the same ratio to the amount determined for such authority in accordance with the applicable clause as the amount appropriated under such paragraph bears to the amount needed to make grants in accordance with such clauses in such fiscal year to all State health authorities with approved applications, except that if the amount appropriated for a fiscal year is equal to or less than the amount appropriated for the fiscal year ending September 30, 1979, the total amount of grants for a State health authority shall be an amount which bears the same ratio to the amount appropriated as the total amount of grants received by such authority from the appropriations for the fiscal year ending September 30, 1979, bears to the amount appropriated for that fiscal year.

(B) The Secretary, at the request of a State health authority, may reduce the amount of the grants to it under paragraph (1), by—

(i) the fair market value of any supplies (including vaccines and other prevention agents) or equipment furnished the State health authority, and

(ii) the amount of the pay, allowances, and travel expenses of any officer or employee of the Government when detailed to the State health authority and the amount of any other costs incurred in connection with the detail of such officer or employee,

when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of the State health authority and for the purpose of carrying out a program with respect to which its grant under paragraph (1) is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment, or in detailing the personnel, on which the reduction of such grant is based, and such amount shall be deemed as part of the grant and shall be deemed to have been paid to the State health authority.

(C) For purposes of subparagraph (A)(i)(II), the term "State and local expenditures for comprehensive public health services" means expenditures by State and local public health authorities for public health services designated by the Secretary, but excludes expenditures by such authorities—

(i) specifically required by Federal statutory law as a condition to the receipt of Federal financial assistance, or

(ii) for operating inpatient care facilities, construction, or mental health programs.

(D) For purposes of subparagraph (A) and paragraph (2)(D), populations shall be determined on the basis of the latest figures available from the Department of Commerce.

(5) The Secretary may make payments under grants under paragraph (1) on the basis of such estimates and in such installments as appropriate with adjustments for any previous overpayments or underpayments.

(6)(A) For the purpose of making grants under this subsection there are authorized to be appropriated $150,000,000 for the fiscal year ending September 30, 1980, and $170,000,000 for the fiscal year ending September 30, 1981.

(B) Of the amount appropriated under subparagraph (A) for any fiscal year, the Secretary shall obligate not more than $1,000,000 for the uniform national health program reporting system referred to in paragraph (2)(C)(ii).

(7) Regulations (including substantive amendments to regulations) under this subsection shall be promulgated by the Secretary after consultation with a conference of State health authorities. The Secretary shall consult with such conference prior to the publication of proposals for such regulations or amendments.

(g) State mental health program grants; applications; procedures applicable; amount of grants; authorization of appropriations; promulgation of regulations

(1) From allotments made pursuant to paragraph (4), the Secretary shall make grants to State mental health authorities to assist them in meeting the costs of carrying out their functions under subchapter XIII of this chapter and under section 2689t of this title and, after September 30, 1979, in meeting the costs of providing mental health services.

(2) No grant may be made under paragraph (1) unless an application therefor has been submitted to and approved by the Secretary. Such an application shall be submitted in such form and manner and shall contain such information as the Secretary may require, and shall contain or be supported by assurances satisfactory to the Secretary that—

(A) the mental health services provided within the State under the grant applied for will be provided in accordance with the State health plan in effect for such State under section 300m-3(c) of this title;

(B) funds received under the grant applied for will (i) be used to supplement and, to the extent practical, to increase the level of non-Federal funds that would otherwise be made available for the purposes for which the grant funds are provided, and (ii) not be used to supplant such non-Federal funds;

(C) the State mental health authority will—

(i) provide for such fiscal control and fund accounting procedures as may be necessary to assure the proper disbursements of and accounting for funds received under grants under paragraph (1);

(ii) from time to time, but not less often than annually, report to the Secretary (through a uniform national reporting system and by such categories as the Secretary may prescribe) a description of the mental health services provided in the State in the fiscal year for which the grant applied for is made and the amount of funds obligated in such fiscal year for the provision of each such category of services; and

(iii) make such reports (in such form and containing such information as the Secretary may prescribe) as the Secretary may reasonably require, and keep such records and afford such access thereto as the Secretary may find necessary to assure the correctness of, and to verify, such reports;

(D) the State mental health authority will—

(i) perform the duties prescribed by section 2689t of this title;

(ii) prescribe and provide for the enforcement of minimum standards for the maintenance and operation of mental health programs and facilities (including community mental health centers) within the State;

(iii) provide for assistance to courts and other public agencies and to appropriate private agencies to facilitate (I) screening by community mental health centers (or, if there are no such centers, other appropriate entities) of residents of the State who are being considered for inpatient care in a mental health facility to determine if such care is necessary, and (II) provision of followup care by community mental health centers (or, if there are no such centers, by other appropriate entities) for residents of the State who have been discharged from mental health facilities; and

(iv) establish and carry out a plan which—

(I) is designed to eliminate inappropriate placement in institutions of persons with mental health problems, to insure the availability of appropriate noninstitutional services for such persons, and to improve the quality of care for those with mental health problems for whom institutional care is appropriate, and

(II) shall include fair and equitable arrangements (as determined by the Secretary after consultation with the Secretary of Labor) to protect the interests of employees affected by actions described in subclause (I), including arrangements designed to preserve employee rights and benefits and to provide training and retraining of such employees where necessary and arrangements under which maximum effort will be made to guarantee the employment of such employees.

(3)(A) The Secretary shall review annually the activities undertaken by each State mental health authority with an approved application to determine if it complied with the assurances provided with the application. The Secretary may not approve an application submitted under paragraph (2) if the Secretary determines—

(i) the State for which the application was submitted did not comply with assurances provided with a prior application under paragraph (2), and

(ii) he cannot be assured that the State will comply with the assurances provided with the application under consideration.

(B) Whenever the Secretary, after reasonable notice and opportunity for a hearing to the State mental health authority of a State, finds that, with respect to funds paid to the authority under a grant under paragraph (1), there is a failure to comply substantially with assurances provided under paragraph (2) with respect to the receipt of such grant, the Secretary shall notify the authority that further payments will not be made to it under such grant (or, in his discretion, that further payments will not be made to it from such grant for activities in which there is such failure), until he is satisfied that there will no longer be such failure. Until he is so satisfied, the Secretary shall make no payment to such authority from such grant, or shall limit payment under such grant to activities in which there is no such failure.

(4) For the purpose of determining the total amount of grants that may be made to the State mental health authorities of each State, the Secretary shall, in each fiscal year and in accordance with regulations, allot the sums appropriated for such year under paragraph (7) among the States on the basis of the population and the financial need of the respective States. The populations of the States shall be determined on the basis of the latest figures for the population of the States available from the Department of Commerce.

(5)(A) The Secretary shall determine the amount of any grant under paragraph (1); but the amount of grants made in any fiscal year to the mental health authorities of any State may not exceed the amount of the State's allotment available for obligation in such fiscal year. Payments under such grants may be made in advance or by way of reimbursement, and at such intervals and on such conditions, as the Secretary finds necessary.

(B) The Secretary, at the request of a State mental health authority, may reduce the amount of the grant to the authority under paragraph (1) by—

(i) the fair market value of any supplies or equipment furnished the State mental health authority, and

(ii) the amount of the pay, allowances, and travel expenses of any officer or employee of the Government when detailed to the State mental health authority and the amount of any other costs incurred in connection with the detail of such officer or employee,

when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of the State mental health authority and for the purpose of carrying out any project with respect to which its grant under paragraph (1) is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment, or in detailing the personnel, on which the reduction of such grant is based, and such amount shall be deemed as part of the grant and shall be deemed to have been paid to the State mental health authority.

(6) In any fiscal year not less than 70 per centum of the amount of a State's grants shall be available only for the provision of mental health services and for the conduct of mental health planning activities in communities of the State.

(7) For the purpose of making grants under this subsection there are authorized to be appropriated $5,000,000 for the fiscal year ending September 30, 1979, $20,000,000 for the fiscal year ending September 30, 1980, and $25,000,000 for the fiscal year ending September 30, 1981.

(8) Regulations (including substantive amendments to regulations) under this subsection shall be promulgated by the Secretary after consultation with a conference of State mental health authorities. The Secretary shall consult with such conference before the publication of proposals for such regulations or amendments.

(B) the applicant complied with the assurances provided the Secretary when applying for such previous grant, and

(C) the applicant will comply with the assurances provided with the application.

(2) The Secretary shall review annually the activities undertaken by each recipient of a grant under subsection (a) of this section to determine if the program assisted by such grant is operating effectively to achieve its stated purposes and if the recipient is in compliance with the assurances provided the Secretary when applying for such grant.

Notwithstanding the preceding sentence, if for any fiscal year the amount appropriated for the fiscal year ending September 30, 1980, under subsection (k) of this section is less than the amount needed to make grants for that fiscal year in accordance with such sentences to all States with approved applications, the total amount of grants for that fiscal year for a State shall not be less than an amount which bears the same ratio to the amounts determined for such State in accordance with the preceding sentence as the amount appropriated under subsection (k) of this section bears to the amount needed to make grants in accordance with such sentence for such fiscal year to all States with approved applications.

(2) The total amount of grants made to any State under subsection (a) of this section for any fiscal year to assist it in providing a program described in such subsection shall be determined by the Secretary, except that it—

(i) may not exceed the lesser of—

(I) the product of $0.50 and the population of the State, or

(ii) may not be less than the product of $0.25 and the population of the State, except as provided in subsection (c)(3) of this section.

Notwithstanding the preceding sentence, if for any fiscal year the amount appropriated for that fiscal year under subsection (k) of this section is less than the amount needed to make grants for that fiscal year in accordance with such sentence to all States with approved application the total amount of grants for that fiscal year for a State shall not be less than an amount which bears the same ratio to the amounts determined for such State in accordance with such sentence as the amount appropriated under subsection (k) of this section bears to the amount needed to make grants in accordance with this section for such fiscal year to all States with approved application.

(e) Payments

Payments under grants under subsection (a) of this section may be made in advance on the basis of estimates or by the way of reimbursement, with necessary adjustments on account of underpayments or overpayments, and in such installments and on such terms and conditions as the Secretary finds necessary to carry out the purposes of such grants.

(f) Grant reduction

The Secretary, at the request of a State which is a recipient of a grant under subsection (a) of this section, may reduce the amount of such grant by—

(2) the amount of the pay, allowances, and travel expenses of any officer or employee of the Government when detailed to the State and the amount of any other costs incurred in connection with the detail of such officer or employee,

when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such State and for the purpose of planning or carrying out a program with respect to which a grant under subsection (a) of this section is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment, or in detailing the personnel, on which the reduction of such grant is based, and such amount shall be deemed as part of the grant and shall be deemed to have been paid to the State.

(g) Recordkeeping; examination and audit

(1) Each State which is a recipient of a grant under subsection (a) of this section shall keep such records as the Secretary shall by regulation prescribe, including records which fully disclose the amount and disposition by such State of the proceeds of such grant, the total cost of the undertaking in connection with which such grant was made, and the amount of that portion of the cost of the undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(2) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of each State which is a recipient of a grant under subsection (a) of this section that are pertinent to such grant.

(h) Other grant funds; persons who object to being treated

(1) Nothing in this section shall limit or otherwise restrict the use of funds which are granted to a State or to an agency or a political subdivision of a State under provisions of Federal law (other than this section) and which are available for the conduct of preventive health service programs from being used in connection with programs assisted through grants under subsection (a) of this section.

(2) Nothing in this subsection shall be construed to require any State or any agency or political subdivision of a State to have a preventive health service program which would require any person, who objects to any treatment provided under such a program, to be treated or to have any child or ward treated under such program.

(i) Report

The Secretary shall include, as part of the report required by section 300u-4 of this title, a report on the extent of the problems presented by the causes of mortality and morbidity referred to in subsection (a) of this section; on the amount of funds obligated under grants under such subsection in the preceding fiscal year to assist the States in operating programs described in such subsection; and on the effectiveness of the programs assisted under grants under such subsection.

§ 247a. Lead-based paint poisoning prevention programs

(a) Grants

(1)(A) The Secretary may make grants to agencies of units of general local governments and to private nonprofit entities to assist them in meeting the costs of providing lead-based paint poisoning prevention programs. The Secretary may also make such grants to an agency of State government in any case where State government provides direct services to citizens in local communities or where units of general local government within the State are prevented by State law from implementing or receiving such grants or from expending such grants in accordance with their intended purpose.

(B) Each program for which a grant is made under this subsection shall afford, to the maximum extent feasible, opportunities for employing the residents of communities or neighborhoods affected by lead-based paint poisoning, and for providing appropriate training, education, and any information which may be necessary to inform such residents of opportunities for employment in lead-based paint elimination programs.

(2) For purposes of this section—

(A) the term "lead-based paint poisoning prevention program" means any program which provides for—

(i) educational programs intended to communicate to parents, educators, and local health officials the health danger and prevalence of lead-based paint poisoning among children;

(ii) the development and carrying out of intensive community testing programs designed to detect incidents of lead-based paint poisoning among community residents and to insure prompt medical treatment for such afflicted individuals;

(iii) the development and carrying out of intensive followup programs to insure that identified cases of lead-based paint poisoning are protected against further exposure to lead-based paints in their living environment;

(iv) the establishment of centralized laboratory facilities for analyzing biological and environmental lead specimens; and

(v) any other actions which will reduce or eliminate lead-based paint poisoning; and

(B) the term "units of general local government" means (i) any city, county, township, town, borough, parish, village, or other general purpose political subdivisions of a State, (ii) any combination of units of general local government in one or more States, (iii) an Indian tribe, and (iv) with respect to lead-based paint poisoning elimination activities, in their urban areas, the territories and possessions of the United States.

Followup programs described in subparagraph (A)(iii) shall include programs to eliminate lead-based paint hazards from surfaces in and around residential dwelling units or houses, including programs to provide for such purpose financial assistance to the owners of such units or houses who are financially unable to eliminate such hazards from their units or houses. In administering programs for the elimination of such hazards, priority shall be given to the elimination of such hazards in residential dwelling units or houses in which reside children with diagnosed lead-based paint poisoning.

(b) Applications

No grant may be made under subsection (a) of this section unless an application therefor has been submitted to, and approved by, the Secretary. Such an application shall be in such form and be submitted in such manner as the Secretary shall by regulation prescribe and shall provide—

(3) assurances satisfactory to the Secretary that the applicant will make such reports respecting the program as the Secretary may require; and

(4) such other information as the Secretary may by regulation prescribe.

No grant may be made under subsection (a) of this section unless the Secretary determines that there is satisfactory assurance that Federal funds made available under such a grant for any period will be so used as to supplement and, to the extent practical, increase the level of State, local, and other non-Federal funds that would, in the absence of such Federal funds, be made available for the program for which the grant is to be made and will in no event supplant such State, local, and other non-Federal funds.

(c) Amount of grants

The Secretary shall determine the amount of a grant made under subsection (a) of this section. Payments under such grants may be made in advance on the basis of estimates or by the way of reimbursement, with necessary adjustments on account of underpayments or overpayments, and in such installments and on such terms and conditions as the Secretary finds necessary to carry out the purposes of such grants.

(d) Recordkeeping; examination and audit

(1) Each recipient of a grant under subsection (a) of this section shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such grant, the total cost of the undertaking in connection with which such grant was made, and the amount of that portion of the cost of the undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(2) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient of grants under subsection (a) of this section that are pertinent to such grants.

CONGRESSIONAL FINDINGS AND DECLARATIONS

Section 204(a) of Pub. L. 95-626 provided that: "The Congress finds and declares that—

"(1) the number of reported cases of venereal disease persists in epidemic proportions in the United States;

"(2) the number of persons affected by venereal disease and reported to public health authorities is only a fraction of those actually affected;

"(3) the incidence of venereal disease continues to be particularly high among American youth, ages fifteen to twenty-nine, and among populations in metropolitan areas;

"(4) venereal disease accounts for severe permanent disabilities and sometimes death in newborns and causes reproductive dysfunction in women of childbearing age;

"(5) it is conservatively estimated that the public cost of health care for persons suffering from complications of venereal disease exceeds one-half billion dollars annually;

"(6) the number of trained Federal venereal disease prevention and control personnel has fallen to a dangerously inadequate level;

"(7) no vaccine for syphilis, gonorrhea, or any other venereal disease has yet been developed, nor does a blood test for the detection of asymptomatic gonorrhea in women exist, nor are safe and effective therapeutic agents available for some other venereal diseases;

"(8) school health education programs, public information and awareness campaigns, mass diagnostic screening and case followup have all been found to be effective venereal disease prevention and control methodologies;

"(9) skilled and knowledgeable health care providers, informed and concerned individuals and active, well-coordinated voluntary groups are fundamental to venereal disease prevention and control;

"(10) biomedical research toward improved diagnostic and therapeutic tools is of singular importance to the elimination of venereal disease; and

"(11) an increasing number of sexually transmissible diseases besides syphilis and gonorrhea have become a public health hazard."

§ 254a-1. Hospital-affiliated primary care centers

(a) Definitions

For purposes of this section:

(1) The term "community hospital" means a—

(A) public general hospital owned and operated by a State, county, or local unit of government or by a public benefit corporation, or

(B) private nonprofit hospital,

which primarily serves a medical underserved population (as defined in section 254c(b)(3) of this title).

(2) The terms "hospital-affiliated primary care center" and "primary care center" mean a distinct administrative unit of a community hospital which is located in or adjacent to the hospital and which—

(A) provides primary health services (except that emergency medical services shall be provided to the extent practicable through referral to the emergency room of the community hospital) to a catchment area which is determined by the hospital and approved by the Secretary;

(B) provides, as may be appropriate for particular centers, supplemental health services necessary for the adequate support of primary health services;

(C) provides referral to providers of supplemental health services and payment, as appropriate and feasible, for their provision of such services;

(D) provides for, when the center is closed, at least referral to emergency medical services and authorized access to patient medical records on a twenty-four-hours-a-day, seven-days-a-week basis; and

(E) provides information on the availability and proper use of health services provided by the community hospital and the center.

(3) The term "primary care group practice" means, with respect to a primary care center affiliated with a community hospital, any combination of physicians and other health care providers that includes at least three primary care physicians (as defined in section 295f-1(b)(2)(F)(ii) of this title)—

(i) which combination is organized to provide primary health services in a manner which is consistent with the needs of the population to be served by the center, and which uses, where practicable in the provision of such services, nonphysician providers (particularly physician assistants and nurse practitioners) in concert with the physicians of the group practice;

(ii) which combination is located in or adjacent to the community hospital;

(iii) the physicians of which have admitting privileges to the community hospital;

(iv)(I) the primary care physicians of which are salaried and full time in the hospital and a majority of whom practice full time in the primary care center, or (II) which combination is organized into a partnership, corporation, or professional association which has an agreement with the hospital to fulfill the obligations described in subparagraphs (A) and (C) of subsection (b)(3) of this section; and

(v) the primary care physicians of which are not all personnel serving with the National Health Service Corps;

except that in the case of such a combination serving a health manpower shortage area (designated under section 254e of this title), in lieu of one of the primary care physicians required in such a combination there may be a nurse practitioner or physician assistant.

(4) The term "primary care resident" means a graduate physician in a training program which (A) is in primary care (as defined in section 295f-2(b)(2)(F)(ii) of this title), (B) is approved by an appropriate certifying body, and (C) requires that at least one-third of the time in the last two years of residency training (or in the case of the osteopathic general practice resident, the last year of residency training) be spent in an ambulatory care setting.

(5) The terms "primary health services" and "supplemental health services" have the meanings given such terms in paragraphs (1) and (2) of section 254c(b) of this title, respectively.

(b) Grants; application for grant; requisite determinations for approval; priority applications; uses of grants

(1) The Secretary may make grants to community hospitals to support demonstration projects in the planning, development, and operation of hospital-affiliated primary care centers. To the extent feasible, the Secretary shall not make a grant for such a center to serve a population whose need for primary health services is being met by a community health center, migrant health center, or other health care provider.

(2) No grant may be made under paragraph (1) unless an application therefor is submitted to, and approved by, the Secretary. Such an application shall be submitted in such form and manner and shall contain such information as the Secretary shall prescribe. Insofar as practicable, the Secretary shall approve applications under this subsection in a manner which results in an equitable distribution of primary care centers among urban and rural areas.

(3) The Secretary may not approve an application for a grant under paragraph (1) with respect to a primary care center affiliated with a community hospital unless the Secretary has made the following determinations:

(A) The primary health services of the center will be provided through a primary care group practice, and may be provided by a primary care resident if (i) such services are provided under the direction of a member of the practice who is a primary care physician, and (ii) provision of such services by the resident are credited toward the resident's fulfilling the requirement of the residency training program described in subsection (a)(4)(C) of this section.

(B) Except under unusual circumstances (as established by the Secretary by regulation), primary health services provided by the community hospital will be provided only through the center, and qualified personnel trained in triage will be placed in the hospital's emergency room, outpatient department, and in the primary care center to screen and direct patients to the appropriate location for care.

(C) Each patient of the center will have an identified primary care physician who is a member of the primary care group practice and who is responsible for continuous management of the patient, including the referral of the patient for inpatient, outpatient, or emergency services.

(D) To the extent practicable, existing facilities and equipment which are in or owned by the community hospital, which are not required for the delivery of inpatient or emergency services, and which are needed in the primary care center will be converted for the use of the primary care center.

(E) The hospital and primary care center will avoid unnecessary duplication of facilities and equipment, except that the primary care center may install appropriate support equipment for the provision of routine primary health services.

(F) The primary care center will be maintained as a separate and distinct cost and revenue center for accounting purposes. Any costs which are not directly associated with the operation of the center (including inpatient-related costs) will not be assigned to the center. Costs associated with the education and training of residents and medical and other health science students will not be calculated into the costs of operating the primary care center, except that the salaries and other costs associated with the provision of services by residents may be calculated into the costs of operating the center as long as such costs are proportional to the actual percentage of time spent by the resident in the provision of services in the primary care center.

(G) The primary care center will be operated in accordance with all the requirements of section 254c(e)(3) of this title (other than subparagraph (G) thereof) applicable to community health centers.

(H) Unless the community hospital has a governing board described in subparagraph (G) of section 254c(e)(3) of this title for the primary care center, the application for the grant has been reviewed and approved by an advisory board which is established by the community hospital and which—

(i) is composed of individuals a majority of whom are being served by the center and who, as a group, represent the individuals being served by the center,

(ii) participates in the development of the application for the grant under this section and in the development of any application for the renewal of such a grant, and

(iii) once the primary care center becomes operational, meets at least six times each year to review the operations of the center and to develop recommendations to the hospital's governing board concerning the types of services to be provided by, and the operations of, the center.

(I) The primary care center will provide for an information program for its patients under which patients are fully informed of the covered professional services and referral services offered by the center and of the methods by which patient grievances respecting billing for such services, or the quality of such services, may be resolved.

(J) The operating hours of the primary care center will include those periods when the community hospital's emergency room and outpatient department are most utilized.

(4) In reviewing and approving applications for grants under this section, the Secretary shall give priority to the application of any community hospital—

(A) which (i) is located in a State whose laws do not prohibit the hospital from establishing a governing board for its affiliated primary care center which board meets the requirements of subparagraph (G) of section 254c(e)(3) of this title for the governing board of a private community health center, and (ii) has established such a governing board, or

(B) which is located in a State whose laws prohibit the hospital from establishing such a board.

(5) Grants under this subsection may be used for covering the costs of planning, developing, and operating hospital-affiliated primary care centers, including the costs of acquiring and modernizing existing buildings or space located in or adjacent to the community hospital (including the costs of amortizing the principal of, and paying interest on, loans).

(c) Technical and other nonfinancial assistance

The Secretary may provide (either through the Department of Health, Education, and Welfare or by grant or contract) all necessary technical and other nonfinancial assistance (including fiscal and program management assistance and training in such management) to a community hospital to assist it in developing plans for, and in operating, a primary care center. The authority of the Secretary to enter into contracts under this subsection shall be effective for any fiscal year only to such extent or in such amounts as are provided in advance in appropriation Acts.

(d) Report to Congress

Not later than March 1, 1981, the Comptroller General shall submit a report to Congress evaluating the operation of hospital-affiliated primary care centers, including, with their voluntary participation, those centers not assisted under this section. With respect to such centers the Comptroller General shall—

(1) assess the costs of such centers and their methods of allocating costs between the centers and their affiliated hospitals;

(2) assess the methods of reimbursement used (particularly under titles XVIII and XIX of the Social Security Act [42 U.S.C. 1395 et seq., 1396 et seq.]) for services provided by such centers;

(3) compare the cost and effectiveness of providing primary health services through such centers with the cost and effectiveness of providing such services through community health centers and other entities providing similar services, and

(4) assess the degree to which the hospitals provided assistance under this section are complying with the requirements specified under subsection (b)(3) of this section.

(e) Authorization of appropriations

There are authorized to be appropriated for the purpose of making payments for grants under subsection (a) of this section and for the provision of assistance under subsection (c) of this section—

(1) for the planning and development of primary care centers, $5,000,000 for the fiscal year ending September 30, 1979, and

(2) for the planning, development, and operation of primary care centers, $25,000,000 for the fiscal year ending September 30, 1980, and $30,000,000 for the fiscal year ending September 30, 1981.

Not more than $150.000 may be used for the planning and development of any single primary care center.

"(a) Congress finds that—

"(1) although the achievement of equal access to quality health care at a reasonable cost is a priority of the Federal Government, there remains a wide disparity throughout the Nation regarding the cost, quality, and availability of primary health services;

"(2) despite Federal financing programs designed to eliminate barriers to primary health services for the poor and elderly, there remains a shortage of health resources to provide such services, especially in medically underserved urban and rural areas; and

"(3) residents of urban and rural medically underserved areas lack the availability of basic and appropriate services for health promotion, disease prevention, and primary care.

"(b) It is the purpose of this part [see Short Title of 1978 Amendments note set out under section 201 of this title]—

"(1) to alleviate the shortage of health resources for the provision of primary health services to urban and rural medical underserved populations in the United States; and

"(2) to provide authorities for research and demonstration projects which develop innovative approaches for the organization and delivery of primary health services."

The highest priorities for such assistance shall be assigned to areas where the Secretary determines the greatest need exists.

(2) No application for a grant under subsection (c) or (d) of this section for a project in an area which has no migratory agricultural workers may be approved unless grants have been provided for all approved applications under such subsections for projects in areas with migratory agricultural workers.

A project for which a grant may be made under this subparagraph may include the cost of the acquisition and modernization of existing buildings (including the costs of amortizing the principal of, and paying the interest on, loans) and the costs of providing training related to the management of migrant health center programs, and shall include—

(iv) which otherwise improve the health of such workers and their families.

Any such program may include the acquisition and modernization of existing buildings and providing training related to the management of programs assisted under this subparagraph.

(2) Not more than two grants may be made under paragraph (1)(A) for the same project, and if a grant or contract is made or entered into under paragraph (1)(B) for a project, no other grant or contract under that paragraph may be made or entered into for the project.

(3) The amount of any grant made under paragraph (1) for any project shall be determined by the Secretary.

(d) Grants for centers in high impact areas; programs in areas in which no migrant health center exists; health services provided on a prepaid basis; two-grant maximum; maximum amount of grant; payments

(1)(A) The Secretary may, in accordance with priorities assigned under subsection (b)(1) of this section, make grants for the costs of operation of public and nonprofit private migrant health centers in high impact areas.

(B) The Secretary may make grants to and enter into contracts with public and nonprofit private entities for projects for the operation of programs in areas in which no migrant health center exists and in which not more than four thousand migratory agricultural workers and their families reside for more than two months—

(i) for the provision of emergency care to migratory agricultural workers, seasonal agricultural workers, and the members of the families of such migratory and seasonal workers;

(ii) for the provision of primary care (as defined in regulations of the Secretary) for such workers and the members of their families;

(iv) which otherwise improve the health of such workers and the members of their families.

Any such program may include the acquisition and modernization of existing buildings and providing training related to the management of programs assisted under this subparagraph.

(C) The Secretary may make grants to migrant health centers to enable the centers to plan and develop the provision of health services on a prepaid basis to some or to all of the individuals which the centers serve. Such a grant may only be made for such a center if—

(i) the center has received grants under subparagraph (A) of this paragraph for at least two consecutive years preceding the year of the grant under this subparagraph;

(ii) the governing board of the center (described in subsection (f)(3)(G) of this section) requests, in a manner prescribed by the Secretary, that the center provide health services on a prepaid basis to some or to all of the population which the center serves; and

(iii) the center provides assurances satisfactory to the Secretary that the provision of such services on a prepaid basis will not result in the diminution of health services provided by the center to the population the center served prior to the grant under this subparagraph.

Any such grant may include the acquisition and modernization of existing buildings and providing training related to the management of the provision of health services on a prepaid basis.

(2) The costs for which a grant may be made under paragraph (1)(A) may include the costs of acquiring and modernizing existing buildings (including the costs of amortizing the principal of, and paying the interest on, loans); and the costs for which a grant or contract may be made under paragraph (1) may include the costs of providing training related to the provision of primary health services, supplemental health services, and environmental health services, and to the management of migrant health center programs.

(3) Not more than two grants may be made under paragraph (1)(C) for the same entity.

(4)(A) The amount of any grant made in any fiscal year under subparagraph (A) of paragraph (1) to a health center shall be determined by the Secretary, but may not exceed the amount by which the costs of operation of the center in such fiscal year exceed the total of—

(i) the State, local, and other funds, and

(ii) the fees, premiums, and third-party reimbursements,

which the center may resonably be expected to receive for its operations in such fiscal year. In determining the amount of such a grant for a center, if the application for the grant requests funds for a service described in subparagraph (D) or (E) of subsection (a)(1) of this section (other than to the extent the funds would be used for the improvement of private property) or a supplemental health service described in subparagraph (B), (F), (J), or (L) of subsection (a)(7) of this section, the Secretary shall include, in an amount determined by the Secretary and to the extent funds are available under appropriation Acts, funds for such service unless the Secretary makes a written finding that such service is not needed and provides the applicant with a copy of such finding.

(B) Payments under grants under subparagraph (A) of paragraph (1) shall be made in advance or by way of reimbursement and in such installments as the Secretary finds necessary and adjustments may be made for overpayments or underpayments, except that if in any fiscal year the sum of—

(i) the total of the amounts described in clauses (i) and (ii) of subparagraph (A) of this paragraph received by a center in such fiscal year, and

(ii) the amount of the grant to the center in such fiscal year,

exceeded the costs of the center's operation in such fiscal year because the amount received by the center from fees, premiums, and third-party reimbursements was greater than expected, an adjustment in the amount of the grant to the center in the succeeding fiscal year shall be made in such a manner that the center may retain such an amount (equal to not less than one-half of the amount by which such sum exceeded such costs) as the center can demonstrate to the satisfaction of the Secretary will be used to enable the center (I) to expand and improve its services, (II) to increase the number of persons (eligible under subsection (a) of this section to receive services from such a center) it is able to serve, (III) to construct and modernize its facilities, (IV) to improve the administration of its service programs, and (V) to establish the financial reserve required for the furnishing of services on a prepaid basis. Without the approval of the Secretary, not more than one-half of such retained sum may be used for construction and modernization of its facilities.

(e) Contracts with public and private entities for implementation and enforcement of environmental health standards and projects and studies related to environmental health hazard problems

The Secretary may enter into contracts with public and private entities to—

(1) assist the States in the implementation and enforcement of acceptable environmental health standards, including enforcement of standards for sanitation in migrant labor camps and applicable Federal and State pesticide control standards; and

(2) conduct projects and studies to assist the several States and entities which have received grants or contracts under this section in the assessment of problems related to camp and field sanitation, pesticide hazards, and other environmental health hazards to which migratory agricultural workers, seasonal agricultural workers, and members of their families are exposed.

(f) Approval of application as prerequisite for grant or contract; form and manner of submission and contents of application; determination of entity as center as prerequisite for approval of application; criteria for determination; priorities for applications; improvements of private property; nonapplicability of statutory provisions to contracts

(1) No grant may be made under subsection (c) or (d) of this section and no contract may be entered into under subsection (c)(1)(B), (d)(1)(B), or (e) of this section unless an application therefore[1] is submitted to, and approved by, the Secretary. Such an application shall be submitted in such form and manner and shall contain such information as the Secretary shall prescribe. An application for a grant or contract which will cover the costs of modernizing a building shall include, in addition to other information required by the Secretary—

(A) a description of the site of the building,

(B) plans and specifications for its modernization, and

(C) reasonable assurance that all laborers and mechanics employed by contractors or subcontractors in the performance of work on the modernization of the building will be paid wages at rates not less than those prevailing on similar work in the locality as determined by the Secretary of Labor in accordance with the Act of March 3, 1931 (40 U.S.C. 276a—276a-5, known as the Davis-Bacon Act).

The Secretary of Labor shall have with respect to the labor standards referred to in subparagraph (C) the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 5 U.S.C. Appendix) and section 276c of title 40.

(2) An application for a grant under subparagraph (A) of subsection (d)(1) of this section for a migrant health center shall include—

(A) a description of the need in the center's catchment area for each of the health services described in subparagraphs (D) and (E) of subsection (a)(1) of this section and in subparagraphs (B), (F), (J), and (L) of subsection (a)(7) of this section,

(B) if the applicant determines that any such service is not needed, the basis for such determination, and

(C) if the applicant does not request funds for any such service which the applicant determines is needed, the reason for not making such a request.

In considering an application for a grant under subparagraph (A) of subsection (d)(1) of this section, the Secretary may require as a condition to the approval of such application assurance that the applicant will provide any specified health service described in subsection (a) of this section which the Secretary finds is needed to meet specific health needs of the area to be served by the applicant. Such a finding shall be made in writing and a copy shall be provided the applicant.

(3) The Secretary may not approve an application for a grant under subsection (d)(1)(A) of this section unless the Secretary determines that the entity for which the application is submitted is a migrant health center (within the meaning of subsection (a)(1) of this section) and that—

(A) the primary health services of the center will be available and accessible in the center's catchment area promptly, as appropriate, and in a manner which assures continuity;

(B) the center will have organizational arrangements, established in accordance with regulations of the Secretary, for (i) an ongoing quality assurance program (including utilization and peer review systems) respecting the center's services, and (ii) maintaining the confidentiality of patient records;

(C) the center will demonstrate its financial responsibility by the use of such accounting procedures and other requirements as may be prescribed by the Secretary;

(D) the center (i) has or will have a contractual or other arrangement with the agency of the State, in which it provides services, which administers or supervises the administration of a State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] for the payment of all or a part of the center's costs in providing health services to persons who are eligible for medical assistance under such a State plan, or (ii) has made or will make every reasonable effort to enter into such an arrangement;

(E) the center has made or will make and will continue to make every reasonable effort to collect appropriate reimbursement for its costs in providing health services to persons who are entitled to insurance benefits under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.], to medical assistance under a State plan approved under title XIX of such Act [42 U.S.C. 1396 et seq.], or to assistance for medical expenses under any other public assistance program or private health insurance program;

(F) the center (i) has prepared a schedule of fees or payments for the provision of its services designed to cover its reasonable costs of operation and a corresponding schedule of discounts to be applied to the payment of such fees or payments, which discounts are adjusted on the basis of the patient's ability to pay, (ii) has made and will continue to make every reasonable effort (I) to secure from patients payment for services in accordance with such schedules, and (II) to collect reimbursement for health services to persons described in subparagraph (E) on the basis of the full amount of fees and payments for such services without application of any discount, and (iii) has submitted to the Secretary such reports as he may require to determine compliance with this subparagraph;

---

[1] So in original. Probably should be "therefor".

(G) the center has established a governing board which (i) is composed of individuals a majority of whom are being served by the center and who, as a group, represent the individuals being served by the center, and (ii) selects the services to be provided by the center, schedules the hours during which such services will be provided, approves the center's annual budget, approves the selection of a director for the center, and, except in the case of a public center (as defined in the second sentence of this paragraph), establishes general policies for the center; and if the application is for a second or subsequent grant for a public center, the governing body of the center has approved the application or if the governing body has not approved the application, the failure of the governing body to approve the application was unreasonable;

(H) the center has developed, in accordance with regulations of the Secretary, (i) an overall plan and budget that meets the requirements of section 1861(z) of the Social Security Act [42 U.S.C. 1395x(z)] and (ii) an effective procedure for compiling and reporting to the Secretary such statistics and other information as the Secretary may require relating to (I) the costs of its operations, (II) the patterns of use of its services, (III) the availability, accessibility, and acceptability of its services, (IV) such other matters relating to operations of the applicant as the Secretary may, by regulation, require, and (V) expenditures made from any amount the center was permitted to retain under subsection (d)(4)(B) of this section;

(I) the center will review periodically its catchment area to (i) insure that the size of such area is such that the services to be provided through the center (including any satellite) are available and accessible to the migratory agricultural workers, seasonal agricultural workers, and the members of the families of such migratory and seasonal workers, in the area promptly and as appropriate, (ii) insure that the boundaries of such area conform, to the extent practicable, to relevant boundaries of political subdivisions, school districts, and Federal and State health and social service programs, and (iii) insure that the boundaries of such area eliminate, to the extent possible, barriers to access to the services of the center, including barriers resulting from the area's physical characteristics, its residential patterns, its economic and social groupings, and available transportation; and

(J) in the case of a center which serves a population including a substantial proportion of individuals of limited English-speaking ability, the center has (i) developed a plan and made arrangements responsive to the needs of such population for providing services to the extent practicable in the language and cultural context most appropriate to such individuals, and (ii) identified an individual on its staff who is fluent in both that language and English and whose responsibilities shall include providing guidance to such individuals and to appropriate staff members with respect to cultural sensitivities and bridging linguistic and cultural differences.

For purposes of subparagraph (G) and subsection (h)(4) of this section, the term "public center" means a migrant health center funded (or to be funded) through a grant under this section to a public agency.

(4) In considering applications for grants and contracts under subsection (c) or (d)(1)(B) of this section, the Secretary shall give priority to applications submitted by community-based organizations which are representative of the populations to be served through the projects, programs, or centers to be assisted by such grants or contracts.

(5) The Secretary, in making a grant under this section to a migrant health center for the provision of environmental health services described in subsection (a)(1)(D) of this section, may designate a portion of the grant to be expended for improvements to private property for which the written consent of the owner has been obtained and which are necessary to alleviate a hazard to the health of those residing on, or otherwise using, the property and of other persons in the center's catchment area. A center may make such an expenditure for an improvement under a grant only after the Secretary has specifically approved such expenditure and has determined that funds for the improvement are not available from any other source. The Secretary shall annually notify the appropriate committees of Congress of the amounts so expended and the improvements for which they were spent.

(6) Contracts may be entered into under this section without regard to section 529 of title 31 and section 5 of title 41.

(g) Technical and other nonfinancial assistance for centers or public or private nonprofit entities operating as centers without determination of status; resources list

(1) The Secretary may provide (either through the Department of Health, Education, and Welfare or by grant or contract) all necessary technical and other nonfinancial assistance (including fiscal and program management assistance and training in such management) to any migrant health center or to any public or private nonprofit entity to assist it in developing plans for, and in operating as, a migrant health center, and in meeting the requirements of subsection (f)(2) of this section.

(2) The Secretary shall make available to each grant recipient under this section a list of available Federal and non-Federal resources to improve the environmental and nutritional status of individuals in the recipient's catchment area.

for all residents of the area it serves (referred to in this section as a "catchment area").

(d) Grants to public and nonprofit private centers and related entities functioning without center determination for costs of operation; prepayment; costs includable for grants; number of grants; determination of amount of grants; payments

(1) [*See main edition for text of* (*A*)]

(B) The Secretary may make grants for the costs of the operation of public and nonprofit private entities which provide health services to medically underserved populations but with respect to which he is unable to make each of the determinations required by subsection (e)(3) of this section.

(C) The Secretary may make grants to community health centers to enable the centers to plan and develop the provision of health services on a prepaid basis to some or to all of the individuals which the centers serve. Such a grant may only be made for such a center if—

(i) the center has received grants under subparagraph (A) of this paragraph for at least two consecutive years preceding the year of the grant under this subparagraph;

(ii) the governing board of the center (described in subsection (e)(3)(G) of this section requests, in a manner prescribed by the Secretary, that the center provide health services on a prepaid basis to some or to all of the population which the center serves; and

(iii) the center provides assurances satisfactory to the Secretary that the provision of such services on a prepaid basis will not result in the diminution of health services provided by the center to the population the center served prior to the grant under this subparagraph.

Any such grant may include the acquisition and modernization of existing buildings and providing training related to management of the provision of health services on a prepaid basis.

(2) The costs for which a grant may be made under paragraph (1)(A) or (1)(B) may include the costs of acquiring and modernizing existing buildings (including the costs of amortizing the principal of, and paying interest on, loans) and the costs of providing training related to the provision of primary health services, supplemental health services and environmental health services, and to the management of community health center programs.

(3) Not more than two grants may be made under paragraph (1)(B) or (1)(C) for the same entity.

(4)(A) The amount of any grant made in any fiscal year under paragraph (1) (other than subparagraph (C)) to a community health center shall be determined by the Secretary, but may not exceed the amount by which the costs of operation of the center in such fiscal year exceed the total of—

(i) the State, local, and other funds, and

(ii) the fees, premiums, and third-party reimbursements,

which the center may reasonably be expected to receive for its operations in such fiscal year. In determining the amount of such a grant for a center, if the application for the grant requests funds for a service described in subsection (a)(4) of this section (other than to the extent the funds would be used for the improvement of private property) or a supplemental health service described in subparagraph (B), (F), (L), or (M) of subsection (b)(2) of this section, the Secretary shall include, in an amount determined by the Secretary and to the extent funds are available under appropriation Acts, funds for such service unless the Secretary makes a written finding that such service is not needed and provides the applicant with a copy of such finding.

(B) Payments under grants under subparagraph (A) or (B) of paragraph (1) shall be made in advance or by way of reimbursement and in such installments as the Secretary finds necessary and adjustments may be made for overpayments or underpayments, except that if any fiscal year the sum of—

(i) the total of the amounts described in clauses (i) and (ii) of subparagraph (A) received by a center in such fiscal year, and

(ii) the amount of the grant to the center in such fiscal year,

exceeded the costs of the center's operation in such fiscal year because the amount received by the center from fees, premiums, and third-party reimbursements was greater than expected, an adjustment in the amount of the grant to the center in the succeeding fiscal year shall be made in such a manner that the center may retain such an amount (equal to not less than one-half of the amount by which such sum exceeded such costs) as the center can demonstrate to the satisfaction of the Secretary will be used to enable the center (I) to expand and improve its services, (II) to increase the number of persons (eligible to receive services from such a center) it is able to serve, (III) to construct and modernize its facilities, (IV) to improve the administration of its service programs, and (V) to establish the financial reserve required for the furnishing of services on a prepaid basis. Without the approval of the Secretary, not more than one-half of such retained sum may be used for construction and modernization of its facilities.

(e) Approval of application as prerequisite for grant; form and manner of submission and contents of application; determination of entity as center as prerequisite for approval of application; "public center" defined; improvement of private property

(1) No grant may be made under subsection (c) or (d) of this section unless an application therefor is submitted to, and approved by, the Secretary. Such an application shall be submitted in such form and manner and shall contain such information as the Secretary shall prescribe. An application for a grant which will cover the costs of modernizing a building shall include, in addition to other information required by the Secretary—

[*See main edition for text of* (*A*) *to* (*C*)]

The Secretary of Labor shall have with respect to the labor standards referred to in subparagraph (C) the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176, 5 U.S.C. Appendix) and section 276c of title 40.

(2) An application for a grant under subparagraph (A) or (B) of subsection (d)(1) of this section for a community health center shall include—

(A) a description of the need in the center's catchment area for each of the health services described in subsection (a)(4) of this section and in subparagraphs (B), (F), (L), and (M) of subsection (b)(2) of this section,

(B) if the applicant determines that any such service is not needed, the basis for such determination, and

(C) if the applicant does not request funds for any such service which the applicant determines is needed, the reason for not making such a request.

In considering an application for a grant under subparagraph (A) or (B) of subsection (d)(1) of this section, the Secretary may require as a condition to the approval of such application assurance that the applicant will provide any specified health services described in subsection (a) or (b) of this section which the Secretary finds is needed to meet specific health needs of the area to be served by the applicant. Such a finding shall be made in writing and a copy shall be provided the applicant.

(3) Except as provided in subsection (d)(1)(B) of this section, the Secretary may not approve an application for a grant under paragraph (1)(A) or (1)(B) of subsection (d) of this section unless the Secretary determines that the entity for which the application is submitted is a community health center (within the meaning of subsection (a) of this section) and that—

(A) the primary health services of the center will be available and accessible in the center's catchment area promptly, as appropriate, and in a manner which assures continuity;

(B) the center will have organizational arrangements, established in accordance with regulations prescribed by the Secretary, or (i) an on-going quality assurance program (including utilization and peer review systems) respecting the center's services, and (ii) maintaining the confidentiality of patient records;

(C) the center will demonstrate its financial responsibility by the use of such accounting procedures and other requirements as may be prescribed by the Secretary;

(D) the center (i) has or will have a contractual or other arrangement with the agency of the State, in which it provides services, which administers or supervises the administration of a State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] for the payment of all or a part of the center's costs in providing health services to persons who are eligible for medical assistance under such a State plan, or (ii) has made or will make every reasonable effort to enter into such an arrangement;

(E) the center has made or will make and will continue to make every reasonable effort to collect appropriate reimbursement for its costs in providing health services to persons who are entitled to insurance benefits under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.], to medical assistance under a State plan approved under title XIX of such Act [42 U.S.C. 1396 et seq.], or to assistance for medical expenses under any other public assistance program or private health insurance program;

(F) the center (i) has prepared a schedule of fees or payments for the provision of its services designed to cover its reasonable costs of operation and a corresponding schedule of discounts to be applied to the payment of such fees or payments, which discounts are adjusted on the basis of the patient's ability to pay, (ii) has made and will continue to make every reasonable effort (I) to secure from patients payment for services in accordance with such schedules, and (II) to collect reimbursement for health services to persons described in subparagraph (E) on the basis of the full amount of fees and payments for such services without application of any discount, and (iii) has submitted to the Secretary such reports as he may require to determine compliance with this subparagraph;

(G) the center has established a governing board which (i) is composed of individuals a majority of whom are being served by the center and who, as a group, represent the individuals being served by the center, and (ii) meets at least once a month, selects the services to be provided by the center, schedules the hours during which such services will be provided, approves the center's annual budget, approves the selection of a director for the center, and, except in the case of a governing board of a public center (as defined in the second sentence of this paragraph), establishes general policies for the center; and if the application is for a second or subsequent grant for a public center, the governing body has approved the application or if the governing body has not approved the application, the failure of the governing body to approve the application was unreasonable;

(H) the center has developed, in accordance with regulations of the Secretary, (i) an overall plan and budget that meets the requirements of section 1861(z) of the Social Security Act [42 U.S.C. 1395x(z)] and (ii) an effective procedure for compiling and reporting to the Secretary such statistics and other information as the Secretary may require relating to (I) the costs of its operations, (II) the patterns of use of its services, (III) the availability, accessibility, and acceptability of its services, (IV) such other matters relating to operations of the applicant as the Secretary may, by regulation, require, and (V) expenditures made from any amount the center was permitted to retain under subsection (d)(4)(B) of this section;

(I) the center will review periodically its catchment area to (i) insure that the size of such area is such that the services to be provided through the center (including any satellite) are available and accessible to the residents of the area promptly and as appropriate, (ii) insure that the boundaries of such area conform, to the extent practicable, to relevant boundaries of political subdivisions, school districts, and Federal and State health and social service programs, and (iii) insure that the boundaries of such area eliminate, to the extent possible, barriers to access to the services of the center, including barriers resulting from the area's physical characteristics, its residential patterns, its economic and social groupings, and available transportation;

(J) in the case of a center which serves a population including a substantial proportion of individuals of limited English-speaking ability, the center has (i) developed a plan and made arrangements responsible to the needs of such population for providing services to the extent practicable in the language and cultural context most appropriate to such individuals, and (ii) identified an individual on its staff who is fluent in both that language and in English and whose responsibilities shall include providing guidance to such individuals and to appropriate staff members with respect to cultural sensitivities and bridging linguistic and cultural differences; and

(K) the center, in accordance with regulations prescribed by the Secretary, has developed an on-going referral relationship with one or more hospitals.

For purposes of subparagraph (G) and subsection (g)(4) of this section, the term "public center" means a community health center funded (or to be funded) through a grant under this section to a public agency.

(4) The Secretary shall approve applications for grants under paragraph (1)(A) or (1)(B) of subsection (d) of this section for community health centers which—

(A) have not received a previous grant under such paragraph, or

(B) have applied for such a grant to expand their services,

in such a manner that the ratio of the medical underserved populations in rural areas which may be expected to use the services provided by such centers to the medical underserved populations in urban areas which may be expected to use the services provided by such centers is not less than two to three or greater than three to two.

(5) The Secretary, in making a grant under this section to a community health center for the provision of environmental health services described in subsection (a)(4) of this section, may designate a portion of the grant to be expended for improvements to private property for which the written consent of the owner has been obtained and which are necessary to alleviate a hazard to the health of those residing on, or otherwise using, the property and of other persons in the center's catchment area. A center may make such an expenditure for an improvement under a grant only after the Secretary has specifically approved such expenditure and has determined that funds for the improvement are not available from any other source. The Secretary shall annually notify the appropriate committees of Congress of the amounts so expended and the improvements for which they were spent.

(f) Technical and other nonfinancial assistance; resources list

(1) The Secretary may provide (either through the Department of Health, Education, and Welfare or by grant or contract) all necessary technical and other nonfinancial assistance (including fiscal and program management assistance and training in such management) to any public or private nonprofit entity to assist it in developing plans for, and in operating as, a community health center, and in meeting requirements of subsection (e)(2) of this section.

(2) The Secretary shall make available to each grant recipient under this section a list of available Federal and non-Federal resources to improve the environmental and nutritional status of individuals in the recipient's catchment area.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 294a, 294e, 294f of this title.

§ 294e. Certificate of loan insurance

(a) Effective date of insurance

(1) If, upon application by an eligible lender, made upon such form, containing such information, and supported by such evidence as the Secretary may require, and otherwise in conformity with this section, the Secretary finds that the applicant has made a loan to an eligible borrower which is insurable under the provisions of this subpart, he may issue to the applicant a certificate of insurance covering the loan and setting forth the amount and terms of the insurance.

(2) Insurance evidenced by a certificate of insurance pursuant to subsection (a)(1) of this section shall become effective upon the date of issuance of the certificate, except that the Secretary is authorized, in accordance with regulations, to issue commitments with respect to proposed loans, or with respect to lines (or proposed lines) of credit, submitted by eligible lenders, and in that event, upon compliance with subsection (a)(1) of this section by the lender, the certificate of insurance may be issued effective as of the date when any loan, or any payment by the lender pursuant to a line of credit, to be covered by such insurance is made to a student described in section 294d(a)(1) of this title. Such insurance shall cease to be effective upon 60 days' default by the lender in the payment of any installment of the premiums payable pursuant to subsection (c) of this section.

[*See main edition for text of* (3)]

(b) Application for certificate of insurance by lender; contents; comprehensive insurance coverage certificate; loans payable beyond cutoff date in certificate

(1) In lieu of requiring a separate insurance application and issuing a separate certificate of insurance for each loan made by an eligible lender as provided in subsection (a) of this section, the Secretary may, in accordance with regulations consistent with section 294a of this title, issue to any eligible lender applying therefor a certificate of comprehensive insurance coverage which shall, without further action by the Secretary, insure all insurable loans made by that lender, on or after the date of the certificate and before a specified cutoff date, within the limits of an aggregate maximum amount stated in the certificate. Such regulations may provide for conditioning such insurance, with respect to any loan, upon compliance by the lender with such requirements (to be stated or incorporated by reference in the certificate) as in the Secretary's judgment will best achieve the purpose of this subsection while protecting the financial interest of the United States and promoting the objectives of this subpart, including (but not limited to) provisions as to the reporting of such loans and information relevant thereto to the Secretary and as to the payment of initial and other premiums and the effect of default therein, and in-

cluding provision for confirmation by the Secretary from time to time (through endorsement of the certificate) of the coverage of specific new loans by such certificate, which confirmation shall be incontestable by the Secretary in the absence of fraud or misrepresentation of fact or patent error.

(2) If the holder of a certificate of comprehensive insurance coverage issued under this subsection grants to a borrower a line of credit extending beyond the cutoff date specified in that certificate, loans or payments thereon made by the holder after that date pursuant to the line of credit shall not be deemed to be included in the coverage of that certificate except as may be specifically provided therein; but, subject to the limitations of section 294a of this title, the Secretary may, in accordance with regulations, make commitments to insure such future loans or payments, and such commitments may be honored either as provided in subsection (a) of this section or by inclusion of such insurance in comprehensive coverage under this subsection for the period or periods in which such future loans or payments are made.

[*See main edition for text of* (c)]

(d) Assignment of rights by lender; limitations

The rights of an eligible lender arising under insurance evidenced by a certificate of insurance issued to it under this section may be assigned by such lender, subject to regulation by the Secretary, only to (1) another eligible lender, or (2) the Student Loan Marketing Association.

(e) Loan consolidation by borrower; effect on loan insurance

The consolidation of the obligations of two or more federally insured loans obtained by a borrower in any fiscal year into a single obligation evidenced by a single instrument of indebtedness shall not affect the insurance by the United States. If the loans thus consolidated are covered by separate certificates of insurance issued under subsection (a) of this section, the Secretary may upon surrender of the original certificates issue a new certificate of insurance in accordance with that subsection upon the consolidated obligation. If the loans thus consolidated are covered by a single comprehensive certificate issued under subsection (b) of this section, the Secretary may amend that certificate accordingly.

§ 295f-1. Eligibility for capitation grants

(b) Medical schools

[*See main edition for text of (1)*]

(2)(A)(i) Unless, as determined under subparagraph (B), the number of filled first year positions on July 15, 1977, in direct or affiliated medical residency training programs in primary care is at least 35 percent of the number of filled first year positions on that date in all direct or affiliated medical residency training programs, to be eligible for a grant under section 295f of this title for the fiscal year ending

September 30, 1978, a school of medicine shall have on July 15, 1978, at least 35 percent of its filled first year positions, as determined under subparagraphs (C) and (D), in its direct or affiliated medical residency training programs in first year positions in such programs in primary care.

[*See main edition for text of* (*ii*) *and* (*iii*)]

(B) The Secretary shall determine what percent of all the positions filled, as of July 15, 1977, and July 15 of each subsequent year, in all direct or affiliated medical residency training programs are filled positions in such programs in primary care. In determining the number of such positions in primary care on July 15, 1977, or on July 15 of a subsequent year, the Secretary shall deduct from such number a number equal to the number of individuals who were in a first year position in any direct or affiliated medical residency training program in primary care as of July 15 of the previous year and who on the date for which the determination is to be made were not in any direct or affiliated medical residency training program in primary care. Each determination under this subparagraph shall, not later than the first December 31 occurring after the date for which the determination is made, be published in the Federal Register and reported in writing to each school of medicine in the States and to the Committee on Interstate and Foreign Commerce of the House of Representatives and to the Committee on Labor and Human Resources of the Senate.

(C) In determining if a school of medicine meets an applicable requirement of clause (i), (ii), or (iii) of subparagraph (A) for a fiscal year, the number of filled first year positions in direct or affiliated medical residency training programs of such school in primary care on July 15 in such fiscal year shall be reduced by the number of individuals who were in a first year position in a direct or affiliated medical residency training program of such school in primary care on July 15 in the previous fiscal year and who on July 15 in the fiscal year to which the requirement applies were not in a direct or affiliated medical residency training program of any school in primary care. Each determination, with respect to a school, under this subparagraph shall, not later than 45 days after the date on which the determination is made, be reported in writing to such school and to the Committee on Interstate and Foreign Commerce of the House of Representatives and to the Committee on Labor and Human Resources of the Senate.

[*See main edition for text of* (*D*)]

(E) The Secretary shall not make any grant under section 295f of this title to a school of medicine for any fiscal year if the Secretary, after providing notice and opportunity for a hearing, determines that such school—

[*See main edition for text of* (*i*) *and* (*ii*), (*F*)]

(3)(A) Except as provided under subparagraph (D), a school of medicine may not receive a grant under section 295f of this title to be made in the fiscal year ending September 30, 1978, unless its application for such grant contains or is supported by assurances satisfactory to the Secretary that such school will increase its enrollment of full-time, third-year students as prescribed by subparagraph (B).

(B) The enrollment increase referred to in subparagraph (A) is an enrollment increase in a school of medicine—

(i) which is to occur in school year 1978-1979,

(ii) in the number of full-time, third-year students over the number of full-time, second-year students who successfully completed the second-year program of such school in the preceding school year and enrolled in the third-year class of such school, and

(iii) which is not less than 5 per centum of the number of—

(I) full-time, first-year students enrolled in such school in school year 1977-1978, or

(II) full-time, third-year students enrolled in such school in school year 1977-1978,

whichever is less.

(C) In determining the number of full-time, third-year students enrolled in a school in a school year in which an increase is required by subparagraph (B)(i)—

(i) full-time, third-year students of such school who were not second-year students in such school and—

(I) who are not citizens of the United States,

(II) who were previously enrolled in a school of medicine to which the requirement of subparagraph (A) applies,

(III) who were previously enrolled in a school of medicine to which the requirement of subparagraph (A) does not apply because of subparagraph (D) and for whom a position in the third-year class of such school was available in such school year,

(IV) who first enrolled after October 12, 1976, in a school of medicine not in a State,

(V) who were previously enrolled in a school of dentistry or a school of osteopathy, or

(VI) who were previously enrolled in a school of medicine which is in a State and which is not accredited by the body or bodies approved for such purpose by the Commissioner of Education,

shall not be counted; and

(ii) full-time, second-year students enrolled in such year who are citizens of the United States and who were first enrolled before October 12, 1976, in a school of medicine not in a State shall be counted as third-year students.

(D) The Secretary may waive (in whole or in part) the requirement of subparagraph (A) for a school of medicine—

(i) if the Secretary determines, after receiving the written recommendation of the appropriate accreditation body or bodies (approved for such purpose by the Commissioner of Education) that compliance by such school with such requirement will prevent it from maintaining its accreditation;

(ii) upon a finding that, because of the inadequate size of the population served by the hospital or clinical facility in which such school conducts its clinical training, an increase in its enrollment of third-year students to meet such requirement will prevent it from providing high quality clinical training for each of its third-year students; or

(iii) if the Secretary determines that such school has made a good faith effort to meet the requirement of subparagraph (A) but has been unable to meet such requirement solely because there is an insufficient number of students who, under this paragraph, are eligible to be counted in determining if the school has met such requirement.

The requirement of subparagraph (A) does not apply to the application of a school of medicine for a grant under section 295f of this title if in school year 1977–1978 such school had an enrollment of full-time, first-year students which exceeded its enrollment in such school year of full-time, third-year students by at least 25 per centum.

(E) A school of medicine which did not receive a grant under section 295f of this title because it did not comply with the applicable requirements of this paragraph shall not be eligible to receive a grant under such section to be made in the fiscal year ending September 30, 1979, or in the next fiscal year.

[*See main edition for text of* (*c*)]

(d) Schools of dentistry

[*See main edition for text of* (*1*)]

(2) In the case of a school of dentistry which in school year 1976–1977 had at least six filled, first-year positions in dental specialty programs, in the school year beginning in the fiscal year ending September 30, 1978, and in each school year thereafter beginning in a fiscal year for which a grant under section 295f of this title is applied for, at least 70 percent of such a school's filled, first-year positions in dental specialty programs which are in excess of the number of filled, first-year positions in its programs in the school year beginning in the fiscal year ending September 30, 1977, shall be first-year positions in dental specialty programs in general dentistry or pedodontics.

[*See main edition for text of* (*3*) *and* (*4*)]

(5) The Secretary may—

(A) in the case of a school of dentistry which increased its enrollment of full-time first-year students in accordance with paragraph (3), waive (in whole or in part and under such conditions as the Secretary may prescribe) application of the requirement of subsection (a)(1) of this section that it maintain its increased enrollment of such students, and

(B) in the case of any school of dentistry, waive (in whole or in part) application of the requirement of any paragraph of this subsection,

if the Secretary determines determines,[1] after receiving the written recommendation of the appropriate accreditation body or bodies (approved for such purpose by the Commissioner of Education) that compliance by such school with such requirement will prevent it from maintaining its accreditation.

Subsec. (b)(3). Pub. L. 95–215, § 1(a), amended par. (3) generally and required schools of medicine, as a condition of capitation support, to increase their third-year enrollment in the 1978–1979 school year but, in making the increase, not to count transfer students who are not U.S. citizens, who are from medical schools which have a place for that student in the third year, who first enrolled in a foreign medical school after Oct. 12, 1976, who would be transferring from schools of dentistry or osteopathy, or who would be transferring from unaccredited U.S. schools of medicine, and authorized the Secretary to waive the requirement of an enrollment increase in certain cases.

L. 95–215, § 2, limited the requirement that, in order to be eligible for capitation grants, dental schools must provide assurances that at least 70 percent of any of the school's new residency programs be in general dentistry or pedodontics by adding provisions under which the requirement would be applicable only to dental schools which, in school year 1976-1977, had at least six first year positions in dental specialty programs.

(e) References to year class of students

For purposes of administering the requirements of section 295f-1 of this title, a reference to a year class of students is a reference to students enrolled in that class for the first time, except that a student who, for other than academic reasons, withdraws from a year class before the end of an academic year or does not complete an academic year shall not be considered as having been enrolled in a year class in that academic year.

In order to assist nonprofit private schools of nursing to carry out construction projects for training facilities, the Secretary may, during the period beginning July 1, 1971, and ending with the close of September 30, 1980, guarantee (in accordance with this section and subject to subsection (f) of this section) to non-Federal lenders or the Federal Financing Bank making loans to such schools for such construction projects payment when due of the principal of and interest on any loan for construction of such facilities if the loan was made to a school which is eligible (as determined under regulations of the Secretary) for a grant under this subpart to assist a construction project for such facilities. The Secretary may make commitments, on behalf of the United States, to make such loan guarantees prior to the making of such loans. No such loan guarantee may, except under such special circumstances and under such conditions as are prescribed by regulations, apply to any amount which, when added to any grant for construction under this subpart or any other law of the United States, exceeds 90 per centum of the cost of construction of the project.

(b) Restrictions on interest subsidy payments

In the case of any nonprofit private school of nursing which is eligible (as determined under regulations of the Secretary) for a grant under this subpart to assist a construction project for training facilities, and to whom a loan has been made by a non-Federal lender or the Federal Financing Bank to assist it in carrying out such project, the Secretary, during the period beginning July 1, 1971, and ending with the close of September 30, 1980, may, subject to subsection (f) of this section, pay to the holder of such loan (and for and on behalf of the school which received such loan) amounts sufficient to reduce by not to exceed 3 per centum per annum the net effective interest rate otherwise payable on such loan.

[*See main edition for text of* (*c*) *and* (*d*)]

(e) Establishment of loan guaranty and interest subsidy fund; authorization of appropriations; insufficient sums in fund

There is established in the Treasury a loan guarantee and interest subsidy fund (hereinafter in this subsection referred to as the "fund") which shall be available to the Secretary without fiscal year limitation, in such amounts as may be specified from time to time in appropriation Acts, (1) to enable him to discharge his responsibilities under guarantees issued by him under this section, and (2) for interest subsidy payments authorized by this section. There are authorized to be appropriated from time to time such amounts as may be necessary to provide the sums required for the fund; except that the amount appropriated for interest subsidy payments may not exceed $1,000,000 in the fiscal year ending June 30, 1972, $2,000,000 in the fiscal year ending June 30, 1973, $4,000,000 in the fiscal year ending June 30, 1974, or in the next fiscal year, $1,000,000 in fiscal year 1976, $1,000,000 in fiscal year 1977, and $1,000,000 in fiscal year 1978 and in each of the next two fiscal years. There shall also be deposited in the fund amounts received by the Secretary or other property or assets derived by him from his operations under this section, including any money derived from the sale of assets. If at any time the sums in the fund are insufficient to enable the Secretary to discharge his responsibilities under guarantees issued by him under this section or to make interest subsidy payments authorized by this section, he is authorized to issue to the Secretary of the Treasury notes or other obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions, as may be prescribed by the Secretary with the approval of the Secretary of the Treasury, but only in such amounts as may be specified from time to time in appropriation Acts. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the notes or other obligations. The Secretary of the Treasury shall purchase any notes and other obligations issued hereunder and for that purpose he may use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, and the purposes for which the securities may be issued under that Act are extended to include any purchase of such notes and obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this subsection. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States. Sums borrowed under this subsection shall be deposited in the fund and redemption of such notes and obligations shall be made by the Secretary from the fund.

SUBCHAPTER VIII-A—ADOLESCENT PREGNANCIES [NEW]

PART A—GRANT PROGRAM

PART REFERRED TO IN OTHER SECTIONS

This part is referred to in section 300a-41 of this title.

§ 300a-21. Congressional findings and declaration of purpose

(a) The Congress finds that—

(1) adolescents are at a high risk of unwanted pregnancy;

(2) in 1975, almost 1,000,000 adolescents became pregnant and nearly 600,000 carried their babies to term;

(3) pregnancy and childbirth among adolescents, particularly young adolescents, often results in severe adverse health, social, and economic consequences, including: a higher percentage of pregnancy and childbirth complications; a higher incidence of low-birth-weight babies; a higher frequency of developmental disabilities; higher infant mortality and morbidity; a decreased likelihood of completing schooling; a greater likelihood that adolescent marriage will end in divorce; and higher risks of unemployment and welfare dependency;

(4) an adolescent who becomes pregnant once is likely to experience rapid repeat pregnancies and childbearing, with increased risks;

(5) the problems of adolescent pregnancy and parenthood are multiple and complex and are best approached through a variety of integrated and essential services;

(6) such services, including a wide array of educational and supportive services, often are not available to the adolescents who need them, or are available but fragmented and thus of limited effectiveness in preventing pregnancies and future welfare dependency; and

(7) Federal policy therefor should encourage the development of appropriate health, educational, and social services where they are now lacking or inadequate, and the better coordination of existing services where they are available in order to prevent unwanted early and repeat pregnancies and to help adolescents become productive, independent contributors to family and community life.

(b) Therefore, the purposes of this subchapter are—

(1) to establish better coordination, integration, and linkages among existing programs in order to expand and improve the availability of, and access to, needed comprehensive community services which assist in preventing unwanted initial and repeat pregnancies among adolescents, enable pregnant adolescents to obtain proper care and assist pregnant adolescents and adolescent parents to become productive independent contributors to family and community life, with primary emphasis on services to adolescents who are 17 years of age and under and are pregnant or who are parents;

(2) to expand the availability of such services that are essential to that objective; and

(3) to promote innovative, comprehensive, and integrated approaches to the delivery of such services.

SUBCHAPTER XI—HEALTH MAINTENANCE ORGANIZATIONS

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in title 12 section 1721.

§ 300e. Requirements of health maintenance organizations

[*See main edition for text of* (*a*)]

(b) Manner of supplying basic and supplemental health services to members

A health maintenance organization shall provide, without limitations as to time or cost other than those prescribed by or under this subchapter, basic and supplemental health services to its members in the following manner:

(1) Each member is to be provided basic health services for a basic health services payment which (A) is to be paid on a periodic basis without regard to the dates health services (within the basic health services) are provided; (B) is fixed without regard to the frequency, extent, or kind of health service (within the basic health services) actually furnished; (C) except in the case of basic health services provided a member who is a full-time student (as defined by the Secretary) at an accredited institution of higher education, is fixed under a community rating system; and (D) may be supplemented by additional nominal payments which may be required for the provision of specific services (within the basic health services), except that such payments may not be required where or in such a manner that they serve (as determined under regulations of the Secretary) as a barrier to the delivery of health services. Such additional nominal payments shall be fixed in accordance with the regulations of the Secretary. A health maintenance organization may include a health service, defined as a supplemental health service by section 300e-1(2) of this title, in the basic health services provided its members for a basic health services payment described in the first sentence. In the case of an entity which before it became a qualified health maintenance organization (within the meaning of section 300e-9(d) of this title) provided comprehensive health services on a prepaid basis, the requirement of clause (C) shall not apply to such entity until the expiration of the forty-eight month period beginning with the month following the month in which the entity became such a qualified health organization. The requirements of this paragraph respecting the basic health services payment shall not apply to the provision of basic health services to a member for an illness or injury for which the member is entitled to benefits under a workmen's compensation law or an insurance policy but only to the extent such benefits apply to such services. For the provision of such services for an illness or injury for which a member is entitled to benefits under such a law, the health maintenance organization may, if authorized by such law, charge or authorize the provider of such services to charge, in accordance with the charges allowed under such law, the insurance carrier, employer, or other entity which under such law is to pay for the provision of such services or, to the extent that such member has been paid under such law for such services, such member. For the provision of such services for an illness or injury for which a member is entitled to benefits under an insurance policy, a health maintenance organization may charge or authorize the provider of such services to charge the insurance carrier under such policy or, to the extent that such member has been paid under such policy for such services, such member.

(2) For such payment or payments (hereinafter in this subchapter referred to as "supplemental health services payments") as the health maintenance organization may require

in addition to the basic health services payment, the organization may provide to each of its members any of the health services which are included in supplemental health services (as defined in section 300e-1(2) of this title). Supplemental health services payments which are fixed on a prepayment basis shall be fixed under a community rating system unless the supplemental health services payment is for a supplemental health service provided a member who is a full-time student (as defined by the Secretary) at an accredited institution of higher education, except that, in the case of an entity which before it became a qualified health maintenance organization (within the meaning of section 300e-9(d) of this title) provided comprehensive health services on a prepaid basis, the requirement of this sentence shall not apply to such entity during the forty-eight month period beginning with the month following the month in which the entity became such a qualified health maintenance organization.

(3)(A) Except as provided in subparagraph (B), the services of a physician which are provided as basic health services shall be provided through—

(i) members of the staff of the health maintenance organization,

(ii) a medical group (or groups),

(iii) an individual practice association (or associations),

(iv) subject to subparagraph (C), physicians or other health professionals who have contracted with the health maintenance organization for the provision of such services, or

(v) any combination of such staff, medical group (or groups), individual practice association (or associations) or physicians or other health professionals under contract with the organization.

(B)(i) Subparagraph (A) does not apply to the provision of the services of a physician—

(I) which the health maintenance organization determines, in conformity with regulations of the Secretary, are unusual or infrequently used, or

(II) which are provided a member of the organization in a manner other than that prescribed by subparagraph (A) because of an emergency which made it medically necessary that the service be provided to the member before it could be provided in a manner prescribed by subparagraph (A).

(ii) In a forty-eight-month period beginning after the month in which a health maintenance organization becomes a qualified health maintenance organization (within the meaning of section 300e-9(d) of this title, the organization may provide the services of physicians through an entity which but for the requirement of section 300e-1(4)(C)(i) of this title would be a medical group for the purposes of this subchapter. After the expiration of such period, the organization may provide physician services through such an entity only if authorized by the Secretary in accordance with regulations which take into consideration the unusual circumstances of such entity.

(C) After the expiration of the first four fiscal years of a health maintenance organization beginning after the month in which it became a qualified health maintenance organization (within the meaning of section 300e-9(d) of this title), the organization may not enter into contracts with physicians other than members of staff, medical groups, or individual practice associations if the amounts paid under such contracts for basic and supplemental health services provided by physicians exceed 15 per centum of the total estimated amount to be paid in such fiscal year by the health maintenance organization to physicians for the provision of basic and supplemental health services by physicians, or, if the health maintenance organization principally serves a rural area, 30 per centum of such amount, except that this subparagraph does not apply to the entering into contracts for the purchase of physician services through an entity which, but for the requirements of section 300e-1(4)(C)(i) of this title, would be a medical group for the purposes of this subchapter.

(D) Contracts between a health maintenance organization and health professionals for the provision of basic and supplemental health services shall include such provisions as the Secretary may require (including provisions requiring appropriate continuing education).

(E) For purposes of this paragraph the term "health professional" means physicians, dentists, nurses, podiatrists, optometrists, and such other individuals engaged in the delivery of health services as the Secretary may by regulation designate.

(4) Basic health services (and only such supplemental health services as members have contracted for) shall within the area served by the health maintenance organization be available and accessible to each of its members promptly as appropriate and in a manner which assures continuity, and when medically necessary be available and accessible twenty-four hours a day and seven days a week. A member of a health maintenance organization shall be reimbursed by the organization for his expenses in securing basic and supplemental health services other than through the organization if the services were medically necessary and immediately required because of an unforeseen illness, injury, or condition.

(5) To the extent that a natural disaster, war, riot, civil insurrection, or any other similar event not within the control of a health maintenance organization (as determined under regulations of the Secretary) results in the facilities, personnel, or financial resources of a health maintenance organization not being available to provide or arrange for the provision of a basic or supplemental health service in accordance with the requirements of paragraphs (1) through (4) of this subsection, such requirements only require the organization to make a good-faith effort to provide or arrange for the provision of such serv-

ice within such limitation on its facilities, personnel, or resources.

(c) Organization, practices, and activities

Each health maintenance organization shall—

(1)(A) have a fiscally sound operation and adequate provision against the risk of insolvency which is satisfactory to the Secretary, and (B) have administrative and managerial arrangements satisfactory to the Secretary;

[*See main edition for text of* (2)]

(3)(A) enroll persons who are broadly representative of the various age, social, and income groups within the area it serves, except that in the case of a health maintenance organization which has a medically underserved population located (in whole or in part) in the area it serves, not more than 75 per centum of the members of that organization may be enrolled from the medically underserved population unless the area in which such population resides is also a rural area (as designated by the Secretary), and (B) carry out enrollment of members who are entitled to medical assistance under a State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] in accordance with procedures approved under regulations promulgated by the Secretary;

[*See main edition for text of* (4) *and* (5)]

(6)(A) in the case of a private health maintenance organization, be organized in such a manner that assures that (i) at least one-third of the membership of the policymaking body of the health maintenance organization will be members of the organization, and (ii) there will be equitable representation on such body of members from medically underserved populations served by the organization, and (B) in the case of a public health maintenance organization, have an advisory board to the policymaking body of the public entity operating the organization which board meets the requirements of clause (A) of this paragraph and to which may be delegated policymaking authority for the organization;

AMENDMENTS

1979—Subsec. (b)(3). Pub. L. 96-32 amended directory language of section 11(a) of Pub. L. 95-559 by substituting reference to section "1301" for "1310" of the Public Health Service Act, as the section to be amended, and required no change in text because the amendment made by Pub. L. 95-559 had been executed to this section as the probable intent of Congress.

1978—Subsec. (b)(1). Pub. L. 95-559, §§ 10(a), 11(b), inserted "except in the case of basic health services provided a member who is a full-time student (as defined by the Secretary) at an accredited institution of higher education," following "the requirement of clause (C)" and added provisions permitting the health maintenance organization to seek reimbursement for the cost of services provided to a member who is entitled to benefits under a workmen's compensation law or insurance policy.

Subsec. (b)(3). Pub. L. 95-559, § 11(a), as amended by Pub. L. 96-32, added provisions limiting the health maintenance organization from entering into contracts for health services with physicians other than members of the staff of the health maintenance organization, medical groups, or individual practice associations. See codification note set out above.

L. 95-559, § 11(c), substituted "basic and supplemental" for "basic or supplemental" and "if the services were medically necessary and immediately required because of an unforeseen illness, injury, or condition" for "if it was medically necessary that the services be provided before it could secure them through the organization".

Subsec. (b)(5). Pub. L. 95-559, § 11(d), added par. (5).

Subsec. (c)(1). Pub. L. 95-559, § 10(b), designated existing provisions as subpar. (A) and added subpar. (B).

Such term does not include a health service which the Secretary, upon application of a health maintenance organization, determines is unusual and infrequently provided and not necessary for the protection of individual health. The Secretary shall publish in the Federal Register each determination made by him under the preceding sentence. (12) The identification and discontinuance of duplicative or unneeded services and facilities.

(13) The adoption of policies which will (A) contain the rapidly rising costs of health care delivery, (B) insure more appropriate use of health care services, and (C) promote greater efficiency in the health care delivery system.

(14) The elimination of inappropriate placement in institutions of persons with mental health problems and the improvement of the quality of care provided those with mental health problems for whom institutional care is appropriate.

(15) Assurance of access to community mental health centers and other mental health care providers for needed mental health services to emphasize the provision of outpatient as a preferable alternative to inpatient mental health services.

(16) The promotion of those health services which are provided in a manner cognizant of the emotional and psychological components of the prevention and treatment of illness and the maintenance of health.

(17) The strengthening of competitive forces in the health services industry wherever competition and consumer choice can constructively serve, in accordance with subsection (b) of this section, to advance the purposes of quality assurance, cost effectiveness, and access.

(b)(1) The Congress finds that the effect of competition on decisions of providers respecting the supply of health services and facilities is diminished. The primary source of the lessening of such effect is the prevailing methods of paying for health services by public and private health insurers, particularly for inpatient health services and other institutional health services. As a result, there is duplication and excess supply of certain health services and facilities, particularly in the case of inpatient health services.

(2) For health services, such as inpatient health services and other institutional health services, for which competition does not or will not appropriately allocate supply consistent with health systems plans and State health plans, health systems agencies and State health planning and development agencies should in the exercise of their functions under this subchapter take actions (where appropriate to advance the purposes of quality assurance, cost effectiveness, and access and the other purposes of this subchapter) to allocate the supply of such services.

(3) For the health services for which competition appropriately allocates supply consistent with health systems plans and State health plans, health systems agencies and State health planning and development agencies should in the performance of their functions under this subchapter give priority (where appropriate to advance the purposes of quality assurance, cost effectiveness, and access) to actions which would strengthen the effect of competition on the supply of such services.

PART B—HEALTH SYSTEMS AGENCIES

§ 300*l*. Health service areas

(a) Requirements; factors considered in establishing boundaries

Except as provided in section 300n-5 of this title, there shall be established, in accordance with this section, health service areas throughout the United States with respect to which health systems agencies shall be designated under section 300*l*-4 of this title. Each health service area shall meet the following requirements:

[*See main edition for text of* (*1*) *to* (*4*)]

The boundaries of a health service area shall be established so that, in the planning and development of health services to be offered within the health service area, any economic or geographic barrier to the receipt of such services in nonmetropolitan areas is taken into account. The boundaries of health service areas shall be established so as to recognize the differences in health planning and health services development needs between non-metropolitan and metropolitan areas. Each standard metropolitan statistical area shall be entirely within the boundaries of one health service area, except that if the Governor of each State in which a standard metropolitan statistical area is located determines, with the approval of the Secretary, that in order to meet the other requirements of this subsection a health service area should contain only part of the standard metropolitan statistical area, then such statistical area shall not be required to be entirely within the boundaries of such health service area.

(b) Notice to State governors; publication in Federal Register; boundary designations; revision; review by Secretary; consultations; hearing

[*See main edition for text of* (*1*) *to* (*3*)]

(4) The Secretary shall review on his own initiative or at the request of any Governor or designated health systems agency the appropriateness of the boundaries of the health service areas established under paragraph (3) and, if he determines that—

(A) the boundaries for a health service area no longer meet the requirements of subsection (a) of this section, or

(B) the boundaries for a proposed revised health service area meet the requirements of subsection (a) of this section in a significantly more appropriate manner in terms of the efficiency and effectiveness of health planning efforts,

he shall revise the boundaries in accordance with the procedures prescribed by paragraph (3)(B)(ii). If the Secretary acts on his own initiative to revise the boundaries of any health service area, he shall consult with the Governor of the State or States which would be affected by the revision, the chief executive officer or agency of the political subdivisions within such State or States, and the designated health systems agency or agencies and the established Statewide Health Coordinating Council or Councils that would be affected by the revision. A Governor may request a revision of the boundaries of a health service area only after consultation with the Governor of any other State or States that would be affected by the revision, the chief executive officer or agency of the political subdivisions within such State or States, and the designated health systems agencies and the established Statewide Health Coordinating Council or Councils that would be affected by the revision and shall include in such request the comments concerning the proposed revision made by such individuals and entities. A designated health systems agency may request a revision of the boundaries of its health service area only after consultation with the Governor of the State or States that would be affected by the revision, the chief executive officer or agency of the political subdivisions within such State or States, the Statewide Health Coordinating Council of such State or States, and the health systems agencies that would be affected by the revision and shall include in such request the comments concerning the proposed revision made by such individuals and entities. No proposed revision of the boundaries of a health service area shall comprise an entire State without the prior consent of the Governor of such State. In addition, for each proposed revision of the boundaries of a health service area, the Secretary shall give notice and an opportunity for a hearing to all interested persons and make a written determination of his findings and decision.

(c) Repealed. Pub. L. 96-79, title I, § 104(b), Oct. 4, 1979, 93 Stat. 595

(As amended Aug. 1, 1977, Pub. L. 95-83, title I, § 106(b), 91 Stat. 384; Oct. 4, 1979, Pub. L. 96-79, title I, § 104(a)(1), (b), 93 Stat. 595.)

AMENDMENTS

1979—Subsec. (b)(4). Pub. L. 96-79, § 104(a)(1), authorized the Secretary to review on his own or at the request of any governor the appropriateness of boundaries of health service areas and to revise those boundaries if the boundaries for a proposed revised health service area meet the requirements of subsec. (a) of this section in a significantly more appropriate manner in terms of the efficiency and effectiveness of health planning efforts and required the Secretary to give notice and an opportunity for a hearing to all interested parties and make a written determination of his findings and decision for each proposed revision of the boundaries of a health service area.

Subsec. (c). Pub. L. 96-79, § 104(b), struck out subsec. (c), which provided that an area for which a comprehensive regional, metropolitan area, or other local area plan had been developed and which otherwise met the requirements of subsec. (a) of this section was to be designated by the Secretary as a health service area unless the governor of any State in which the area was located, upon the finding that another area would be more appropriate region for the effective planning and development of health resources, waived such requirement.

1977—Subsec. (a). Pub. L. 95-83 inserted the introductory exception phrase.

[*See main edition for text of* (*1*) *and* (*2*)]

(3) restraining increases in the cost of providing them health services,

(4) preventing unnecessary duplication of health resources, and

(5) preserving and improving, in accordance with section 300k-2(b) of this title, competition in the health service area,

each health systems agency shall have as its primary responsibility the provision of effective health planning for its health service area and the promotion of the development within the area of health services, manpower, and facilities which meet identified needs, reduce documented inefficiencies, and implement the health plans of the agency. None of the funds authorized to be appropriated under this subchapter may be used by a health systems agency directly to pay any individual to influence the issuance, amendment, or revocation of any Executive order or regulation by any Federal, State, or local chief executive officer or agency or to influence the passage, amendment or defeat of any legislation by the Congress or by any State or local legislative body. The preceding sentence does not apply with respect to compensation paid by a health systems agency to an employee of the agency unless the primary responsibility of the employee for the agency is to influence such governmental action. To meet its primary responsibility, a health systems agency shall carry out the functions described in subsections (b) through (g) of this section.

(b) Health Systems and Annual Implementation Plans; establishment; review

In providing health planning and resources development for its health service area, a health systems agency shall perform the following functions:

(1) The agency shall assemble and analyze data concerning—

[*See main edition for text of* (*A*) *to* (*F*)]

The agency shall also assemble and report to the Secretary such data (including data on the personnel, facilities, and other resources needed to meet the goals set forth in the agency's health system plan) as the Secretary may require to carry out his responsibilities under section 300k-1(e) of this title. The Secretary may not require the assembling and reporting of data under this paragraph which is regularly collected by any entity of the Department of Health, Education, and Welfare under a provision of law other than this subchapter. In carrying out this paragraph, the agency shall to the maximum extent practicable use existing data (including data developed under Federal health programs) and coordinate its activities with the cooperative system provided for under section 242k(e) of this title.

(2) The agency shall, after appropriate consideration of the recommended national guidelines for health planning policy issued by the Secretary under section 300k-1 of this title, the priorities set forth in section 300k-2 of this title, and the data developed pursuant to paragraph (1), establish, annually review, and amend as necessary a health systems plan (hereinafter in this subchapter referred to as the "HSP") which shall be a detailed statement of goals (A) describing a healthful environment and health systems in the area which, when developed, will assure that quality health services will be available and accessible in a manner which assures continuity of care, at reasonable cost, for all residents of the area; (B) which are responsive to the unique needs and resources of the area; and (C) which take into account the national guidelines for health planning policy issued by the Secretary under section 300k-1 of this title respecting supply, distribution, and organization of health resources and services. Before establishing an HSP a health systems agency shall conduct a public hearing on the proposed HSP and shall give interested persons an opportunity to submit their views orally and in writing. Not less than thirty days prior to such hearing, the agency shall publish in at least two newspapers of general circulation throughout its health service area a notice of its consideration of the proposed HSP, the time and place of the hearing, the place at which interested persons may consult the HSP in advance of the hearing, and the place and period during which to submit written comments to the agency on the HSP. If the health systems agency is a public regional planning body or unit of general local government, the planning body or unit of government shall be given a reasonable opportunity to comment on the proposed HSP and to proposed additions to and other revisions in it. Any such proposed additions or other revisions not included in the HSP established by the agency shall be appended to the HSP. If the goals contained in the HSP are not consistent with guidelines issued by the Secretary under section 300k-1 of this title, it shall provide the State health planning and development agency and the Secretary with a detailed statement of the reasons for the inconsistency between such goals and guidelines. When making such HSP available to a Statewide Health Coordinating Council under section 300m-3(c)(2)(A) of this title, the agency shall also report such statement to such Council.

Such grants and contracts shall be made from the Area Health Services Development Fund of the agency established with funds provided under grants made under section 300t of this title. No grants or contract under this subsection may be used (A) to pay the costs incurred by an entity or individual in the delivery of health services (as defined in regulations of the Secretary), or (B) for the cost of construction or modernization of medical facilities. No single grant or contract made or entered into under this paragraph shall be available for obligation beyond the one year period beginning on the date the grant or contract was made or entered into unless another grant or contract is made or entered into, in which case the funds under the first grant or contract shall remain available for the period of the second grant or contract. Funds from a first grant or contract which remain available for obligation in the period of a second grant or contract shall not be considered in determining the amount of the second grant or contract. If an individual or entity receives a grant or contract under this paragraph for a project or program, such individual or entity may receive only one more such grant or contract for such project or program.

(d) Coordination of activities with other agencies

Each health systems agency shall coordinate its activities with—

[*See main edition for text of* (*1*) *and* (*2*)]

(e) Approval of use of federal funds

(1)(A) Except as provided in subparagraph (B), each health systems agency shall review and approve or disapprove each proposed use within its health service area of Federal funds—

The HSP of the agency shall include goals for the delivery of mental health services in its health service area which goals shall be developed under a procedure under which persons (acting as an advisory group or subcommittee appointed by the agency or, if the agency requests and is authorized by the Secretary to use an existing group, acting as part of such a group) knowledgeable about such services (including services for alcohol and drug abuse) will be consulted with respect to such goals. The HSP shall describe the number and type of resources, including facilities, personnel, major medical equipment, and other resources required to meet the goals of the HSP and shall state the extent to which existing health care facilities are in need of modernization, conversion to other uses, or closure and the extent to which new health care facilities need to be constructed or acquired. Before establishing or amending an HSP and in its review of an HSP, a health systems agency shall conduct a public hearing on the proposed HSP and shall give interested persons an opportunity to submit their views orally and in writing. Not less than thirty days prior to such hearing, the agency shall publish in at least two newspapers of general circulation throughout its health service area a notice of its consideration of the proposed HSP, the time and place of the hearing, the place at which interested persons may consult the HSP in advance of the hearing, and the place and period during which to submit written comments to the agency on the HSP. Any such proposed additions or other revisions not included in the HSP established by the agency shall be appended to the HSP. If the goals contained in the HSP are not consistent with guidelines issued by the Secretary under section 300k-1 of this title, it shall provide the State health planning and development agency and the Secretary with a detailed statement of the reasons for the inconsistency between such goals and guidelines. When making such HSP available to a Statewide Health Coordinating Council under section 300m-3(c)(2)(A) of this title, the agency shall also report such statement to such Council.

(3) The agency shall establish, annually review, and amend as necessary an annual implementation plan (hereinafter in this subchapter referred to as the "AIP") which describes objectives which will achieve the goals of the HSP (as stated in the HSP of the agency or, if revised under section 300m-3(c)(2)(A) of this title when included in the State health plan, as so revised) and priorities among the objectives. In establishing the AIP, the agency shall give priority to those objectives which will maximally improve the health of the residents of the area, as determined on the basis

of the relation of the costs of attaining such objectives to their benefits, and which are fitted to the special needs of the area. The AIP shall include a statement of the personnel, facilities, and other resources which the agency determines are required to meet the objectives described pursuant to the first sentence. The AIP shall be established, annually reviewed, and amended in accordance with the procedures set forth in the last two sentences of paragraph (2). The Governor, after taking into consideration such State Agency's comments (if any), may make such Federal funds available for such use, notwithstanding the disapproval of the health systems agency. Each such decision by the Governor to make funds available shall be submitted to the appropriate health systems agency and State health planning and development agency and shall contain a detailed statement of the reasons for the decision.

Subsec. (b)(1). Pub. L. 95–83, § 106(g), corrected margin indent of last sentence of par. (1) to be part of par. (1) rather than to appear to be part of the introductory subsec. (b) text, which has been so executed in the main edition, thus requiring no change in this supplement.

§ 300*l*–4. Designation of health systems agencies

[*See main edition for text of* (*a*)]

(b) Conditional designation

[*See main edition for text of* (*1*)]

(2) During any period of conditional designation (which, except as otherwise provided in this paragraph, may not exceed 24 months), the Secretary may require that the entity conditionally designated meet only such of the requirements of section 300*l*–1(b) of this title and perform only such of the functions prescribed by section 300*l*–2 of this title as he determines such entity to be capable of meeting and performing. The Secretary may, upon application of a conditionally designated entity, extend for an additional period of not to exceed 12 months the period of such entity's conditional designation if the Secretary determines that (A) unusual circumstances exist or existed which prevent such entity from qualifying for designation under subsection (c) of this section within 24 months of such entity's conditional designation under this subsection, (B) such extension should enable such entity to qualify for designation under subsection (c) of this section, and (C) such extension is necessary to carry out the purposes of this subchapter. Each such determination shall be in writing and shall include a summary of the reasons for it. The number and type of such requirements and functions shall, during the period of conditional designation, be progressively increased as the entity conditionally designated becomes capable of added responsibility so that, by the end of such period, the agency may be considered for designation under subsection (c) of this section.

[*See main edition for text of* (*3*)]

(4) The Secretary may not enter into an agreement with any entity under paragraph (1)

for conditional designation as a health systems agency for a health service area until—

[*See main edition for text of* (*A*) *to* (*C*)]

In considering such applications, the Secretary shall give priority to any application which has been recommended by a Governor or a Statewide Health Coordinating Council for approval. When the Secretary enters into an agreement with an entity under paragraph (1), the Secretary shall notify the Governor of the State in which such entity is located of such agreement.

(c) Agreement for designation; termination of agreement; return to conditional designation status; renewals

(1)(A) The Secretary shall enter into an agreement with an entity for its designation as a health systems agency if, on the basis of an application under paragraph (2) (and, in the case of an entity conditionally designated, on the basis of its performance during a period of conditional designation under subsection (b) of this section as a health systems agency for a health service area), the Secretary determines that such entity is capable of fulfilling, in a satisfactory manner, the requirements and functions of a health systems agency. Any such agreement under this subsection with an entity may be renewed in accordance with paragraph (3), shall contain such provisions respecting the requirements of sections 300*l*-1(b) and 300*l*-2 of this title and such conditions designed to carry out the purpose of this subchapter, as the Secretary may prescribe, and shall be for a term of not to exceed thirty-six months; except that, prior to the expiration of such term, such agreement may be terminated—

(i) by the entity at such time and upon such notice to the Secretary as he may by regulation prescribe, or

(ii) by the Secretary if the Secretary determines, in accordance with subparagraph (B), that the entity is not complying with the provisions of such agreement.

A designation agreement under this subsection may be terminated by the Secretary before the expiration of its term if the health service area with respect to which the agreement was entered into is revised under section 300*l*(b)(4) of this title and the Secretary determines, after consultation with the Governor and Statewide Health Coordinating Council of each State in which the health service area (as revised) is located, that the health systems agency designated under such agreement cannot effectively carry out the agreement for the area (as revised). In terminating an agreement under the preceding sentence, the Secretary may provide that the termination not take effect before an agreement for the designation of a new agency takes effect and shall provide the agency designated under the agreement to be terminated an opportunity to terminate its affairs in a satisfactory manner.

(B) Before the Secretary may terminate, under subparagraph (A)(ii), an agreement with an entity for designation as the health systems agency for a health service area, the Secretary shall—

(i) consult with the Governor and the Statewide Health Coordinating Council of each State in which is located the health service area respecting the proposed termination,

(ii) give the entity notice of the intention to terminate the agreement and in the notice specify with particularity (I) the basis for the determination of the Secretary that the entity is not in compliance with the agreement, and (II) the actions that the entity should take to come into compliance with the agreement, and

(iii) provide the entity with a reasonable opportunity for a hearing, before an officer or employee of the Department of Health, Education, and Welfare designated for such purpose, on the matter specified in the notice.

The Secretary may not terminate such an agreement before consulting with the National Council on Health Planning and Development respecting the proposed termination. Before the Secretary may permit the term of an agreement to expire without renewing the agreement, the Secretary shall make the consultations prescribed by clause (i) and the preceding sentence, give the entity with which the agreement was made notice of the intention not to renew the agreement and the reasons for not renewing the agreement, and provide, as prescribed by clause (iii), the entity an opportunity for a hearing on the matter specified in the notice.

(2) The Secretary may not enter into an agreement with any entity under paragraph (1) for designation as a health systems agency for a health service area unless the entity has submitted an application to the Secretary for designation as a health systems agency, and the Governor of each State in which the area is located has been consulted respecting such designation of such entity. Such an application shall contain assurances satisfactory to the Secretary that the applicant meets the requirements of section 300*l*-1(b) of this title and is qualified to perform or is performing the functions prescribed by section 300*l*-2 of this title. In considering such applications, the Secretary shall give priority to any application which has been recommended by a Governor or a Statewide Health Coordinating Council for approval.

(3)(A) An agreement under this subsection for the designation of a health systems agency may be renewed by the Secretary for a period not to exceed thirty-six months if upon review (as provided in section 300n-4 of this title) of the agency's operation and performance of its functions, he determines that it has fulfilled, in a satisfactory manner, the functions of a health systems agency prescribed by section 300*l*-2 of this title during the period of the agreement to be renewed and continues to meet the requirements of section 300*l*-1(b) of this title.

(B) If upon a review under section 300n-4 of this title of the agency's operation and performance of its functions, the Secretary determines that it has not fulfilled, in a satisfactory manner, the functions of a health systems agency prescribed by section 300*l*-2 of this title during the period of the agreement to be renewed or does not continue to meet the requirements of section 300l-1(b) of this title, he may terminate such agreement or return such agency to a conditionally designated status under subsection (b) of this section for a period not to exceed twelve months. At the end of such period, the Secretary shall either terminate the agreement with such agency or enter into an agreement with such agency under paragraph (1). The Secretary may not terminate an agreement or return an agency to a conditionally designated status unless the Secretary has—

(i) provided the agency with notice of his intent to return it to a conditional status or terminate the agreement with the agency and included in that notice specification of any functions which the Secretary has determined the agency did not satisfactorily fulfill and of any requirements which the Secretary has determined the agency has not met;

(ii) provided the agency with a reasonable opportunity for a hearing, before an officer or employee of the Department of Health, Education, and Welfare designated for such purpose, on the action proposed to be taken by the Secretary; and

(iii) in the case of a proposed termination of an agreement, consulted with the National Council on Health Planning and Development respecting the termination.

(4) Before renewing an agreement with a health systems agency under this subsection, the Secretary shall provide the State health planning and development agency of the State in which the health systems agency is located an opportunity to comment on the performance of such agency and to provide a recommendation on whether such agreement should be renewed and whether the agency should be returned to a conditional status as authorized by paragraph (3).

(5) If the Secretary enters into an agreement under this subsection with an entity or renews such an agreement, the Secretary shall notify the Governor of the State in which such entity is located of the agreement, and any renewal of the agreement.

(d) Substitution on termination of agreements

If a designation agreement under subsection (b) or (c) of this section of a health systems agency for a health service area is terminated before the date prescribed for its expiration or is not renewed, the Secretary shall, upon application and in accordance with subsection (b) or (c) of this section (as the Secretary determines appropriate), enter into a designation agreement with another entity to be the health system agency for such area.

(As amended Aug. 1, 1977, Pub. L. 95-83, title I, § 106(k), 91 Stat. 385; Dec. 19, 1977, Pub. L. 95-215, § 6(a)(1), 91 Stat. 1507; Oct. 4, 1979, Pub. L. 96-79, title I, § 105(a)-(c), (d)(1)(A), (2), (e), (g), (h), 93 Stat. 596-598.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 254e, 254f, 254j, 300d, 300d-5, 300l, 300l-2, 300l-3, 300l-5, 300t, 1320a, 3012 of this title.

§ 300l-5. Planning grants

(a) Conditions; availability of funds for succeeding fiscal year; restriction on use of funds

The Secretary shall make in each fiscal year a grant to each health systems agency with which there is in effect a designation agreement under subsection (b) or (c) of section 300l-4 of this title. A grant under this subsection shall be made on such conditions (including submission of the health systems agency's budget) as the Secretary determines is appropriate, shall be used by a health systems agency for compensation of agency personnel, collection of data, planning and the performance of the functions of the agency. Funds under a grant which remain available for obligation at the end of the fiscal year in which the grant has been made shall remain available for obligation in the succeeding fiscal year, except that (1) no funds under any grant to an agency may be obligated in any period in which a designation agreement is not in effect for such agency, and (2) notwithstanding clause (1), a grant made to a conditionally designated entity with which the Secretary will not enter into a designation agreement under section 300l-4(c) of this title shall be available for obligation for such additional period as the Secretary determines such entity will require to satisfactorily terminate its activities under the agreement for its conditional designation. A health systems agency may use funds under a grant under this subsection to make payments under contracts with other entities to assist the health systems agency in the performance of its functions; but it shall not use funds under such a grant to make payments under a grant or contract with another entity for the development or delivery of health services or resources.

(b) Amount to be determined by Secretary

The amount of any grant under subsection (a) of this section to a health systems agency designated under section 300l-4(b) of this title shall be determined by the Secretary.

(c) Maximum and minimum grants; reduction by Secretary

(1) Except as provided in paragraph (2), the amount of a grant under subsection (a) of this section to a health systems agency designated under section 300l-4(c) of this title shall be the greater of the amount determined under subparagraph (A), (B), or (C) as follows:

(A) The amount of a grant to a health systems agency shall be the lesser of—

(i) the product of $0.60 and the population of the health service area for which the agency is designated, or

(ii) $3,750,000.

(B)(i) If the application of the health systems agency for such grant states that the agency, in its latest fiscal year ending before the period in which such grant will be available for obligation, collected non-Federal funds meeting the requirements of clause (ii) for the purposes for which such grant may be made, the amount of such grant shall be the sum of—

(I) the amount determined under subparagraph (A) or (C), whichever is applicable, and

(II) the lesser of the amount of such non-Federal funds or $200,000 or the product of $0.25 and the population of the health service area for which the agency is designated, whichever is greater.

(ii) The non-Federal funds which an agency may use for the purpose of obtaining a grant under subsection (a) of this section which is computed on the basis of the formula prescribed by clause (i) shall be funds which are not paid to the agency for the performance of particular services by it and which are otherwise contributed to the agency without conditions as to their use other than the condition that the funds shall be used for the purposes for which a grant made under this section may be used.

(C) The amount of a grant to a health systems agency may not be less than—

(i) in the case of a grant made in the fiscal year ending September 30, 1979, $175,000 and, to the extent appropriations are specifically made after October 1, 1979, to provide the additional amount authorized by this clause, an amount which bears the same ratio to $50,000 as the number of days beginning in the period beginning on October 1, 1979, and ending on the date of the period for which the grant was made bears to 365,

(ii) $225,000 in the case of a grant made in the fiscal year ending September 30, 1980,

(iii) $245,000 in the case of a grant made in the fiscal year ending September 30, 1981, and

(iv) $260,000 in the case of a grant made in any succeeding fiscal year.

(2) If the Secretary determines, after review of the budget of a health systems agency and after consultation with the State health planning and development agency of the State in which such agency is located, that the amount of a grant which is to be made to the agency in accordance with paragraph (1) is in excess of the amount needed by the agency to adequately perform its functions under its designation agreement, the amount of the grant to the agency shall be such amount as the Secretary determines the agency needs for the performance of such functions.

(d) Authorization of appropriations; extraordinary expenses; pro rata reduction in amount of grant

(1) For the purpose of making payments pursuant to grants made under subsection (a) of this section, there are authorized to be appropriated $60,000,000 for the fiscal year ending June 30, 1975, $90,000,000 for the fiscal year ending June 30, 1976, $125,000,000 each for the fiscal years ending September 30, 1977, and September 30, 1978, $150,000,000 for the fiscal year ending September 30, 1980, $165,000,000 for the fiscal year ending September 30, 1981, and $185,000,000 for the fiscal year ending September 30, 1982.

(2) Of the amount appropriated under paragraph (1) for any fiscal year, the Secretary may

use not more than 5 per centum of such amount to increase the amount of grants in such fiscal year to health systems agencies under subsection (a) of this section to assist the agencies in meeting extraordinary expenses (including extraordinary expenses resulting from an agency's health service area being located in more than one State or from an agency serving a large rural or urban medically underserved population or a geographically large health service area) which would not be covered under the amount of a grant that would be available to an agency under subsection (c) of this section and in improving their performance as a result of the development and implementation of innovative health planning techniques.

(3) Notwithstanding subsection (c)(1) of this section, if the total of the amounts appropriated under paragraph (1) for any fiscal year (reduced by the amount to be retained by the Secretary for use under paragraph (2)) is less than the amount required to make grants to each health system agency designated under section 300*l*-4(c) of this title in the amount prescribed for such agency by subparagraph (A), (B), or (C) of subsection (c)(1) of this section, the Secretary shall make a pro rata reduction in the amount of the grant to each such agency, but, to the extent of available appropriations, no such agency shall receive a grant in an amount less than the amount prescribed by such subparagraph (C) for such fiscal year.

(As amended Aug. 1, 1977, Pub. L. 95-83, title I, § 102(a), 91 Stat. 383; Dec. 19, 1977, Pub. L. 95-215, § 6(a)(2), 91 Stat. 1507; Oct. 4, 1979, Pub. L. 96-79, title I, §§ 106, 107(b), 127(a), 93 Stat. 598, 600, 629.)

Subsec. (b). Pub. L. 96-79, § 106(a), substituted provision authorizing the Secretary to determine the amount of the grant for provision specifying criteria for determining maximum and minimum grants.

Subsec. (c). Pub. L. 96-79, § 106(a), added subsec. (c) and redesignated former subsec. (c) as (d).

Subsec. (d). Pub. L. 96-79, §§ 106(a), (b), 127(a), redesignated former subsec. (c) as (d), and in subsec. (d) as so redesignated, inserted in par. (2), provision authorizing the Secretary to use not more than 5 per centum of the amount appropriated for any fiscal year to increase the amount of grants in such fiscal year to assist agencies in meeting extraordinary expenses for provision specifying a ratio formula for reduction in the amount of grants when the total amount of grants in any fiscal year exceeds the amount appropriated, and added par. Subsec. (c)(1). Pub. L. 95-83 substituted "each for the fiscal years ending September 30, 1977, and September 30, 1978" for "for the fiscal year ending June 30, 1977".

PART C—STATE HEALTH PLANNING AND DEVELOPMENT

§ 300m. Designation of State health planning and development agencies

(a) Authority of Secretary to enter into agreements

For the purpose of the performance within each State of the health planning and development functions prescribed by section 300m-2 of this title, the Secretary shall enter into and renew agreements (described in subsection (b) of this section) for the designation of a State health planning and development agency for each State.

(b) Agreement for designation; conditional designation; extension, termination, and expiration of agreement; renewals; return to conditional designation status

(1) A designation agreement under subsection (a) of this section is an agreement with the Governor of a State for the designation of an agency (selected by the Governor) of the government of that State as the State health planning and development agency (hereinafter in this subchapter referred to as the "State Agency") to administer the State administrative program prescribed by section 300m-1 of this title and to carry out the State's health planning and development functions prescribed by section 300m-2 of this title. The Secretary may not enter into such an agreement with the Governor of a State unless—

[*See main edition for text of* (A) *to* (C)]

(2) [*See main edition for text of* (A)]

(B) The period of an agreement described in subparagraph (A) shall not extend beyond July 31, 1979, or thirty-six months after such agreement has been entered into, whichever comes later, except that the Secretary may extend the period for such additional time as he finds appropriate if he finds that the designated State Agency is making a good faith effort to comply with the requirements of section 300m-2 of this title. During such period the Secretary may require that the designated State Agency perform only such of the functions of a State Agency prescribed by section 300m-2 of this title as he determines it is capable of performing. The number and type of such functions shall, during such period, be progressively increased as the designated State Agency becomes capable of added responsibility, so that by the end of such period the designated State Agency may be considered for designation under paragraph (3).

[*See main edition for text of* (*C*)]

(3)(A) If, on the basis of an application for designation as a State Agency (and, in the case of an agency conditionally designated under paragraph (2), on the basis of its performance under an agreement with a Governor of a State entered into under such paragraph), the Secretary determines that the agency is capable of fulfilling, in a satisfactory manner, the responsibilities of a State Agency, he shall enter into an agreement with the Governor of the State designating the agency as the State Agency for the State. No such agreement may be made unless an application therefor is submitted to, and approved by, the Secretary. Any such agreement shall be for a term of not to exceed thirty-six months, except that, prior to the expiration of such term, such agreement may be terminated—

(i) by the Governor at such time and upon such notice to the Secretary as he may by regulation prescribe, or

(ii) by the Secretary if the Secretary determines, in accordance with subparagraph (B), that the designated State Agency is not complying with the provisions of such agreement.

An agreement under this paragraph shall contain such provisions as the Secretary may require to assure that the requirements of this part respecting State Agencies are complied with.

(B) Before the Secretary may terminate an agreement with a designated State Agency under subparagraph (A)(ii), the Secretary shall—

(i) consult with the Statewide Health Coordinating Council of the State for which the State Agency is designated respecting the proposed termination,

(ii) give the State Agency notice of the intention to terminate the agreement and in the notice specify with particularity (I) the basis for the determination of the Secretary that the State Agency is not in compliance with the agreement, and (II) the actions that the State Agency should take to come into compliance with the agreement, and

(iii) provide the State Agency with a reasonable opportunity for a hearing, before an officer or employee of the Department of Health, Education, and Welfare designated for such purpose, on the matter specified in the notice.

The Secretary may not terminate such an agreement before consulting with the National Council on Health Planning and Development respecting the proposed termination. Before the Secretary may permit the term of an agreement to expire without renewing the agreement, the Secretary shall make the consultations prescribed by clause (i) and the preceding sentence, give the State Agency with which the agreement was made notice of the intention not to renew the agreement and the reasons for not renewing the agreement, and provide, as prescribed by clause (iii), the State Agency an opportunity for a hearing on the matter specified in the notice.

(4)(A) An agreement entered into under paragraph (3) for the designation of a State Agency may be renewed by the Secretary for a period not to exceed thirty-six months if upon a review under section 300n-4 of this title of the State Agency's operation and performance of its function he determines that it has fulfilled, in a satisfactory manner, the responsibilities of a State Agency during the period of the agreement to be renewed and if the applicable State administrative program continues to meet the requirements of section 300m-1 of this title. Before renewing an agreement under this paragraph with a State Agency for a State, the Secretary shall provide each health systems agency designated for a health service area located (in whole or in part) in such State and the Statewide Health Coordinating Council of such State an opportunity to comment on the performance of the State Agency and to provide a recommendation on whether such agreement should be renewed.

At the end of such period, the Secretary shall either terminate its agreement with such State Agency or enter into an agreement with such State Agency under paragraph (3) of subsection (b) of this section. The Secretary may not terminate an agreement or return a State Agency to a conditionally designated status unless the Secretary has—

(i) provided the State Agency with notice of his intent to return it to a conditional status or terminate the agreement with it and included in that notice specification of any functions which the Secretary has determined the State Agency did not satisfactorily fulfill and of any requirements which the Secretary has determined it has not met;

(ii) provided the State Agency with a reasonable opportunity for a hearing, before an officer or employee of the Department of Health, Education, and Welfare designated for such purpose, on the action proposed to be taken by the Secretary; and

Each agency shall submit a number of nominees to the Governor which is at least twice the number of representatives on the SHCC to which the agency is entitled.

(ii) Each such health systems agency shall be entitled to the same number of representatives on the SHCC, except that the number of representatives on the SHCC to which a health systems agency designated for a health service area which is not entirely within the State shall be a number which is based on the relationship of the population of the portion of such health service area within the State to the population of the largest health service area located entirely within the State, except that each such agency shall be entitled to at least one representative on the SHCC.

(iii) Except as otherwise provided in clause (ii) and this clause, each such health systems agency shall be entitled to at least two representatives on the SHCC. If there are more than ten health systems agencies within a

(C) Not less than one-half of the providers of health care who are members of a SHCC shall be direct providers of health care (as described in section 300n(3) of this title).

(D) Where one or more hospitals or other health care facilities of the Veterans' Administration are located in a State, the SHCC shall, in addition to the appointed members, include, as a nonvoting, ex officio member, an individual whom the Chief Medical Director of the Veterans' Administration shall have designated as a representative of such facilities.

(E) Members of the SHCC who are consumers of health care and who are not providers of health care shall include individuals who represent rural and urban medically underserved populations if such populations exist in the State.

[*See main edition for text of* (*3*)]

(c) Other functions

A SHCC shall perform the following functions:

(1) Establish (in consultation with the health systems agencies in the State and the State Agency) a uniform format for HSP's and review and coordinate at least triennially the HSP and review at least annually the AIP of each health systems agency within the State and report to the Secretary, for purposes of his review under section 300n-4(c) of this title, its comments on such HSP and AIP.

(2)(A) Prepare, review at least triennially, and revise as necessary a State health plan which shall be made up of the HSP's of the health systems agencies within the State. Such plan may, as found necessary by the SHCC, contain revisions of such HSP's to achieve their appropriate coordination or to deal more effectively with statewide health needs as determined by the State Agency of the State. The plan shall also describe the institutional health services (as defined in section 300n(5) of this title) needed to provide for the well-being of persons receiving care within the State, including, at a minimum, acute inpatient (including psychiatric inpatient, obstetrical inpatient, and neonatal inpatient), rehabilitation, and long-term care services; and also describe other health services needed to provide for the well-being of persons receiving care within the State, including, at a minimum, preventive, ambulatory, and home health services and treatment for alcohol and drug abuse. The plan shall also describe the number and type of resources, including facilities, personnel, major medical equipment, and other resources required to meet the goals of the plan and shall state the extent to which existing health care facilities are in need of modernization, conversion to other uses, or closure and the extent to which new health care facilities need to be constructed or acquired. Each health systems agency which participates in the SHCC shall make available to the SHCC its HSP for integration into the State health plan and shall, as required by the SHCC, revise its HSP to achieve appropriate coordination with the HSP's of the other agencies which participate in the SHCC or to deal more effectively with statewide health needs as determined by the State Agency of the State.

(B) In the preparation and revision of the State health plan, the SHCC shall review and consider the preliminary State health plan submitted by the State Agency under section 300m-2(a)(2) of this title, and shall conduct a public hearing on the plan as proposed and shall give interested persons an opportunity to submit their views orally and in writing. Not less than thirty days prior to any such hearing, the SHCC shall publish in at least two newspapers of general circulation in the State a notice of its consideration of the proposed plan, the time and place of the hearing, the place at which interested persons may consult the plan in advance of the hearing, and the place and period during which to direct written comment to the SHCC on the plan. If in preparing or revising the State health plan the SHCC does not take an action proposed in a recommendation submitted under section 300m-2(a)(1)(B) of this title, the SHCC shall when publishing such plan make available to the public a written statement of its reasons for not taking such action.

(C) The State health plan or any revised State health plan approved by the SHCC shall be the State health plan for the State for purposes of this subchapter after it is approved by the Governor of the State. The State health plan for a State may be disapproved by the Governor of the State only if the Governor determines that the plan does not effectively meet the statewide health needs of the State as determined by the State Agency for the State. In disapproving a State health plan, a Governor shall make public a detailed statement of the basis for the determination that the plan does not meet such needs and shall specify the changes in the plan which the Governor determines are needed to meet such needs. Subparagraph (B) does not apply to the preparation of revisions of a State health plan disapproved by a Governor.

(D) In carrying out its functions with respect to the goals and resource requirements for mental health services of the State health plan, the SHCC may establish a procedure under which persons (acting as or as part of an advisory group or subcommittee appointed by the SHCC) knowledgeable about mental health services (including services for alcohol and drug abuse) will have the opportunity to make recommendations to the SHCC respecting such services.

(E) The State health authority, the State mental health authority, and other agencies of the State government, designated by the Governor, shall carry out those parts of the State health plan which relate to the government of the State.

(F) If a State health plan as required by this subsection is not in effect for a State, the Secretary may not make any grant under section 300m-4 of this title to the State Agency designated for such State under section 300m(b)(3) of this title.

[*See main edition for text of* (*3*) *to* (*5*)]

(6) Review annually and recommend approval or disapproval of (A) any State plan and any application (and any revision of a State plan or application) submitted to the Secretary as a condition to the receipt of any funds under allotments made to States under this chapter, the Community Mental Health Centers Act [42 U.S.C. 2689 et seq.], section 409 of the Drug Abuse Prevention, Treatment, and Rehabilitation Act [21 U.S.C. 1176], or the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970 [42 U.S.C. 4541 et seq.], and (B) any application (and any revision of an application) submitted to the Secretary by a State for a grant or contract under any provision of law referred to in clause (A) for projects in more than one health service area of the State. Notwithstanding any other provision of this chapter or any other Act referred to in the preceding sentence, the Secretary shall allow a SHCC sixty days to make the review required by such sentence. If a SHCC recommends disapproval of such a plan or application, the Secretary, after making a finding that such plan or application is not in conformity with the State health plan, may not make Federal funds available under such State plan or application. If the Secretary makes such a finding, he shall notify the Governor of his finding and the reasons therefor and advise him that he has thirty days in which to submit a revised State plan or application that conforms with the State health plan. If after reviewing a recommendation of a SHCC to disapprove such State plan or application, the Secretary decides to make such funds available, the decision by the Secretary to make such funds available shall be submitted to the SHCC and shall contain a detailed statement of the reasons for the decision.

(d) Limitation of individual liability

No individual who as a member or employee of a SHCC shall, by reason of his performance of any duty, function, or activity required of, or authorized to be undertaken by, the SHCC, be liable for payment of damages under any law of the United States or any State (or political subdivision of a State) if he believed he was acting within the scope of his duty, function, or activity as such a member or employee, and acted, with respect to that performance, without gross negligence or malice toward any person affected by it.

(e) Conflicts of interest

No member of any SHCC may, in the exercise of any function of the SHCC described in subsection (c)(6) of this section, vote on any matter before the SHCC respecting any individual or entity with which such member has (or, within the twelve months preceding the vote, had) any substantial ownership, employment, medical staff, fiduciary, contractual, creditor, or consultative relationship. Each SHCC shall require each of its members who has or has had such a relationship with an individual or entity involved in any matter before the SHCC to make a written disclosure of such relationship before any action is taken by the SHCC with respect to such matter in the exercise of any function under subsection (c) of this section and to make such relationship public in any meeting in which such action is to be taken.

(2) The acquisition and offering of only such equipment and services as may be found by the State Agency to be needed; and the obligation of only those capital expenditures found to be needed by the State Agency. Except as otherwise authorized by this section, review under the program of an application for a certificate of need may not be made subject to any criterion and the issuance of a certificate of need may not be made subject to any condition unless the criterion or condition directly relates to—

(A) criteria prescribed by section 300n–1(c) of this title,

(3) An application for a certificate of need for an institutional health service, medical equipment, or a capital expenditure shall specify the time the applicant will require to make such service or equipment available or to obligate such expenditure and a timetable for making such service or equipment available or obligating such expenditure. After the issuance of a certificate of need, the State Agency shall periodically review the progress of the holder of the certificate in meeting the timetable specified in the approved application for the certificate. If on the basis of such a review the State Agency determines that the holder of a certificate is not meeting such timetable and is not making a good faith effort to meet it, the State Agency may, after considering any recommendation made by the health systems agency which received a report from the State Agency on such review, withdraw the certificate.

(4) In issuing a certificate of need, the State shall specify in the certificate the maximum amount of capital expenditures which may be obligated under such certificate. The program shall, in accordance with regulations promulgated by the Secretary, prescribe the extent to which a project authorized by a certificate of need shall be subject to further review if the amount of capital expenditures obligated or expected to be obligated for the project exceed the maximum specified in the certificate of need.

(5) The program shall provide that (A) the requirements of section 300n–1 of this title shall apply to proceedings under the program, and (B) each decision to issue a certificate of need (i) may only be issued by the State Agency, and (ii) shall, except in emergency circumstances that pose a threat to public health, be consistent with the State health plan in effect for such State under section 300m–3(c) of this title.

(b) Exemption from certificate; conditions; sale, lease, or acquisition of facility or equipment; subsidiary health maintenance organization or ambulatory or health care facility; approval of application

(1) Under the program a State shall not require a certificate of need for the offering of an inpatient institutional health service or the acquisition of major medical equipment for the provision of an inpatient institutional health service or the obligation of a capital expenditure for the provision of an inpatient institutional health service by—

(A) a health maintenance organization or a combination of health maintenance organizations if (i) the organization or combination of organizations has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least 50,000 individuals, (ii) the facility in which the service will be provided is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least 75 percent of the patients who can reasonably be expected to receive the institutional health service will be individuals enrolled with such organization or organizations in the combination;

(B) a health care facility if (i) the facility primarily provides or will provide inpatient health services, (ii) the facility is or will be controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations which has, in the service area of the organization or service areas of the organizations in the combination, an enrollment of at least 50,000 individuals, (iii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iv) at least 75 percent of the patients who can reasonably be expected to receive the institutional health service will be individuals enrolled with such organization or organizations in the combination, or

(C) a health care facility (or portion thereof) if (i) the facility is or will be leased by a health maintenance organization or combination of health maintenance organizations which has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least 50,000 individuals and on the date the application is submitted under paragraph (2) at least fifteen years remain in the term of the lease, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least 75 percent of the patients who can reasonably be expected to receive the institutional health service will be individuals enrolled with such organization,

if, with respect to such offering, acquisition, or obligation, the State Agency has, upon application under paragraph (2), granted an exemption from such requirement to the organization, combination of organizations, or facility.

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under paragraph (1) from obtaining a certificate of need before offering an institutional health service, acquiring major medical equipment, or obligating capital expenditures unless—

(A) it has submitted, at such time and in such form and manner as the State Agency shall prescribe, an application for such exemption,

(B) the application contains such information respecting the organization, combination, or facility and the proposed offering, acquisition, or obligation as the State Agency may require to determine if the organization or combination meets the requirements of paragraph (1) or the facility meets or will meet such requirements, and

(C) the State Agency approves such application.

In the case of a proposed health care facility (or portion thereof) which has not begun to provide institutional health services on the date an application is submitted under this paragraph with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of paragraph (1) when the facility first provides such services. The State Agency shall approve an application submitted under this paragraph if it determines that the applicable requirements of paragraph (1) are met.

(3) Notwithstanding subsection (d) of this section, a health care facility (or any part thereof) or medical equipment with respect to which an exemption was granted under paragraph (1) may not be sold or leased and a controlling interest in such facility or equipment or in a lease of such facility or equipment may not be acquired and a health care facility described in subparagraph (C) of paragraph (1) which was granted an exemption under paragraph (1) may not be used by any person other than the lessee described in such subparagraph unless—

(A) the State Agency issues a certificate of need approving the sale, lease, acquisition, or use, or

(B) the State Agency determines, upon application, that (i) the entity to which the facility or equipment is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of clause (i) of subparagraph (A) of paragraph (1) and (ii) with respect to such facility or equipment, the entity meets the requirements of clauses (ii) and (iii) of such subparagraph (A) or the requirements of clauses (i) and (ii) of subparagraph (B) of paragraph (1).

(4) In the case of a health maintenance organization or an ambulatory care facility or health care facility which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, a State may under the program apply its certificate of need requirements only to the offering of inpatient institutional health services, the acquisition of major medical equipment, and the obligation of capital expenditures for the offering of inpatient institutional health services and then only to the extent that such offering, acquisition, or obligation is not exempt under paragraph (1).

(5) Notwithstanding section 300n-1(c) of this title, if a health maintenance organization or a health care facility which is controlled, directly or indirectly, by a health maintenance organization apply for a certificate of need, such application shall be approved by the State Agency if the State Agency finds (in accordance with criteria prescribed by the Secretary by regulation) that—

(A) approval of such application is required to meet the needs of the members of the health maintenance organization and of the new members which such organization can reasonably be expected to enroll, and

(B) the health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its institutional health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-term basis through physicians and other health professionals associated with it.

Except as provided in paragraph (1) and notwithstanding subsection (d) of this section, a health care facility (or any part thereof) or medical equipment with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or equipment or in a lease of such facility or equipment may not be acquired unless the State Agency issues a certificate of need approving the sale, acquisition, or lease.

shall be approved unless the State Agency finds that the facility or service with respect to which such capital expenditure is proposed to be made is not needed or that the obligation of such capital expenditure is not consistent with the State health plan in effect under section 300m-3 of this title. An application for a certificate of need approved under this subsection shall be approved only to the extent that the capital expenditure is required to eliminate or prevent the hazards described in paragraph (1) or to comply with the standards described in paragraph (2) or (3).

(d) Acquisition of existing facility

(1) Under the program a certificate of need shall, except as provided in subsection (b) of this section, be required for the obligation of a capital expenditure to acquire (either by purchase or under lease or comparable arrangement) an existing health care facility if—

(2) Before any person enters into a contractual arrangement to acquire an existing health care facility which arrangement will require the obligation of a capital expenditure, such person shall notify the State Agency of the State in which such facility is located of such person's intent to acquire such facility and of the services to be offered in the facility and its bed capacity. Such notice shall be made in writing and shall be made at least thirty days before contractual arrangements are entered into to acquire the facility with respect to which the notice is given.

(B) The certificate of need program of a State may include a requirement for a certificate of need for an acquisition of major medical equipment which requirement is in addition to the requirement for a certificate of need established by subparagraph (A), except that after September 30, 1982, the certificate of need program of a State may not be changed to include any such additional requirement.

(2) Before any person enters into a contractual arrangement to acquire major medical equipment which will not be owned by or located in a health care facility, such person shall notify the State Agency of the State in which such equipment will be located of such person's intent to acquire such equipment and of the use that will be made of the equipment. Such notice shall be made in writing and shall be made at least thirty days before contractual arrangements are entered into to acquire the equipment with respect to which the notice is given.

The State Agency shall consider the application in terms of its impact on existing and proposed institutional training programs for doctors of osteopathy and medicine at the student, internship, and residency training levels.

For purposes of this paragraph, the term "expenditure minimum" means $75,000 for the twelve-month period beginning with October 1979 and for each twelve-month period thereafter, $75,000 or, at the discretion of the State, the figure in effect for the preceding twelve-month period, adjusted to reflect the change in the preceding twelve-month period in an index maintained or developed by the Department of Commerce and designated by the Secretary by regulation for purposes of making such adjustment.

For purposes of this subparagraph, the term "periodic benefit" includes a benefit payable in a lump sum if it is a commutation of, or a substitute for, periodic payments.

such widow's or surviving divorced wife's entitlement to benefits under this subsection shall, notwithstanding the provisions of paragraph (1) of this subsection, but subject to subsection (s) of this section, not be terminated by reason of such marriage; except that, in the case of such a marriage to an individual entitled to benefits under subsection (d) of this section, the preceding provisions of this paragraph shall not apply with respect to benefits for months after the last month for which such individual is entitled to such benefits under subsection (d) of this section unless he ceases to be so entitled by reason of his death.

(4) If a widow, after attaining age 60, marries, such marriage shall, for purposes of paragraph (1), be deemed not to have occurred.

[*See main edition for text of* (5) *to* (7)]

(8)(A) The amount of a widow's insurance benefit for each month as determined (after application of the provisions of subsections (q) and (k) of this section, paragraph (2)(B), and paragraph (4)) shall be reduced (but not below zero) by an amount equal to the amount of any monthly periodic benefit payable to such widow (or surviving divorced wife) for such month which is based upon her earnings while in the service of the Federal Government or any State (or any political subdivision thereof, as defined in section 418(b)(2) of this title) if, on the last day she was employed by such entity, such service did not constitute "employment" as defined in section 410 of this title.

(B) For purposes of this paragraph, any periodic benefit which otherwise meets the requirements of subparagraph (A), but which is paid on other than a monthly basis, shall be allocated on a basis equivalent to a monthly benefit (as determined by the Secretary) and such equivalent monthly benefit shall constitute a monthly periodic benefit for purposes of subparagraph (A). For purposes of this subparagraph, the term "periodic benefit" includes a benefit payable in a lump sum if it is a commutation of, or a substitute for, periodic payments.

(f) Widower's insurance benefits

(1) The widower (as defined in section 416(g) of this title) of an individual who died a fully insured individual, if such widower—

[*See main edition for text of* (A) *to* (C)]

(D) is not entitled to old-age insurance benefits or is entitled to old-age insurance benefits each of which is less than the primary insurance amount of his deceased wife,

shall be entitled to a widower's insurance benefit for each month, beginning with—

(E) if he satisfies subparagraph (B) by reason of clause (i) thereof, the first month in which he becomes so entitled to such insurance benefits, or

(F) if he satisfies subparagraph (B) by reason of clause (ii) thereof—

(i) the first month after his waiting period (as defined in paragraph (7)) in which he becomes so entitled to such insurance benefits, or

(ii) the first month during all of which he is under a disability and in which he becomes so entitled to such insurance benefits, but only if he was previously entitled to insurance benefits under this subsection on the basis of being under a disability and such first month occurs (I) in the period specified in paragraph (6) and (II) after the month in which a previous entitlement to such benefits on such basis terminated,

and ending with the month preceding the first month in which any of the following occurs: he remarries, dies, or becomes entitled to an old-age insurance benefit equal to or exceeding the primary insurance amount of his deceased wife, or, if he became entitled to such benefits before he attained age 60, the third month following the month in which his disability ceases (unless he attains age 65 on or before the last day of such third month).

(2)(A) The amount of a widower's insurance benefit for each month (as determined after application of the provisions of subsections (k) and (q) of this section, paragraph (3)(B), and paragraph (5)) shall be reduced (but not below zero) by an amount equal to the amount of any monthly periodic benefit payable to such widower for such month which is based upon his earnings while in the service of the Federal Government or any State (or any political subdivision thereof, as defined in section 418(b)(2) of this title) if, on the last day he was employed by such entity, such service did not constitute "employment" as defined in section 410 of this title.

(B) For purposes of this paragraph, any periodic benefit which otherwise meets the requirements of subparagraph (A), but which is paid on other than a monthly basis, shall be allocated on a basis equivalent to a monthly benefit (as determined by the Secretary) and such equivalent monthly benefit shall constitute a monthly periodic benefit for purposes of subparagraph (A). For purposes of this subparagraph, the term "periodic benefit" includes a benefit payable in a lump sum if it is a commutation of, or a substitute for, periodic payments.

(3)(A) Except as provided in subsection (q) of this section, paragraph (2) of this subsection, and subparagraph (B) of this paragraph, such widower's insurance benefit for each month shall be equal to the primary insurance amount (as determined after application of the following sentence) of his deceased wife. If such deceased individual was (or upon application would have been) entitled to an old-age insurance benefit which was increased (or subject to being increased) on account of delayed retirement under the provisions of subsection (w) of this section, then, for purposes of this subsection, such individual's primary insurance amount, if less than the old-age insurance benefit (increased, where applicable, under section 415(f)(5) or (6) of this title and under section 415(i) of this title as if such individual were still alive in the case of an individual who has died) which she was receiving (or would upon application have received) for the month prior to the month in which she died, shall be deemed to be equal to such old-age insurance benefit, and (notwithstanding the provisions of paragraph (3) of subsection (w) of this section) the number of increment months shall include any month in the months of the calendar year in which she died, prior to the month in which she died, which satisfy the conditions in paragraph (2) of subsection (w) of this section.

(B) If the deceased wife (on the basis of whose wages and self-employment income a widower is entitled to widower's insurance benefits under this subsection) was, at any time, entitled to an old-age insurance benefit which was reduced by reason of the application of subsection (q) of this section, the widower's insurance benefit of such widower for any month shall, if the amount of the widower's insurance benefit of such widower (as determined under subparagraph (A) and after application of subsection (q) of this section) is greater than—

(i) the amount of the old-age insurance benefit to which such deceased wife would have been entitled (after application of subsection (q) of this section) for such month if such wife were still living and section 415(f)(5) or (6) of this title were applied, where applicable, and

(ii) 82½ percent of the primary insurance amount of such deceased wife;

be reduced to the amount referred to in clause (i), or (if greater) the amount referred to in clause (ii).

(4) If a widower, before attaining age 60, remarries—

(A) an individual entitled to benefits under subsection (b), (e), (g), or (h) of this section, or

(B) an individual who has attained the age of eighteen and is entitled to benefits under subsection (d) of this section,

such widower's entitlement to benefits under this subsection shall, notwithstanding the provisions of paragraph (1) of this subsection but subject to subsection (s) of this section, not be terminated by reason of such marriage.

(5) If a widower, after attaining age 60, marries, such marriage shall, for purposes of paragraph (1), be deemed not to have occurred.

[*See main edition for text of (6)*]

(7) The waiting period referred to in paragraph (1)(F), in the case of any widower, is the earliest period of five consecutive calendar months—

[*See main edition for text of (A) and (B), (8)*]

(g) Mother's insurance benefits

[*See main edition for text of (1)*]

(2) Except as provided in paragraph (4) of this subsection, such mother's insurance benefit for each month shall be equal to three-fourths of the primary insurance amount of such deceased individual.

(3) In the case of a widow or surviving divorced mother who marries—

(A) an individual entitled to benefits under subsection (a), (f), or (h) of this section, or under section 423(a) of this title, or

(B) an individual who has attained the age of eighteen and is entitled to benefits under subsection (d) of this section,

the entitlement of such widow or surviving divorced mother to benefits under this subsection shall, notwithstanding the provisions of paragraph (1) of this subsection but subject to subsection (s) of this section, not be terminated by reason of such marriage; except that, in the case of such a marriage to an individual entitled to benefits under section 423(a) of this title or subsection (d) of this section, the preceding provisions of this paragraph shall not apply with respect to benefits for months after the last month for which such individual is entitled to such benefits under section 423(a) of this title or subsection (d) of this section unless (i) he ceases to be so entitled by reason of his death, or (ii) in the case of an individual who was entitled to benefits under section 423(a) of this title, he is entitled, for the month following such last month, to benefits under subsection (a) of this section.

(4)(A) The amount of a mother's insurance benefit for each month to which any individual is entitled under this subsection (as determined after application of subsection (k) of this section) shall be reduced (but not below zero) by an amount equal to the amount of any monthly periodic benefit payable to such individual for such month which is based upon such individual's earnings while in the service of the Federal Government or any State (or political subdivision thereof, as defined in section 418(b)(2) of this title) if, on the last day such individual was employed by such entity, such service did not constitute "employment" as defined in section 410 of this title.

(B) For purposes of this paragraph, any periodic benefit which otherwise meets the requirements of subparagraph (A), but which is paid on other than a monthly basis, shall be allocated on a basis equivalent to a monthly benefit (as determined by the Secretary) and such equivalent monthly benefit shall constitute a monthly periodic benefit for purposes of subparagraph (A). For purposes of this subparagraph, the term "periodic benefit" includes a benefit payable in a lump sum if it is a commutation of, or a substitute for, periodic payments.

[*See main edition for text of* (*h*) *and* (*i*)]

(j) Application for monthly insurance benefits

(1) Subject to the limitations contained in paragraph (4), an individual who would have been entitled to a benefit under subsections (a) to (g), or (h) of this section for any month after August 1950 had he filed application therefor prior to the end of such month shall be entitled to such benefit for such month if he files application therefor prior to the end of the twelfth month immediately succeeding such month. Any benefit under this subchapter for a month prior to the month in which application is filed shall be reduced, to any extent that may be necessary, so that it will not render erroneous any benefit which, before the filing of such application, the Secretary has certified for payment for such prior month.

[*See main edition for text of* (*2*) *and* (*3*)]

(4)(A) Except as provided in subparagraph (B), no individual shall be entitled to a monthly benefit under subsection (a), (b), (c), (e), or (f) of this section for any month prior to the month in which he or she files an application for benefits under that subsection if the effect of entitlement to such benefit would be to reduce, pursuant to subsection (q) of this section, the amount of the monthly benefit to which such individual would otherwise be entitled for the month in which such application is filed.

(B)(i) If the individual applying for retroactive benefits is applying for such benefits under subsection (a) of this section, and there are one or more other persons who would (except for subparagraph (A)) be entitled for any month, on the basis of the wages and self-employment income of such individual and because of such individual's entitlement to such retroactive benefits, to retroactive benefits under subsection (b), (c), or (d) of this section not subject to reduction under subsection (q) of this section, then subparagraph (A) shall not apply with respect to such month or any subsequent month.

(ii) If the individual applying for retroactive benefits is a widow, surviving divorced wife, or widower and is under a disability (as defined in section 423(d) of this title), and such individual would, except for subparagraph (A), be entitled to retroactive benefits as a disabled widow or widower or disabled surviving divorced wife for any month before attaining the age of 60, then subparagraph (A) shall not apply with respect to such month or any subsequent month.

(iii) If the individual applying for retroactive benefits has excess earnings (as defined in section 403(f) of this title) in the year in which he or she files an application for such benefits which could, except for subparagraph (A), be charged to months in such year prior to the month of application, then subparagraph (A) shall not apply to so many of such months immediately preceding the month of application as are required to charge such excess earnings to the maximum extent possible.

(iv) As used in this subparagraph, the term "retroactive benefits" means benefits to which an individual becomes entitled for a month prior to the month in which application for such benefits is filed.

[*See main edition for text of* (*k*) *to* (*l*)]

(m) Minimum survivor's benefit

(1) In any case in which an individual is entitled to a monthly benefit under this section on the basis of a primary insurance amount computed under section 415(a) or (d) of this title, as in effect after December 1978, on the basis of the wages and self-employment income of a deceased individual for any month and no other person is (without the application of subsection (j)(1) of this section) entitled to a monthly benefit under this section for that month on the basis of such wages and self-employment income, the individual's benefit amount for that month, prior to reduction under subsection (k)(3) of this section, shall not be less than that provided by subparagraph (C)(i)(I) of section 415(a)(1) of this title and increased under section 415(i) of this title for months after May of the year in which the insured individual died as though such benefit were a primary insurance amount.

[*See main edition for text of* (*2*); (*n*) *and* (*o*)]

(p) Extension of period for filing proof of support and applications for lump-sum death payment

In any case in which there is a failure—

(1) to file proof of support under subparagraph (B) of subsection (h)(1) of this section, or under clause (B) of subsection (f)(1) of this section as in effect prior to the Social Security Act Amendments of 1950, within the period prescribed by such subparagraph or clause, or

[*See main edition for text of* (*2*)]

any proof or application, as the case may be, which is filed after the expiration of such period shall be deemed to have been filed within such period if it is shown to the satisfaction of the Secretary that there was good cause for failure to file such proof or application within such period. The determination of what constitutes good cause for purposes of this subsection shall be made in accordance with regulations of the Secretary.

(q) Reduction of benefit amounts for certain beneficiaries

[*See main edition for text of* (*1*) *and* (*2*)]

(3)(A) If the first month for which an individual both is entitled to a wife's, husband's, widow's, or widower's insurance benefit and has attained age 62 (in the case of a wife's or husband's insurance benefit) or age 50 (in the case of a widow's or widower's insurance benefit) is a month for which such individual is also entitled to—

(i) an old-age insurance benefit (to which such individual was first entitled for a month before he attains age 65), or

(ii) a disability insurance benefit,

then in lieu of any reduction under paragraph (1) (but subject to the succeeding paragraphs of this subsection) such wife's, husband's, widow's, or widower's insurance benefit for each month shall be reduced as provided in subparagraph (B), (C), or (D).

[*See main edition for text of (B) to (G)*]

(H) Notwithstanding subparagraph (A) of this paragraph, if the first month for which an individual is entitled to a widow's or widower's insurance benefit is a month for which such individual is also entitled to an old-age insurance benefit to which such individual was first entitled for that month or for a month before she or he became entitled to a widow's or widower's benefit, the reduction in such widow's or widower's insurance benefit shall be determined under paragraph (1).

(4) If—

(A) an individual is or was entitled to a benefit subject to reduction under paragraph (1) or (3) of this subsection, and

(B) such benefit is increased by reason of an increase in the primary insurance amount of the individual on whose wages and self-employment income such benefit is based,

then the amount of the reduction of such benefit (after the application of any adjustment under paragraph (7)) for each month beginning with the month of such increase in the primary insurance amount shall be computed under paragraph (1) or (3), whichever applies, as though the increased primary insurance amount had been in effect for and after the month for which the individual first became entitled to such monthly benefit reduced under such paragraph (1) or (3).

[*See main edition for text of (5) and (6)*]

(7) For purposes of this subsection the "adjusted reduction period" for an individual's old-age, wife's, husband's, widow's, or widower's insurance benefit is the reduction period prescribed in paragraph (6)(A) for such benefit, and the "additional adjusted reduction period" for an individual's, widow's, or widower's insurance benefit is the additional reduction period prescribed by paragraph (6)(B) for such benefit, excluding from each such period—

[*See main edition for text of (A) and (B)*]

(C) in the case of wife's or husband's insurance benefits, any month for which such individual was not entitled to such benefits because of the occurrence of an event that terminated her or his entitlement to such benefits,

[*See main edition for text of (D) to (F), (8) and (9)*]

(10) For purposes of applying paragraph (4), with respect to monthly benefits payable for any month after December 1977 to an individual who was entitled to a monthly benefit as reduced under paragraph (1) or (3) prior to January 1978, the amount of reduction in such benefit for the first month for which such benefit is increased by reason of an increase in the primary insurance amount of the individual on whose wages and self-employment income such benefit is based and for all subsequent months (and similarly for all subsequent increases) shall be increased by a percentage equal to the percentage increase in such primary insurance amount (such increase being made in accordance with the provisions of paragraph (8)). In the case of an individual whose reduced benefit under this section is increased as a result of the use of an adjusted reduction period or an additional adjusted reduction period (in accordance with paragraphs (1) and (3) of this subsection), then for the first month for which such increase is effective, and for all subsequent months, the amount of such reduction (after the application of the previous sentence, if applicable) shall be determined—

(A) in the case of old-age, wife's, and husband's insurance benefits, by multiplying such amount by the ratio of (i) the number of months in the adjusted reduction period to (ii) the number of months in the reduction period,

(B) in the case of widow's and widower's insurance benefits for the month in which such individual attains age 62, by multiplying such amount by the ratio of (i) the number of months in the reduction period beginning with age 62 multiplied by $\frac{19}{40}$ of 1 percent, plus the number of months in the adjusted reduction period prior to age 62 multiplied by $\frac{19}{40}$ of 1 percent, plus the number of months in the adjusted additional reduction period multiplied by $\frac{43}{240}$ of 1 percent to (ii) the number of months in the reduction period multiplied by $\frac{19}{40}$ of 1 percent, plus the number of months in the additional reduction period multiplied by $\frac{43}{240}$ of 1 percent, and

(C) in the case of widow's and widower's insurance benefits for the month in which such individual attains age 65, by multiplying such amount by the ratio of (i) the number of months in the adjusted reduction period multiplied by $\frac{19}{40}$ of 1 percent, plus the number of months in the adjusted additional reduction period multiplied by $\frac{43}{240}$ of 1 percent to (ii) the number of months in the reduction period beginning with age 62 multiplied by $\frac{19}{40}$ of 1 percent, plus the number of months in the adjusted reduction period prior to age 62 multiplied by $\frac{19}{40}$ of 1 percent, plus the number of months in the adjusted additional reduction period multiplied by $\frac{43}{240}$ of 1 percent,

such determination being made in accordance with the provisions of paragraph (8).

(11) When an individual is entitled to more than one monthly benefit under this subchapter and one or more of such benefits are reduced under this subsection, paragraph (10) shall apply separately to each such benefit reduced under this subsection before the application of subsection (k) of this section (pertaining to the method by which monthly benefits are offset when an individual is entitled to more than one kind of benefit) and the application of

this paragraph shall operate in conjunction with paragraph (3).

(t) Suspension of benefits of aliens who are outside the United States

[*See main edition for text of* (*1*) *to* (*3*)]

(4) Paragraph (1) of this subsection shall not apply to any benefit for any month if—

[*See main edition for text of* (*A*) *to* (*D*)]

(E) the individual on whose employment such benefit is based had been in service covered by the Railroad Retirement Act which was treated as employment covered by this chapter pursuant to the provisions of section 5(k)(1) of the Railroad Retirement Act [45 U.S.C. 288e(k)(1)];

except that subparagraphs (A) and (B) of this paragraph shall not apply in the case of any individual who is a citizen of a foreign country that has in effect a social insurance or pension system which is of general application in such country and which satisfies subparagraph (A) but not subparagraph (B) of paragraph (2), or who is a citizen of a foreign country that has no social insurance or pension system of general application if at any time within five years prior to the month in which the Social Security Amendments of 1967 are enacted (or the first month thereafter for which his benefits are subject to suspension under paragraph (1)) payments to individuals residing in such country were withheld by the Treasury Department under section 123 of title 31.

(u) Conviction of subversive activities, etc.

(1) If any individual is convicted of any offense (committed after August 1, 1956) under—

(B) section 783, 822, or 823 of title 50,

then the court may, in addition to all other penalties provided by law, impose a penalty that in determining whether any monthly insurance benefit under this section or section 423 of this title is payable to such individual for the month in which he is convicted or for any month thereafter, in determining the amount of any such benefit payable to such individual for any such month, and in determining whether such individual is entitled to insurance benefits under part A of subchapter XVIII of this chapter for any such month, there shall not be taken into account—

(C) any wages paid to such individual or to any other individual in the calendar year in which such conviction occurs or in any prior calendar year, and

(D) any net earnings from self-employment derived by such individual or by any other individual during a taxable year in which such conviction occurs or during any prior taxable year.

(w) Increase in old-age insurance benefit amounts on account of delayed retirement

(1) The amount of an old-age insurance benefit (other than a benefit based on a primary insurance amount determined under section 415(a)(3) of this title as in effect in December 1978, or section 415(a)(1)(C)(i)(II) of this title as in effect thereafter) which is payable without regard to this subsection to an individual shall be increased by—

(A) 1/12 of 1 percent of such amount, or, in the case of an individual who first becomes eligible for an old-age insurance benefit after December 1978, one-quarter of 1 percent of such amount, multiplied by

(B) the number (if any) of the increment months for such individual.

[*See main edition for text of* (*2*) *to* (*4*)]

(5) If an individual's primary insurance amount is determined under paragraph (3) of section 415(a) of this title is in effect in December 1978, or section 415(a)(1)(C)(i)(II) of this title as in effect thereafter, and, as a result of this subsection, he would be entitled to a higher old-age insurance benefit if his primary insurance amount were determined under sec-

§ 403. Reduction of insurance benefits

(a) Maximum benefits

(1) In the case of an individual whose primary insurance amount has been computed or recomputed under section 415(a)(1) or (4) of this title or section 415(d) of this title, as in effect after December 1978, the total monthly benefits to which beneficiaries may be entitled under section 402 or 423 of this title for a month on the basis of the wages and self-employment income of such individual shall, except as provided by paragraph (3) (but prior to any increases resulting from the application of paragraph (2)(A)(ii)(III) of section 415(i) of this title), be reduced as necessary so as not to exceed—

(A) 150 percent of such individual's primary insurance amount to the extent that it does not exceed the amount established with respect to this subparagraph by paragraph (2),

(B) 272 percent of such individual's primary insurance amount to the extent that it exceeds the amount established with respect to subparagraph (A) but does not exceed the amount established with respect to this subparagraph by paragraph (2),

(C) 134 percent of such individual's primary insurance amount to the extent that it exceeds the amount established with respect to subparagraph (B) but does not exceed the amount established with respect to this subparagraph by paragraph (2), and

(D) 175 percent of such individual's primary insurance amount to the extent that it exceeds the amount established with respect to subparagraph (C).

Any such amount that is not a multiple of $0.10 shall be increased to the next higher multiple of $0.10.

(2)(A) For individuals who initially become eligible for old-age or disability insurance benefits, or who die (before becoming so eligible for such benefits), in the calendar year 1979, the amounts established with respect to subparagraphs (A), (B), and (C) of paragraph (1) shall be $230, $332, and $433, respectively.

(B) For individuals who initially become eligible for old-age or disability insurance benefits, or who die (before becoming so eligible for such benefits), in any calendar year after 1979, each of the amounts so established shall equal the product of the corresponding amount established for the calendar year 1979 by subparagraph (A) of this paragraph and the quotient obtained under subparagraph (B)(ii) of section 415(a)(1) of this title, with such product being rounded in the manner prescribed by section 415(a)(1)(B)(iii) of this title.

(C) In each calendar year after 1978 the Secretary shall publish in the Federal Register, on or before November 1, the formula which (except as provided in section 415(i)(2)(D) of this title) is to be applicable under this paragraph to individuals who become eligible for old-age or disability insurance benefits, or who die (before becoming eligible for such benefits), in the following calendar year.

(D) A year shall not be counted as the year of an individual's death or eligibility for purposes of this paragraph or paragraph (7) in any case where such individual was entitled to a disability insurance benefit for any of the 12 months immediately preceding the month of such death or eligibility (but there shall be counted instead the year of the individual's eligibility for the disability insurance benefits to which he was entitled during such 12 months).

(3)(A) When an individual who is entitled to benefits on the basis of the wages and self-employment income of any insured individual and to whom this subsection applies would (but for the provisions of section 402(k)(2)(A) of this title) be entitled to child's insurance benefits for a month on the basis of the wages and self-employment income of one or more other insured individuals, the total monthly benefits to which all beneficiaries are entitled on the bases of such wages and self-employment income shall not be reduced under this subsection to less than the smaller of—

(i) the sum of the maximum amounts of benefits payable on the basis of the wages and self-employment income of all such insured individuals, or

(ii) an amount equal to the product of 1.75 and the primary insurance amount that would be computed under section 415(a)(1) of this title for that month with respect to average indexed monthly earnings equal to one-twelfth of the contribution and benefit base determined for that year under section 430 of this title.

(B) When two or more persons were entitled (without the application of section 402(j)(1) of this title and section 423(b) of this title) to monthly benefits under section 402 or 423 of this title for January 1971 or any prior month on the basis of the wages and self-employment income of such insured individual and the provisions of this subsection as in effect for any such month were applicable in determining the benefit amount of any persons on the basis of such wages and self-employment income, the total of benefits for any month after January 1971 shall not be reduced to less than the largest of—

(i) the amount determined under this subsection without regard to this subparagraph,

(ii) the largest amount which has been determined for any month under this subsection for persons entitled to monthly benefits on the basis of such insured individual's wages and self-employment income, or

(iii) if any persons are entitled to benefits on the basis of such wages and self-employment income for the month before the effective month (after September 1972) of a general benefit increase under this title (as defined in section 415(i)(3) of this title) or a benefit increase under the provisions of section 415(i) of this title, an amount equal to the sum of amounts derived by multiplying the benefit amount determined under this subchapter (excluding any part thereof determined under section 402(w) of this title) for the month before such effective month (including this subsection, but without the application of section 422(b) of this title, section 402(q) of this title, and subsections (b), (c), and (d) of this section), for each such person for such month, by a percentage equal to the percentage of the increase provided under such benefit increase (with any such increased amount which is not a multiple of $0.10 being rounded to the next higher multiple of $0.10);

but in any such case (I) subparagraph (A) of this paragraph shall not be applied to such total of benefits after the application of clause (ii) or (iii), and (II) if section 402(k)(2)(A) of this title was applicable in the case of any such benefits for a month, and ceases to apply for a month after such month, the provisions of clause (ii) or (iii) shall be applied, for and after the month in which section 402(k)(2)(A) of this title ceases to apply, as though subparagraph (A) of this paragraph had not been applicable to such total of benefits for the last month for which clause (ii) or (iii) was applicable.

(C) When any of such individuals is entitled to monthly benefits as a divorced spouse under section 402(b) or (c) of this title or as a surviving divorced spouse under section 402(e) or (f) of this title for any month, the benefit to which he or she is entitled on the basis of the wages and self-employment income of such insured individual for such month shall be determined without regard to this subsection, and the benefits of all other individuals who are entitled for such month to monthly benefits under section 402 of this title on the wages and self-employment income of such insured individual shall be determined as if no such divorced spouse or surviving divorced spouse were entitled to benefits for such month.

(4) In any case in which benefits are reduced pursuant to the preceding provisions of this subsection, the reduction shall be made after any deductions under this section and after any deductions under section 422(b) of this title. Whenever a reduction is made under this subsection in the total of monthly benefits to which individuals are entitled for any month on the basis of the wages and self-employment income of an insured individual, each such benefit other than the old-age or disability insurance benefit shall be proportionately decreased.

(5) Notwithstanding any other provision of law, when—

(A) two or more persons are entitled to monthly benefits for a particular month on the basis of the wages and self-employment income of an insured individual and (for such particular month) the provisions of this subsection are applicable to such monthly benefits, and

(B) such individual's primary insurance amount is increased for the following month under any provision of this subchapter,

then the total of monthly benefits for all persons on the basis of such wages and self-employment income for such particular month, as determined under the provisions of this subsection, shall for purposes of determining the total monthly benefits for all persons on the basis of such wages and self-employment income for months subsequent to such particular month be considered to have been increased by the smallest amount that would have been required in order to assure that the total of monthly benefits payable on the basis of such wages and self-employment income for any such subsequent month will not be less (after the application of the other provisions of this subsection and section 402(q) of this title) than the total of monthly benefits (after the application of the other provisions of this subsection and section 402(q) of this title) payable on the basis of such wages and self-employment income for such particular month.

(6) In the case of any individual who is entitled for any month to benefits based upon the primary insurance amounts of two or more insured individuals, one or more of which primary insurance amounts were determined under section 415(a) or (d) of this title as in effect (without regard to the table contained therein) prior to January 1979 and one or more of which primary insurance amounts were determined under section 415(a)(1) or (4) of this title, or section 415(d) of this title, as in effect after December 1978, the total benefits payable to that individual and all other individuals entitled to benefits for that month based upon those primary insurance amounts shall be reduced to an amount equal to the product of 1.75 and the primary insurance amount that would be computed under section 415(a)(1) of this title for that month with respect to average indexed monthly earnings equal to one-twelfth of the contribution and benefits base determined under section 430 of this title for the year in which that month occurs.

(7) Subject to paragraph (6), this subsection as in effect in December 1978 shall remain in effect with respect to a primary insurance amount computed under section 415(a) or (d) of this title, as in effect (without regard to the table contained therein) in December 1978, except that a primary insurance amount so computed with respect to an individual who first becomes eligible for an old-age or disability insurance benefit, or dies (before becoming eligible for such a benefit), after December 1978, shall instead be governed by this section as in effect after December 1978.

(8) When—

(A) one or more persons were entitled (without the application of section 402(j)(1) of this title) to monthly benefits under section 402 of this title for May 1978 on the basis of the wages and self-employment income of an individual,

(B) the benefit of at least one such person for June 1978 is increased by reason of the amendments made by section 204 of the Social Security Amendments of 1977; and

(C) the total amount of benefits to which all such persons are entitled under such section 402 of this title are reduced under the provisions of this subsection (or would be so reduced except for the first sentence of subsection (a)(4) of this section),

then the amount of the benefit to which each such person is entitled for months after May 1978 shall be increased (after such reductions are made under this subsection) to the amount such benefits would have been if the benefit of the person or persons referred to in subparagraph (B) had not been so increased.

(f) Months to which earnings are charged

For purposes of subsection (b) of this section—

(1) The amount of an individual's excess earnings (as defined in paragraph (3) shall be charged to months as follows: There shall be charged to the first month of such taxable year an amount of his excess earnings equal to the sum of the payments to which he and all other persons are entitled for such month under section 402 of this title on the basis of his wages and self-employment income (or the total of his excess earnings if such excess earnings are less than such sum), and the balance, if any, of such excess earnings shall be charged to each succeeding month in such year to the extent, in the case of each such month, of the sum of the payments to which such individual and all other persons are entitled for such month under section 402 of this title on the basis of his wages and self-employment income, until the total of such excess has been so charged. Where an individual is entitled to benefits under section 402(a) of this title and other persons are entitled to benefits under section 402(b), (c), or (d) of this title on the basis of the wages and self-employment income of such individual, the excess earnings of such individual for any taxable year shall be charged in accordance with the provisions of this subsection before the excess earnings of such persons for a taxable year are charged to months in such individual's taxable year. Notwithstanding the preceding provisions of this paragraph but subject to section 402(s) of this title, no part of the excess earnings of an individual shall be charged to any months (A) for which such individual was not entitled to a benefit under this subchapter, (B) in which such individual was age seventy-two or over, (C) in which such individual, if a child entitled to child's insurance benefits, has attained the age of 18, (D) for which such individual is entitled to widow's insurance benefits and has not attained age 65 (but only if she became so entitled prior to attaining age 60), or widower's insurance benefits and has not attained age 65 (but only if he became so entitled prior to attaining age 60), or (E) in which such individual did not engage in self-employment and did not render services for wages (determined as provided in paragraph (5) of this subsection) of more than the applicable exempt amount as determined under paragraph (8), if such month is in the taxable year in which occurs the first month that is both (i) a month for which the individual is entitled to benefits under subsection (a), (b), (c), (d), (e), (f), (g), or (h) of section 402 of this title (without having been entitled for the preceding month to a benefit under any other of such subsections), and (ii) a month in which the individual did not engage in self-employment and did not render services for wages (determined as provided in paragraph (5)) of more than the applicable exempt amount as determined under paragraph (8).

[*See main edition for text of* (*2*)]

(3) For purposes of paragraph (1) and subsection (h) of this section, an individual's excess earnings for a taxable year shall be 50 per centum of his earnings for such year in excess of the product of the applicable exempt amount as determined under paragraph (8), multiplied by the number of months in such year, except that, in determining an individual's excess earnings for the taxable year in which he attains age 72, there shall be excluded any earnings of such individual for the month in which he attains such age and any subsequent month (with any net earnings or net loss from self-employment in such year being prorated in an equitable manner under regulations of the Secretary). The excess earnings as derived under the preceding sentence, if not a multiple of $1, shall be reduced to the next lower multiple of $1.

(4) For purposes of clause (E) of paragraph (1)—

[*See main edition for text of* (*A*)]

(B) an individual will be presumed, with respect to any month, to have rendered services for wages (determined as provided in paragraph (5) of this subsection) of more than the applicable exempt amount as determined under paragraph (8) until it is shown to the satisfaction of the Secretary that such individual did not render such services in such month for more than such amount.

[*See main edition for text of* (*5*) *to* (*7*)]

(8)(A) Whenever the Secretary pursuant to section 415(i) of this title increases benefits effective with the month of June following a cost-of-living computation quarter he shall also determine and publish in the Federal Register on or before November 1 of the calendar year in which such quarter occurs the new exempt amounts (separately stated for individuals described in subparagraph (D) and for other individuals) which are to be applicable (unless prevented from becoming effective by subparagraph (C)) with respect to taxable years ending in (or with the close of) the calendar year after the calendar year in which such benefit increase is effective (or, in the case of an individual who dies during the calendar year after the calendar year in which the benefit increase is effective, with respect to such individual's taxable year which ends, upon his death, during such year).

(B) Except as otherwise provided in subparagraph (D), the exempt amount which is applicable to individuals described in such subparagraph and the exempt amount which is applicable to other individuals, for each month of a particular taxable year, shall each be whichever of the following is the larger—

(i) the corresponding exempt amount which is in effect with respect to months in the taxable year in which the determination under subparagraph (A) is made, or

§ 411. Definitions relating to self-employment

For the purposes of this subchapter—

(a) Net earnings from self-employment

The term "net earnings from self-employment" means the gross income, as computed under chapter 1 of the Internal Revenue Code of 1939, derived by an individual from any trade or business carried on by such individual, less the deductions allowed under such chapter which are attributable to such trade or business, plus his distributive share (whether or not distributed) of the ordinary net income or loss, as computed under section 183 of the Internal Revenue Code of 1939, from any trade or business carried on by a partnership of which he is a member; except that in computing such gross income and deductions and such distributive share of partnership ordinary net income or loss—

[*See main edition for text of* (*1*)]

(2) There shall be excluded dividends on any share of stock, and interest on any bond, debenture, note, or certificate, or other evidence of indebtedness, issued with interest coupons or in registered form by any corporation (including one issued by a government or political subdivision thereof), unless such dividends and interest are received in the course of a trade or business as a dealer in stocks or securities;

[*See main edition for text of* (*3*) *to* (*8*)]

(9) There shall be excluded amounts received by a partner pursuant to a written plan of the partnership, which meets such requirements as are prescribed by the Secretary of the Treasury or his delegate, and which provides for payments on account of retirement, on a periodic basis, to partners generally or to a class or classes of partners, such payments to continue at least until such partner's death, if—

(A) such partner rendered no services with respect to any trade or business carried on by such partnership (or its successors) during the taxable year of such partnership (or its successors), ending within or with his taxable year, in which such amounts were received, and

(B) no obligation exists (as of the close of the partnership's taxable year referred to in subparagraph (A)) from the other partners to such partner except with respect to retirement payments under such plan, and

(C) such partner's share, if any, of the capital of the partnership has been paid to him in full before the close of the partnership's taxable year referred to in subparagraph (A);

(10) In the case of an individual who has been a resident of the United States during the entire taxable year, the exclusion from gross income provided by section 911(a)(2) of the Internal Revenue Code of 1954 shall not apply; and

(11) There shall be excluded the distributive share of any item of income or loss of a limited partner, as such, other than guaranteed payments described in section 707(c) of the Internal Revenue Code of 1954 to that partner for services actually rendered to or on behalf of the partnership to the extent that those payments are established to be in the nature of remuneration for those services.

If the taxable year of a partner is different from that of the partnership, the distributive share which he is required to include in computing his net earnings from self-employment shall be based upon the ordinary net income or loss of the partnership for any taxable year of the partnership (even though beginning prior to 1951) ending within or with his taxable year. In the case of any trade or business which is carried on by an individual or by a partnership and in which, if such trade or business were carried on exclusively by employees, the major portion of the services would constitute agricultural labor as defined in section 410(f) of this title—

(i) in the case of an individual, if the gross income derived by him from such trade or business is not more than $2,400, the net earnings from self-employment derived by him from such trade or business may, at his option, be deemed to be 66⅔ percent of such gross income; or

(ii) in the case of an individual, if the gross income derived by him from such trade or business is more than $2,400 and the net earnings from self-employment derived by him from such trade or business (computed under this subsection without regard to this sentence) are less than $1,600, the net earnings from self-employment derived by him from such trade or business may, at his option, be deemed to be $1,600; and

(iii) in the case of a member of a partnership, if his distributive share of the gross income of the partnership derived from such trade or business (after such gross income has been reduced by the sum of all payments to which section 707(c) of the Internal Revenue Code of 1954, applies) is not more than $2,400, his distributive share of income described in section 702(a)(9) of the Internal Revenue Code of 1954, derived from such trade or business may, at his option, be deemed to be an amount equal to 66⅔ percent of his distributive share of such gross income (after such gross income has been so reduced); or

(iv) in the case of a member of a partnership, if his distributive share of the gross income of the partnership derived from such trade or business (after such gross income has been reduced by the sum of all payments to which section 707(c) of the Internal Revenue Code of 1954, applies) is more than $2,400 and his distributive share (whether or not distributed) of income described in section 702(a)(9) of such Code, derived from such trade or business (computed under this subsection without regard to this sentence) is less than $1,600, his distributive share of income described in such section 702(a)(9) derived from such trade or business may, at his option, be deemed to be $1,600.

For purposes of the preceding sentence, gross income means—

(v) in the case of any such trade or business in which the income is computed under a cash receipts and disbursements method, the gross receipts from such trade or business reduced by the cost or other basis of property which was purchased and sold in carrying on such trade or business, adjusted (after such reduction) in accordance with the provisions of paragraphs (1) through (6) and paragraph (8) of this subsection; and

(vi) in the case of any such trade or business in which the income is computed under an accrual method, the gross income from such trade or business, adjusted in accordance with the provisions of paragraph (1) through (6) and paragraph (8) of this subsection;

and, for purposes of such sentence, if an individual (including a member of a partnership) derives gross income from more than one such trade or business, such gross income (including his distributive share of the gross income of any partnership derived from any such trade or business) shall be deemed to have been derived from one trade or business.

The preceding sentence and clauses (i) through (iv) of the second preceding sentence shall also apply in the case of any trade or business (other than a trade or business specified in such second preceding sentence) which is carried on by an individual who is self-employed on a regular basis as defined in subsection (g) of this section, or by a partnership of which an individual is a member on a regular basis as defined in subsection (g) of this section, but only if such individual's net earnings from self-employment in the taxable year as determined without regard to this sentence are less than $1,600 and less than 66⅔ percent of the sum (in such taxable year) of such individual's gross income derived from all trades or businesses carried on by him and his distributive share of the income or loss from all trades or businesses carried on by all the partnerships of which he is a member; except that this sentence shall not apply to more than 5 taxable years in the case of any individual, and in no case in which an individual elects to determine the amount of his net earnings from self-employment for a taxable year under the provisions of the two preceding sentences with respect to a trade or business to which the second preceding sentence applies and with respect to a trade or business to which this sentence applies shall such net earnings for such year exceed $1,600.

[*See main edition for text of* (*b*)]

(c) Trade or business

The term "trade or business", when used with reference to self-employment income or net earnings from self-employment, shall have the same meaning as when used in section 23 of the Internal Revenue Code of 1939, except that such term shall not include—

(6) The performance of service by an individual during the period for which an exemption under section 1402(g) of the Internal Revenue Code of 1954, is effective with respect to him.

The provisions of paragraph (4) or (5) shall not apply to service (other than service performed by a member of a religious order who has taken a vow of poverty as a member of such order) performed by an individual unless an exemption filed by him under section 1402(e) of the Internal Revenue Code of 1954, is effective with respect to him.

§ 413. Quarter and quarter of coverage

(a) Definitions

For the purposes of this subchapter—

[*See main edition for text of* (*1*)]

(2)(A) The term "quarters of coverage" means—

(i) for calendar years before 1978, and subject to the provisions of subparagraph (B), a quarter in which an individual has been paid $50 or more in wages (except wages for agricultural labor paid after 1954) or for which he has been credited (as determined under section 412 of this title) with $100 or more of self-employment income; and

(ii) for calendar years after 1977, and subject to the provisions of subparagraph (B), each portion of the total of the wages paid and the self-employment income credited (pursuant to section 412 of this title) to an individual in a calendar year which equals the amount required for a quarter of coverage in that calendar year (as determined under subsection (d) of this section), with such quarter of coverage being assigned to a specific calendar quarter in such calendar year only if necessary in the case of any individual who has attained age 62 or died or is under a disability and the requirements for insured status in subsection (a) or (b) of section 414 of this title, the requirements for entitlement to a computation or recomputation of his primary insurance amount, or the requirements of paragraph (3) of section 416(i) of this title would not otherwise be met.

(B) Notwithstanding the provisions of subparagraph (A)—

(i) no quarter after the quarter in which an individual dies shall be a quarter of coverage, and no quarter any part of which is included in a period of disability (other than the initial quarter and the last quarter of such period) shall be a quarter of coverage;

(ii) if the wages paid to an individual in any calendar year equal to $3,000 in the case of a calendar year before 1951, or $3,600 in the case of a calendar year after 1950 and before 1955, or $4,200 in the case of a calendar year after 1954 and before 1959, or $4,800 in the case of a calendar year after 1958 and before 1966, or $6,600 in the case of a calendar year after 1965 and before 1968, or $7,800 in the case of a calendar year after 1967 and before 1972, or $9,000 in the case of the calendar year 1972, or $10,800 in the case of the calendar year 1973, or $13,200 in the case of the calendar year 1974, or an amount equal to the contribution and benefit base (as determined under section 430 of this title) in the case of any calendar year after 1974 and before 1978 with respect to which such contribution and benefit base is effective, each quarter of such year shall (subject to clauses (i) and (v)) be a quarter of coverage;

(iii) if an individual has self-employment income for a taxable year, and if the sum of such income and the wages paid to him during such year equals $3,600 in the case of a taxable year beginning after 1950 and ending before 1955, or $4,200 in the case of a taxable year ending after 1954 and before 1959, or $4,800 in the case of a taxable year ending after 1958 and before 1966, or $6,600 in the case of a taxable year ending after 1965 and before 1968, or $7,800 in the case of a taxable year ending after 1967 and before 1972, or $9,000 in the case of a taxable year beginning after 1971 and before 1973, or $10,800 in the case of a taxable year beginning after 1972 and before 1974, or $13,200 in the case of a taxable year beginning after 1973 and before 1975, or an amount equal to the contribution and benefit base (as determined under section 430 of this title) which is effective for the calendar year in the case of any taxable year beginning in any calendar year after 1974 and before 1978, each quarter any part of which falls in such year shall (subject to clauses (i) and (v)) be a quarter of coverage;

(iv) if an individual is paid wages for agricultural labor in a calendar year after 1954 and before 1978, then, subject to clauses (i) and (v), (I) the last quarter of such year which can be but is not otherwise a quarter of coverage shall be a quarter of coverage if such wages equal or exceed $100 but are less than $200; (II) the last two quarters of such year which can be but are not otherwise quarters of coverage shall be quarters of coverage if such wages equal or exceed $200 but are less than $300; (III) the last three quarters of such year which can be but are not otherwise quarters of coverage shall be quarters of coverage if such wages equal or exceed $300 but are less than $400; and (IV) each quarter of such year which is not otherwise a quarter of coverage shall be a quarter of coverage if such wages are $400 or more;

(v) no quarter shall be counted as a quarter of coverage prior to the beginning of such quarter;

(vi) not more than one quarter of coverage may be credited to a calendar quarter; and

(vii) no more than four quarters of coverage may be credited to any calendar year after 1977.

If in the case of an individual who has attained age 62 or died or is under a disability and who has been paid wages for agricultural labor in a calendar year after 1954 and before 1978, the requirements for insured status in subsection (a) or (b) of section 414 of this title, the requirements for entitlement to a computation or recomputation of his primary insurance amount, or the requirements of paragraph (3) of section 416(i) of this title are not met after assignment of quarters of coverage to quarters in such year as provided in clause (iv) of the preceding sentence, but would be met if such quarters of coverage were assigned to different quarters in such year, then such quarters of coverage shall instead be assigned, for purposes only of determining compliance with such requirements, to such different quarters. If, in the case of an individual who did not die prior to January 1, 1955, and who attained age 62 (if a woman) or age 65 (if a man) or died before July 1, 1957, the requirements for insured status in section 414(a)(3) of this title are not met because of his having too few quarters of coverage but would be met if his quarters of coverage in the first calendar year in which he had any covered employment had been determined on the basis of the period during which wages were earned rather than on the basis of the period during which wages were paid (any such wages paid that are reallocated on an earned basis shall not be used in determining quarters of coverage for subsequent calendar years), then upon application filed by the individual or his survivors and satisfactory proof of his record of wages earned being furnished by such individual or his survivors, the quarters of coverage in such calendar year may be determined on the basis of the periods during which wages were earned.

[*See main edition for text of* (*b*) *and* (*c*)]

(d) Amount required for a quarter of coverage

(1) The amount of wages and self-employment income which an individual must have in order to be credited with a quarter of coverage in any year under subsection (a)(2)(A)(ii) of this section shall be $250 in the calendar year 1978 and the amount determined under paragraph (2) of this subsection for years after 1978.

(2) The Secretary shall, on or before November 1 of 1978 and of every year thereafter, determine and publish in the Federal Register the amount of wages and self-employment income which an individual must have in order to be credited with a quarter of coverage in the succeeding calendar year. The amount required for a quarter of coverage shall be the larger of—

(A) the amount in effect in the calendar year in which the determination under this subsection is made, or

(B) the product of the amount prescribed in paragraph (1) which is required for a quarter of coverage in 1978 and the ratio of the average of the total wages (as defined in regulations of the Secretary and computed without regard to the limitations specified in section 409(a) of this title) reported to the Secretary of the Treasury or his delegate for the calendar year before the year in which the determination under this paragraph is made to the average of the total wages (as so defined and computed) reported to the Secretary of the Treasury or his delegate for 1976 (as published in the Federal Register in accordance with section 415(a)(1)(D) of this title),

with such product, if not a multiple of $10, being rounded to the next higher multiple of $10 where such amount is a multiple of $5 but not of $10 and to the nearest multiple of $10 in any other case.

(As amended Dec. 20, 1977, Pub. L. 95-216, title III, §§ 351(c), 352(a), (b), 91 Stat. 1550, 1552.)

(II) an amount equal to $11.50 multiplied by the individual's years of coverage in excess of 10, or the increased amount determined for purposes of this subdivision under subsection (i),

whichever is greater. No increase under subsection (i) of this section except as provided in subsection (i)(2)(A) of this section shall apply to the dollar amount specified in subdivision (I) of this clause.

(ii) For purposes of clause (i)(II), the term "years of coverage" with respect to any individual means the number (not exceeding 30) equal to the sum of (I) the number (not exceeding 14 and disregarding any fraction) determined by dividing (a) the total of the wages credited to such individual (including wages deemed to be paid prior to 1951 to such individual under section 417 of this title, compensation under the Railroad Retirement Act of 1937 [45 U.S.C. 228a et seq.] prior to 1951 which is creditable to such individual pursuant to this subchapter, and wages deemed to be paid prior to 1951 to such individual under section 431 of this title) for years after 1936 and before 1951 by (b) $900, plus (II) the number equal to the number of years after 1950 each of which is a computation base year (within the meaning of subsection (b)(2)(B)(ii) of this section) and in each of which he is credited with wages (including wages deemed to be paid to such individual under section 417 of this title, compensation under the Railroad Retirement Act of 1937 or 1974 [45 U.S.C. 228a et seq., 231 et seq.] which is creditable to such individual pursuant to this subchapter, and wages deemed to be paid to such individual under section 429 of this title) and self-employment income of not less than 25 percent of the maximum amount which, pursuant to subsection (e) of this section, may be counted for such year, or of not less than 25 percent of the maximum amount which could be so counted for such year (in the case of a year after 1977) if section 430 of this title as in effect immediately prior to December 20, 1977, had remained in effect without change.

(D) In each calendar year after 1978 the Secretary shall publish in the Federal Register, on or before November 1, the formula for computing benefits under this paragraph and for adjusting wages and self-employment income under subsection (b)(3) of this section in the case of an individual who becomes eligible for an old-age insurance benefit, or (if earlier) becomes eligible for a disability insurance benefit or dies, in the following year, and the average of the total wages (as described in subparagraph (B)(ii)(I)) on which that formula is based. With the initial publication required by this subparagraph, the Secretary shall also publish in the Federal Register the average of the total wages (as so described) for each calendar year after 1950.

(2)(A) A year shall not be counted as the year of an individual's death or eligibility for purposes of this subsection or subsection (i) of this section in any case where such individual was entitled to a disability insurance benefit for any of the 12 months immediately preceding the month of such death or eligibility (but there shall be counted instead the year of the individual's eligibility for the disability insurance benefit or benefits to which he was entitled during such 12 months).

(B) In the case of an individual who was entitled to a disability insurance benefit for any of the 12 months before the month in which he became entitled to an old-age insurance benefit, became reentitled to a disability insurance benefit, or died, the primary insurance amount for determining any benefit attributable to that entitlement, reentitlement, or death is the greater of—

(i) the primary insurance amount upon which such disability insurance benefit was based, increased by the amount of each general benefit increase (as defined in subsection (i)(3) of this section), and each increase provided under subsection (i)(2) of this section, that would have applied to such primary insurance amount had the individual remained entitled to such disability insurance benefit until the month in which he became so entitled or reentitled or died, or

(ii) the amount computed under paragraph (1)(C).

(C) In the case of an individual who was entitled to a disability insurance benefit for any month, and with respect to whom a primary insurance amount is required to be computed at any time after the close of the period of the individual's disability (whether because of such individual's subsequent entitlement to old-age insurance benefits or to a disability insurance benefit based upon a subsequent period of disability, or because of such individual's death), the primary insurance amount so computed may in no case be less than the primary insurance amount with respect to which such former disability insurance benefit was most recently determined.

(3)(A) Paragraph (1) applies only to an individual who was not eligible for an old-age insurance benefit prior to January 1979 and who in that or any succeeding month—

(i) becomes eligible for such a benefit,

(ii) becomes eligible for a disability insurance benefit, or

(iii) dies,

and (except for subparagraph (C)(i)(II) thereof) it applies to every such individual except to the extent otherwise provided by paragraph (4).

(B) For purposes of this subchapter, an individual is deemed to be eligible—

(i) for old-age insurance benefits, for months beginning with the month in which he attains age 62, or

(ii) for disability insurance benefits, for months beginning with the month in which his period of disability began as provided under section 416(i)(2)(C) of this title,

except as provided in paragraph (2)(A) in cases where fewer than 12 months have elapsed since the termination of a prior period of disability.

(4) Paragraph (1) (except for subparagraph (C)(i)(II) thereof) does not apply to the computation or recomputation of a primary insurance amount for—

(A) an individual who was eligible for a disability insurance benefit for a month prior to January 1979 unless, prior to the month in which occurs the event described in clause (i), (ii), or (iii) of paragraph (3)(A), there occurs a period of at least 12 consecutive months for which he was not entitled to a disability insurance benefit, or

(B) an individual who had wages or self-employment income credited for one or more years prior to 1979, and who was not eligible for an old-age or disability insurance benefit, and did not die, prior to January 1979, if in the year for which the computation or recommendation would be made the individual's primary insurance amount would be greater if computed or recomputed—

(i) under this subsection as in effect in December 1978, for purposes of old-age insurance benefits in the case of an individual who becomes eligible for such benefits prior to 1984, or

(ii) as provided by subsection (d) of this section, in the case of an individual to whom such section applies.

In determining whether an individual's primary insurance amount would be greater if computed or recomputed as provided in subparagraph (B), (I) the table of benefits in effect in December 1978 shall be applied without regard to any increases in that table which may become effective (in accordance with subsection (i)(4) of this section) for years after 1978 (subject to clause (iii) of subsection (i)(2)(A) of this section but without regard to clauses (iv) and (v) thereof) and (II) such individual's average monthly wage shall be computed as provided by subsection (b)(4) of this section.

(5) For purposes of computing the primary insurance amount (after December 1978) of an individual to whom paragraph (1) does not apply (other than an individual described in paragraph (4)(B)), this section as in effect in December 1978 shall remain in effect, except that, effective for January 1979, the dollar amount specified in paragraph (3) of this subsection shall be increased to $11.50. The table for determining primary insurance amounts and maximum family benefits contained in this section in December 1978 shall be revised as provided by subsection (i) of this section for each year after 1978.

(b) Average indexed monthly earnings; average monthly wage

(1) An individual's average indexed monthly earnings shall be equal to the quotient obtained by dividing—

(A) the total (after adjustment under paragraph (3)) of his wages paid in and self-employment income credited to his benefit computation years (determined under paragraph (2)), by

(B) the number of months in those years.

(2)(A) The number of an individual's benefit computation years equals the number of elapsed years, reduced by five, except that the number of an individual's benefit computation years may not be less than two.

(B) For purposes of this subsection with respect to any individual—

(i) the term "benefit computation years" means those computation base years, equal in number to the number determined under subparagraph (A), for which the total of such individual's wages and self-employment income, after adjustment under paragraph (3), is the largest;

(ii) the term "computation base years" means the calendar years after 1950 and before—

(I) in the case of an individual entitled to old-age insurance benefits, the year in which occurred (whether by reason of section 402(j)(1) of this title or otherwise) the first month of that entitlement; or

(II) in the case of an individual who has died (without having become entitled to old-age insurance benefits), the year succeeding the year of his death;

except that such term excludes any calendar year entirely included in a period of disability; and

(iii) the term "number of elapsed years" means (except as otherwise provided by section 104(j)(2) of the Social Security Amendments of 1972) the number of calendar years after 1950 (or, if later, the year in which the individual attained age 21) and before the year in which the individual died, or, if it occurred earlier (but after 1960), the year in which he attained age 62; except that such term excludes any calendar year any part of which is included in a period of disability.

(3)(A) Except as provided by subparagraph (B), the wages paid in and self-employment income credited to each of an individual's computation base years for purposes of the selection therefrom of benefit computation years under paragraph (2) shall be deemed to be equal to the product of—

(i) the wages and self-employment income paid in or credited to such year (as determined without regard to this subparagraph), and

(ii) the quotient obtained by dividing—

(I) the average of the total wages (as defined in regulations of the Secretary and computed without regard to the limitations specified in section 409(a) of this title) reported to the Secretary of the Treasury or his delegate for the second calendar year (after 1976) preceding the earliest of the year of the individual's death, eligibility for an old-age insurance benefit, or eligibility for a disability insurance benefit (except that the year in which the individual dies, or becomes eligible, shall not be considered as such year if the individual was entitled to disability insurance benefits for any month in the 12-month period immediately preceding such death or eligibility, but there shall be counted instead the year of the individual's eligibility for the disability insurance benefit to which he was entitled in such 12-month period), by

(II) the average of the total wages (as so defined and computed) reported to the Secretary of the Treasury or his delegate for the computation base year for which the determination is made.

(B) Wages paid in or self-employment income credited to an individual's computation base year which—

(i) occurs after the second calendar year specified in subparagraph (A)(ii)(I), or

(ii) is a year treated under subsection (f)(2)(C) of this section as though it were the last year of the period specified in paragraph (2)(B)(ii),

shall be available for use in determining an individual's benefit computation years, but without applying subparagraph (A) of this paragraph.

(4) For purposes of determining the average monthly wage of an individual whose primary insurance amount is computed (after 1978) under subsection (a) or (d) of this section as in effect (except with respect to the table contained therein) in December 1978, by reason of subsection (a)(4)(B) of this section, this subsection as in effect in December 1978 shall remain in effect, except that paragraph (2)(C) (as then in effect) shall be deemed to provide that "computation base years" include only calendar years in the period after 1950 (or 1936, if applicable) and prior to the year in which occurred the first month for which the individual was eligible (as defined in subsection (a)(3)(B) of this section as in effect in January 1979) for an old-age or disability insurance benefit, or, if earlier, the year in which he died. Any calendar year all of which is included in a period of disability shall not be included as a computation base year for such purposes.

(c) Application of prior provisions in certain cases

This subsection as in effect in December 1978 shall remain in effect with respect to an individual to whom subsection (a)(1) of this section does not apply by reason of the individual's eligibility for an old-age or disability insurance benefit, or the individual's death, prior to 1979.

(d) Primary insurance amount under 1939 Act

(1) For purposes of column I of the table appearing in subsection (a) of this section, as that subsection was in effect in December 1977, an individual's primary insurance benefit shall be computed as follows:

(A) The individual's average monthly wage shall be determined as provided in subsection (b) of this section, as in effect in December 1977 (but without regard to paragraph (4) thereof), except that for purposes of paragraphs (2)(C) and (3) of that subsection (as so in effect) 1936 shall be used instead of 1950.

(B) For purposes of subparagraphs (B) and (C) of subsection (b)(2) of this section (as so in effect)—

(i) the total wages prior to 1951 (as defined in subparagraph (C) of this paragraph) of an individual who attained age 21 after 1936 and prior to 1950 shall be divided by the number of years (hereinafter in this subparagraph referred to as the "divisor") elapsing after the year in which the individual attained age 20 and prior to 1951; and

(ii) the total wages prior to 1951 (as defined in subparagraph (C) of this paragraph) of an individual who attained age 21 after 1949 shall be divided by the number of years (hereinafter in this subparagraph referred to as the "divisor") elapsing after 1949 and prior to 1951.

The quotient so obtained shall be deemed to be the individual's wages credited to each of the years which were used in computing the amount of the divisor, except that—

(iii) if the quotient exceeds $3,000, only $3,000 shall be deemed to be the individual's wages for each of the years which were used in computing the amount of the divisor, and the remainder of the individual's total wages prior to 1951 (I) if less than $3,000, shall be deemed credited to the year immediately preceding the earliest year used in computing the amount of the divisor, or (II) if $3,000 or more, shall be deemed credited, in $3,000 increments, to the year immediately preceding the earliest year used in computing the amount of the divisor and to each year consecutively preceding that year, with any remainder less than $3,000 being credited to the year immediately preceding the earliest year to which a full $3,000 increment was credited; and

(iv) no more than $42,000 may be taken into account, for purposes of this subparagraph, as total wages after 1936 and prior to 1951.

[*See main edition for text of* (C)]

(D) The individual's primary insurance benefit shall be 40 percent of the first $50 of his average monthly wage as computed under this subsection, plus 10 percent of the next $200 of his average monthly wage, increased by 1 percent for each increment year. The number of increment years is the number, not more than 14 nor less than 4, that is equal to the individual's total wages prior to 1951 divided by $1,650 (disregarding any fraction).

[*See main edition for text of* (2)]

(3) The provisions of this subsection as in effect prior to January 2, 1968, shall be applicable in the case of an individual who had a period of disability which began prior to 1951, but only if the primary insurance amount resulting therefrom is higher than the primary

insurance amount resulting from the application of this section (as amended by the Social Security Amendments of 1967) and section 420 of this title.

(4) The provisions of this subsection as in effect in December 1977 shall be applicable to individuals who become eligible for old-age or disability insurance benefits or die prior to 1978.

(e) Certain wages and self-employment income not to be counted

For the purposes of subsections (b) and (d) of this section—

(1) in computing an individual's average indexed monthly earnings or, in the case of an individual whose primary insurance amount is computed under subsection (a) of this section as in effect prior to January 1979, average monthly wage, there shall not be counted the excess over $3,600 in the case of any calendar year after 1950 and before 1955, the excess over $4,200 in the case of any calendar year after 1954 and before 1959, the excess over $4,800 in the case of any calendar year after 1958 and before 1966, the excess over $6,600 in the case of any calendar year after 1965 and before 1968, and the excess over $7,800 in the case of any calendar year after 1967 and before 1972, the excess over $9,000 in the case of any calendar year after 1971 and before 1973, the excess over $10,800 in the case of any calendar year after 1972 and before 1974, the excess over $13,200 in the case of any calendar year after 1973 and before 1975, and the excess over an amount equal to the contribution and benefit base (as determined under section 430 of this title) in the case of any calendar year after 1974 with respect to which such contribution and benefit base is effective (before the application, in the case of average indexed monthly earnings, of subsection (b)(3)(A) of this section) of (A) the wages paid to him in such year, plus (B) the self-employment income credited to such year (as determined under section 412 of this title);

(2) if an individual's average indexed monthly earnings or, in the case of an individual whose primary insurance amount is computed under subsection (a) of this section as in effect prior to January 1979, average monthly wage, computed under subsection (b) of this section or for the purposes of subsection (d) of this section is not a multiple of $1, it shall be reduced to the next lower multiple of $1.

(f) Recomputation of benefits

[*See main edition for text of* (*1*)]

(2)(A) If an individual has wages or self-employment income for a year after 1978 for any part of which he is entitled to old-age or disability insurance benefits, the Secretary shall, at such time or times and within such period as he may by regulation prescribe, recompute the individual's primary insurance account for that year.

(B) For the purpose of applying subparagraph (A) of subsection (a)(1) of this section to the average indexed monthly earnings of an individual to whom that subsection applies and who receives a recomputation under this paragraph, there shall be used, in lieu of the amounts established by subsection (a)(1)(B) of this section for purposes of clauses (i) and (ii) of subsection (a)(1)(A) of this section, the amounts so established that were (or, in the case of an individual described in subsection (a)(4)(B) of this section, would have been) used in the computation of such individual's primary insurance amount prior to the application of this subsection.

(C) A recomputation of any individual's primary insurance amount under this paragraph shall be made as provided in subsection (a)(1) of this section as though the year with respect to which it is made is the last year of the period specified in subsection (b)(2)(B)(ii) of this section; and subsection (b)(3)(A) of this section shall apply with respect to any such recomputation as it applied in the computation of such individual's primary insurance amount prior to the application of this subsection.

(D) A recomputation under this paragraph with respect to any year shall be effective—

(i) in the case of an individual who did not die in that year, for monthly benefits beginning with benefits for January of the following year; or

(ii) in the case of an individual who died in that year, for monthly benefits beginning with benefits for the month in which he died.

(3) Repealed. Pub. L. 95-216, title II, § 201(f)(2), Dec. 20, 1977, 91 Stat. 1521.

(4) A recomputation shall be effective under this subsection only if it increases the primary insurance amount by at least $1.

[*See main edition for text of* (*5*) *and* (*6*)]

(7) This subsection as in effect in December 1978 shall continue to apply to the recomputation of a primary insurance amount computed under subsection (a) or (d) of this section as in effect (without regard to the table in subsection (a) of this section) in that month, and, where appropriate, under subsection (d) as in effect in December 1977. For purposes of recomputing a primary insurance amount determined under subsection (a) or (d) of this section (as so in effect) in the case of an individual to whom those subsections apply by reason of subsection (a)(4)(B) of this section as in effect after December 1978, no remuneration shall be taken into account for the year in which the individual initially became eligible for an old-age or disability insurance benefit or died, or for any year thereafter.

(8) The Secretary shall recompute the primary insurance amounts applicable to beneficiaries whose benefits are based on a primary insurance amount which was computed under subsection (a)(3) of this section effective prior to January 1979, or would have been so computed if the dollar amount specified therein were $11.50. Such recomputation shall be effective January 1979, and shall include the effect of the increase in the dollar amount provided by subsection (a)(1)(C)(i)(II) of this section. Such primary insurance amount shall be deemed to be provided under such section for purposes of subsection (i) of this section.

(h) Election of benefits by Public Health Service Reserve Officers

(1) Notwithstanding the provisions of subchapter III of chapter 83 of title 5, remuneration paid for service to which the provisions of section 410(*l*)(1) of this title are applicable and which is performed by an individual as a commissioned officer of the Reserve Corps of the Public Health Service prior to July 1, 1960, shall not be included in computing entitlement to or the amount of any monthly benefit under this subchapter, on the basis of his wages and self-employment income, for any month after June 1960, and prior to the first month with respect to which the Director of the Office of Personnel Management certifies to the Secretary that, by reason of a waiver filed as provided in paragraph (2), no further annuity will be paid to him, his wife, and his children, or, if he has died, to his widow and children, under subchapter III of chapter 83 of title 5 on the basis of such service.

(i) Cost-of-living increases in benefits

[*See main edition for text of* (*1*)]

(2)(A)(i) The Secretary shall determine each year beginning with 1975 (subject to the limitation in paragraph (1)(B)) whether the base quarter (as defined in paragraph (1)(A)(i)) in such year is a cost-of-living computation quarter.

(ii) If the Secretary determines that the base quarter in any year is a cost-of-living computation quarter, he shall, effective with the month of June of that year as provided in subparagraph (B), increase—

(I) the benefit amount to which individuals are entitled for that month under section 427 or 428 of this title,

(II) the primary insurance amount of each other individual on which benefit entitlement is based under this subchapter (including a primary insurance amount determined under subsection (a)(1)(C)(i)(I) of this section, but subject to the provisions of such subsection (a)(1)(C)(i) of this section and clauses (iv) and (v) of this subparagraph), and

(III) the amount of total monthly benefits based on any primary insurance amount which is permitted under section 403 of this title (and such total shall be increased, unless otherwise so increased under another provision of this subchapter, at the same time as such primary insurance amount) or, in the case of a primary insurance amount computed under subsection (a) of this section as in effect (without regard to the table contained therein) prior to January 1979, the amount to which the beneficiaries may be entitled under section 403 of this title as in effect in December 1978, except as provided by section 403(a)(6) and (7) of this title as in effect after December 1978.

The increase shall be derived by multiplying each of the amounts described in subdivisions (I), (II), and (III) (including each of those amounts as previously increased under this subparagraph) by the same percentage (rounded to the nearest one-tenth of 1 percent) as the percentage by which the Consumer Price Index for that cost-of-living computation quarter exceeds such index for the most recent prior calendar quarter which was a base quarter under paragraph (1)(A)(ii) or, if later, the most recent cost-of-living computation quarter under paragraph (1)(B); and any amount so increased that is not a multiple of $0.10 shall be increased to the next higher multiple of $0.10. Any increase under this subsection in a primary insurance amount determined under subparagraph (C)(i)(II) of subsection (a)(1) of this section shall be applied after the initial determination of such primary insurance amount under that subparagraph (with the amount of such increase, in the case of an individual who becomes eligible for old-age or disability insurance benefits or dies in a calendar year after 1979, being determined from the range of possible primary insurance amounts published by the Secretary under the last sentence of subparagraph (D)).

(iii) In the case of an individual who becomes eligible for an old-age or disability insurance benefit, or who dies prior to becoming so eligible, in a year in which there occurs an increase provided under clause (ii), the individual's primary insurance amount (without regard to the time of entitlement to that benefit) shall be increased (unless otherwise so increased under another provision of this subchapter and, with respect to a primary insurance amount determined under subsection (a)(1)(C)(i)(I) of this section, subject to the provisions of subsection (a)(1)(C)(i) of this section and clauses (iv) and (v) of this subparagraph) by the amount of that increase and subsequent applicable increases, but only with respect to benefits payable for months after May of that year.

(iv)(I) In the case of an individual who is entitled to an old-age insurance benefit that is based on a primary insurance amount determined under subsection (a)(1)(C)(i)(I) of this section, such primary insurance amount shall not be increased under this subsection for any year before the year in which occurs the first month with respect to which there is payable to such individual all or some part of such benefit after application of the provisions of section 403 of this title relating to deductions on account of work, or, if earlier, the year in which he attains age 65.

(II) In the case of an individual who is entitled to an insurance benefit under subsection (e) or (f) of section 402 of this title that is based on a primary insurance amount determined under subsection (a)(1)(C)(i)(I) of this section, such primary insurance amount shall not be increased under this subsection for any year (except as provided in subdivision (III)) before the year in which occurs the first month with respect to which there is payable to such individual all or some part of such benefit after application of the provisions of section 403 of this title relating to deductions on account of work, or, if earlier, the year in which he attains age 65.

(III) Any increase under this subsection which would otherwise be applied to a primary insurance amount except for the provisions of subdivision (II) of this clause, shall apply to such primary insurance amount if, during any month of the year in which the increase occurs, any individual is entitled to a benefit under subsection (d), (g), or (h) of section 402 of this title based on such primary insurance amount, and such primary insurance amount is based upon the wages and self-employment income of a deceased individual.

(IV) No primary insurance amount determined under subsection (a)(1)(C)(i)(I) of this section shall be increased under this subsection for any year during which no individual was entitled to any benefit based thereon under section 402 or 423 of this title for any month of such year.

(V) In any case in which an increase under this subsection which occurs during any year applies to a primary insurance amount determined under subsection (a)(1)(C)(i)(I) of this section, and such an increase occurring in a later year does not apply to such primary insurance amount on account of the provisions of this clause, any such increase which occurs in a later year which is applicable to such primary insurance amount shall be based upon such primary insurance amount as previously increased under this subsection.

(v) Notwithstanding clause (iv), no primary insurance amount shall be less than that provided under subsection (a)(1) of this section without regard to subparagraph (C)(i)(I) thereof, as subsequently increased by applicable increases under this section.

[*See main edition for text of (B) and (C)*]

(D) If the Secretary determines that a base quarter in a calendar year is also a cost-of-living computation quarter, he shall publish in the Federal Register within 45 days after the close of such quarter a determination that a benefit increase is resultantly required and the percentage thereof. He shall also publish in the Federal Register at that time (i) a revision of the range of the primary insurance amounts which are possible after the application of this subsection based on the dollar amount specified in subparagraph (C)(i)(II) of subsection (a)(1) of this section (with such revised primary insurance amounts constituting the increased amounts determined for purposes of such subparagraph (C)(i)(II) under this subsection), or specified in subsection (a)(3) of this section as in effect prior to 1979, and (ii) a revision of the range of maximum family benefits which correspond to such primary insurance amounts (with such maximum benefits being effective notwithstanding section 403(a) of this title except for paragraph (3)(B) thereof (or paragraph (2) thereof as in effect prior to 1979)).

[*See main edition for text of (3)*]

(4) This subsection as in effect in December 1978 shall continue to apply to subsections (a) and (d) of this section, as then in effect, for purposes of computing the primary insurance amount of an individual to whom subsection (a) of this section, as in effect after December 1978, does not apply (including an individual to whom subsection (a) of this section does not apply in any year by reason of paragraph (4)(B) of that subsection (but the application of this subsection in such cases shall be modified by the application of subdivision (I) in the last sentence of paragraph (4) of that subsection)). For purposes of computing primary insurance amounts and maximum family benefits (other than primary insurance amounts and maximum family benefits for individuals to whom such paragraph (4)(B) applies), the Secretary shall publish in the Federal Register revisions of the table of benefits contained in subsection (a) of this section, as in effect in December 1978, as required by paragraph (2)(D) of this subsection as then in effect.

(As amended Dec. 20, 1977, Pub. L. 95-216, title I, § 103(d), title II, § 201, 91 Stat. 1514, 1519; 1978 Reorg. Plan No. 2, § 102, eff. Jan. 1, 1979, 43 F.R. 36037, 92 Stat. 3783.)

AMENDMENTS

1977—Subsec. (a). Pub. L. 95-216, § 201(a), completely revamped the provisions under which the primary insurance amount of an individual is determined by substituting provisions which employ a formula using percentages of different portions of the individual's average indexed monthly earnings for provisions under which the primary insurance amount of an insured individual was determined through references to a five-column table covering primary insurance amounts and maximum family benefits.

Subsec. (b). Pub. L. 95-216, § 201(b), substituted provisions setting up a formula for determining an individual's average indexed monthly earnings using benefit computation years, computation base years, and elapsed years as factors in the determination, for provisions that had set a formula for determining an individual's average monthly wage.

Subsec. (c). Pub. L. 95-216, § 201(c), substituted provisions that this subsection as in effect in Dec. 1978, will remain in effect with respect to an individual to whom subsec. (a)(1) of this section does not apply by reason of the individual's eligibility for an old-age or disability insurance benefit, or the individual's death, prior to 1979, for provisions under which, for the purposes of column II of the latest table that had appeared in (or was deemed to have appeared in) subsec. (a) of this section, an individual's primary insurance amount was to be computed on the basis of the law in effect prior to the month in which the latest such table had become effective, but with a limitation that this subsection was to be applicable only in the case of an individual who had become entitled to benefits under section 402(a) or section 423 of this title, or who had died, before such effective month.

Subsec. (d)(1)(A). Pub. L. 95-216, § 201(d)(1), added provisions in subsec. (d)(1)(A) and the preceding introductory provision directing that the existing references to subsecs. (a) and (b) of this section be deemed reference to such subsecs. (a) and (b) as they were in effect in Dec. 1977.

Subsec. (d)(1)(B). Pub. L. 95-216, § 201(d)(1), made a parenthetical insertion which limited the existing references to subpars. (B) and (C) of subsec. (b)(2) of this section to those provisions as they had been in effect in Dec. 1977, and introduced a simplified method, using the concept of a divisor and a quotient, for computing the primary insurance amounts of workers age 21 after 1936 and before 1951 when wages before 1951 are included in the computations.

Subsec. (d)(1)(D). Pub. L. 95-216, § 201(d)(2), substituted "40 percent" for "45.6 per centum" and "plus 10 percent of the next $200 of his average monthly wage, increased by 1 percent for each increment year" for "plus 11.4 per centum of the next $200 of such average monthly wage" in the existing provisions and added provisions that the number of increment years in the number, not more than 14 nor less than 4, that is equal to the individual's total wages prior to 1951 divided by $1,650 (disregarding any fraction).

Subsec. (d)(3). Pub. L. 95-216, § 201(d)(3), struck out requirement that when wages prior to 1951 are included in computing the average monthly wages of an individual who attains age 21 after 1936 and prior to 1951, the present law computation provisions in effect before the Social Security Amendments of 1967 must be used.

Subsec. (d)(4). Pub. L. 95-216, § 201(d)(4), added par. (4).

Subsec. (e)(1). Pub. L. 95-216, § 201(e), substituted "average indexed monthly earnings or, in the case of an individual whose primary insurance amount is computed under subsection (a) of this section as in effect prior to January 1979, average monthly wage" for "average monthly wage" and "(before the application, in the case of average indexed monthly earnings, of subsection (b)(3)(A) of this section) of (A) the wages paid to him in such year" for "of (A) the wages paid to him in such year".

Subsec. (e)(2). Pub. L. 95-216, § 201(e), substituted "average indexed monthly earnings or, in the case of an individual whose primary insurance amount is computed under subsection (a) of this section as in effect prior to January 1979, average monthly wage".

Subsec. (f)(2). Pub. L. 95-216, § 201(f)(1), generally expanded the provisions for recomputing primary insurance amounts for individuals with wages or self-employment income for years after 1978 for any part of which the individuals are entitled to old-age or disability insurance benefits.

Subsec. (f)(3). Pub. L. 95-216, § 201(f)(2), struck out subsec. (f)(3) which had provided for the recomputation of primary insurance amounts for workers who had self-employment income in 1952 and who had applied for benefits or died prior to 1961.

Subsec. (f)(4). Pub. L. 95-216, § 201(f)(3), substituted "A recomputation shall be effective under this subsection only if it increases the primary insurance amount by at least $1" for "Any recomputation under this subsection shall be effective only if such recomputation results in a higher primary insurance amount".

Subsec. (f)(7), (8). Pub. L. 95-216, § 201(f)(4), added pars. (7) and (8).

Subsec. (i)(2)(A)(ii). Pub. L. 95-216, § 201(g)(1), specified that an automatic benefit increase effective for June of a year in which the Secretary determines that a cost-of-living computation quarter, which triggers such an increase, has occurred will apply to benefits of those entitled to special payments under sections 427 and 428 of this title, to the primary insurance amounts on which beneficiaries are entitled including the frozen minimum primary insurance amounts and special minimum primary insurance amounts, and to the maximum family benefits at the same time as the primary insurance amounts on which they are based, where a primary insurance amount was computed under the law in effect in December 1978 will be increased at the same time as the primary insurance amounts, except as provided in section 403(a)(7) and (7) of this title.

Subsec. (i)(2)(A)(iii)-(v). Pub. L. 95-216, § 201(g)(2), added cls. (iii), (iv), and (v).

Subsec. (i)(2)(D). Pub. L. 95-216, § 201(g)(3), substituted provisions directing publication in the Federal Register of revisions of the range of primary insurance amounts and of the range of maximum family benefits for provisions that had directed publication of the revision of the table of benefits formerly set out in subsec. (a) and had set out the method of determining the revision of the table.

Subsec. (i)(2)(D)(v). Pub. L. 95-216, § 103(d), substituted in cl. (v) "is equal to, or exceeds by less than $5, one-twelfth of the new contribution and benefit base" for "is equal to one-twelfth of the new contribution and benefit base" and "plus 20 percent of the excess of the second figure in the last line of column III as extended under the preceding sentence over such second figure for the calendar year in which the table of benefits is revised" for "plus 20 percent of one-twelfth of the excess of the new contribution and benefit base for the calendar year following the calendar year in which such table of benefits is revised (as determined under section 430 of this title) over such base for the calendar year in which the table of benefits is revised" in the third sentence.

Subsec. (i)(4). Pub. L. 95-216, § 201(g)(4), added par. (4).

§ 424a. Reduction of disability benefits through receipt of workmen's compensation

(a) Conditions for reduction; computation

If for any month prior to the month in which an individual attains the age of 62—

(1) such individual is entitled to benefits under section 423 of this title, and

(2) such individual is entitled for such month, under a workmen's compensation law or plan of the United States or a State, to periodic benefits for a total or partial disability (whether or not permanent) and the Secretary has, in a prior month, received notice of such entitlement for such month,

the total of his benefits under section 423 of this title for such month and of any benefits under section 402 of this title for such month based on his wages and self-employment income shall be reduced (but not below zero) by the amount by which the sum of—

(3) such total of benefits under sections 423 and 402 of this title for such month, and

(4) such periodic benefits payable (and actually paid) for such month to such individual under the workmen's compensation law or plan,

exceeds the higher of—

(6) the total of such individual's disability insurance benefits under section 423 of this title for such month and of any monthly insurance benefits under section 402 of this title for such month based on his wages and self-employment income, prior to reduction under this section.

In no case shall the reduction in the total of such benefits under sections 423 and 402 of this title for a month (in a continuous period of months) reduce such total below the sum of—

(7) the total of the benefits under sections 423 and 402 of this title, after reduction under this section, with respect to all persons entitled to benefits on the basis of such indi-

vidual's wages and self-employment income for such month which were determined for such individual and such persons for the first month for which reduction under this section was made (or which would have been so determined if all of them had been so entitled in such first month), and

(8) any increase in such benefits with respect to such individual and such persons, before reduction under this section, which is made effective for months after the first month for which reduction under this section is made.

For purposes of clause (5), an individual's average current earnings means the largest of (A) the average monthly wage (determined under section 415(b) of this title as in effect prior to January 1979) used for purposes of computing his benefits under section 423 of this title, (B) one-sixtieth of the total of his wages and self-employment income (computed without regard to the limitations specified in sections 409(a) and 411(b)(1) of this title) for the five consecutive calendar years after 1950 for which such wages and self-employment income were highest, or (C) one-twelfth of the total of his wages and self-employment income (computed without regard to the limitations specified in sections 409(a) and 411(b)(1) of this title) for the calendar year in which he had the highest such wages and income during the period consisting of the calendar year in which he became disabled (as defined in section 423(d) of this title) and the five years preceding that year.

(f) Redetermination of reduction

[*See main edition for text of* (*1*)]

(2) In making the redetermination required by paragraph (1), the individual's average current earnings (as defined in subsection (a) of this section) shall be deemed to be the product of—

(A) his average current earnings as initially determined under subsection (a) of this section;

(B) the ratio of (i) the average of the total wages (as defined in regulations of the Secretary and computed without regard to the limitations specified in section 409(a) of this title) reported to the Secretary of the Treasury or his delegate for the calendar year before the year in which such redetermination is made to (ii) the average of the total wages (as so defined and computed) reported to the Secretary of the Treasury or his delegate for calendar year 1977 or, if later, the calendar year before the year in which the reduction was first computed (but not counting any reduction made in benefits for a previous period of disability); and

(C) in any case in which the reduction was first computed before 1978, the ratio of (i) the average of the taxable wages reported to the Secretary for the first calendar quarter of 1977 to (ii) the average of the taxable wages reported to the Secretary for the first calendar quarter of the calendar year before the year in which the reduction was first computed (but not counting any reduction made in benefits for a previous period of disability).

(b) Definitions

For the purposes of this section—

(1) the term "social security system" means, with respect to a foreign country, a social insurance or pension system which is of general application in the country and under which periodic benefits, or the actuarial equivalent thereof, are paid on account of old age, death, or disability; and

(1) Any agreement establishing a totalization arrangement pursuant to this section shall provide—

(A) that in the case of an individual who has at least 6 quarters of coverage as defined in section 413 of this title and periods of coverage under the social security system of a foreign country which is a party to such agreement, periods of coverage of such individual under such social security system of such foreign country may be combined with periods of coverage under this subchapter and otherwise considered for the purposes of establishing entitlement to and the amount of old-age, survivors, and disability insurance benefits under this subchapter;

(B)(i) that employment or self-employment, or any service which is recognized as equivalent to employment or self-employment under this subchapter or the social security system of a foreign country which is a party to such agreement, shall, on or after the effective date of such agreement, result in a period of coverage under the system established under this subchapter or under the system established under the laws of such foreign country, but not under both, and (ii) the methods and conditions for determining under which system employment, self-employment, or other service shall result in a period of coverage; and

(a) Computation of amounts

From the sums appropriated therefor, the Secretary of the Treasury shall pay to each State which has an approved plan for aid and services to needy families with children, for each quarter, beginning with the quarter commencing October 1, 1958—

[*See main edition for text of (1) to (5)*]

The number of individuals with respect to whom payments described in section 606(b)(2) of this title are made for any month, who may be included as recipients of aid to families with dependent children for purposes of paragraph (1) or (2), may not exceed 20 per centum of the number of other recipients of aid to families with dependent children for such month. In computing such 20 percent, there shall not be taken into account individuals with respect to whom such payments are made for any month in accordance with section 602(a)(19)(F) or section 602(a)(26) of this title.

In the case of calendar quarters beginning after September 30, 1977, and prior to April 1, 1978, the amount to be paid to each State (as determined under the preceding provisions of this subsection or section 1318 of this title, as the case may be) shall be increased in accordance with the provisions of subsection (i) of this section.

[*See main edition for text of (b) to (h)*]

(i) Increases in amount

(1) In the case of any calendar quarter which begins after September 30, 1977, and prior to April 1, 1978, the amount payable (as determined under subsection (a) of this section or section 1318 of this title as the case may be) to each State which has a State plan approved under this part shall (subject to the succeeding paragraphs of this subsection) be increased by an amount equal to the sum of the following:

(A) an amount which bears the same ratio to $46,750,000 as the amount expended as aid to families with dependent children under the State plan of such State during the month of December 1976 bears to the amount expended as aid to families with dependent children under the State plans of all States during such month, and

(B)(i) in the case of Puerto Rico, Guam, and the Virgin Islands, an amount equal to the amount determined under subparagraph (A) with respect to such State, or

(ii) in the case of any other State, an amount which bears the same ratio to $46,750,000, minus the amounts determined under clause (i) of this subparagraph, as the amount allocated to such State under section 1225 of title 31, for the most recent entitlement period for which allocations have been made under such section prior to December 20, 1977, bears to the total of the amounts allocated to all States under section 1225 of title 31 for such period.

(2) As a condition of any State receiving an increase, by reason of the application of the foregoing provisions of this subsection, in the amount determined for such State pursuant to subsection (a) of this section or under section 1318 of this title (as the case may be), such State must agree to pay to any political subdivision thereof which participates in the cost of the State's plan approved under this part, during any calendar quarter with respect to which such increase applies, so much of such increase as does not exceed 100 per centum of such political subdivision's financial contribution to the State's plan for such quarter.

(3) Notwithstanding any other provision of this part, the amount payable to any State by reason of the preceding provisions of this subsection for calendar quarters prior to April 1, 1978, shall be made in a single installment, which shall be payable as shortly after October 1, 1977, as is administratively feasible.

(j) Incentive adjustments; "dollar error rate of aid"

If the dollar error rate of aid furnished by a State under its State plan approved under this part with respect to any six-month period, as based on samples and evaluations thereof, is—

(1) at least 4 per centum, the amount of the Federal financial participation in the expenditures made by the State in carrying out such plan during such period shall be determined without regard to the provisions of this subsection; or

(2) less than 4 per centum, the amount of the Federal financial participation in the expenditures made by the State in carrying out such plan during such period shall be the amount determined without regard to this subsection, plus, of the amount by which such expenditures are less than they would have been if the erroneous excess payments of aid had been at a rate of 4 per centum—

(A) 10 per centum of the Federal share of such amount, in case such rate is not less than 3.5 per centum,

(B) 20 per centum of the Federal share of such amount, in case such rate is at least 3.0 per centum but less than 3.5 per centum,

(C) 30 per centum of the Federal share of such amount, in case such rate is at least 2.5 per centum but less than 3.0 per centum,

(D) 40 per centum of the Federal share of such amount, in case such rate is at least 2.0 per centum but less than 2.5 per centum,

(E) 50 per centum of the Federal share of such amount, in case such rate is less than 2.0 per centum.

For purposes of this subsection (i) the term "dollar error rate of aid" means the total of the dollar error rates of aid for (I) payments to ineligible families receiving assistance; (II) overpayments to eligible families receiving assistance; (III) underpayments to eligible families receiving assistance; and (IV) nonpayments to eligible families not receiving assistance due to erroneous terminations or denials, and (ii) the term "erroneous excess payments," means the total of (I) erroneous payments to ineligible families receiving assistance, and (II) overpayments to eligible families receiving assistance.

§ 1314. Public advisory groups

CHANGE OF NAME

§ 1315. Demonstration projects; waiver of State plan requirements; costs regarded as State plan expenditures; availability of appropriations

(a) In the case of any experimental, pilot, or demonstration project which, in the judgment of the Secretary, is likely to assist in promoting the objectives of subchapter I, VI, X, XIV, XVI, XIX, or XX of this chapter, or part A of subchapter IV of this chapter, in a State or States—

(1) the Secretary may waive compliance with any of the requirements of section 302, 602, 802, 1202, 1352, 1382, 1396a, 1397a, 1397b, or 1397c of this title, as the case may be, to the extent and for the period he finds necessary to enable such State or States to carry out such project, and

(2) costs of such project which would not otherwise be included as expenditures under section 303, 603, 803, 1203, 1353, 1383, 1396b, or 1397a of this title, as the case may be, and which are not included as part of the costs of projects under section 1310 of this title, shall, to the extent and for the period prescribed by the Secretary, be regarded as expenditures under the State plan or plans approved under such subchapter, or for administration of such State plan or plans, or expenditures with respect to which payment shall be made under section 1397a of this title, as may be appropriate.

In addition, not to exceed $4,000,000 of the aggregate amount appropriated for payments to States under such subchapters for any fiscal year beginning after June 30, 1967, shall be available, under such terms and conditions as the Secretary may establish, for payments to States to cover so much of the cost of such projects as is not covered by payments under such subchapters and is not included as part of the cost of projects for purposes of section 1310 of this title.

(b)(1) In order to permit the States to achieve more efficient and effective use of funds for public assistance, to reduce dependency, and to improve the living conditions and increase the incomes of individuals who are recipients of public assistance, any State having an approved plan under part A of subchapter IV of this chapter may, subject to the provisions of this subsection, establish and conduct not more than three demonstration projects. In establishing and conducting any such project the State shall—

(A) provide that not more than one such project be conducted on a statewide basis;

(B) provide that in making arrangements for public service employment—

(i) appropriate standards for the health, safety, and other conditions applicable to the performance of work and training on such project are established and will be maintained,

(ii) such project will not result in the displacement of employed workers,

(iii) each participant in such project shall be compensated for work performed by him at an hourly rate equal to the prevailing hourly wage for similar work in the locality where the participant performs such work (and, for purposes of this clause, benefits payable under the State's plan approved under part A of subchapter IV of this chapter of the family of which such participant is a member shall be regarded as compensation for work performed by such participant),

(iv) with respect to such project the conditions of work, training, education, and employment are reasonable in the light of such factors as the type of work, geographical region, and proficiency of the participant, and

(v) appropriate workmen's compensation protection is provided to all participants; and

(C) provide that participation in such project by any individual receiving aid to families with dependent children be voluntary.

(2) Any State which establishes and conducts demonstration projects under this subsection may, subject to paragraph (3), with respect to any such project—

(A) waive, subject to paragraph (3), any or all of the requirements of sections 602(a)(1) of this title (relating to statewide operation), 602(a)(3) of this title (relating to administration by a single State agency), 602(a)(8) of this title (relating to disregard of earned income), except that no such waiver of 602(a)(8) of this title shall operate to waive any amount in excess of one-half of the earned income of any individual, and 602(a)(19) of this title (relating to the work incentive program);

(B) subject to paragraph (4), use to cover the costs of the project such funds as are appropriated for payment to such State with respect to the assistance which is or would, except for participation in a project under this subsection, be payable to individuals participating in such projects under part A of subchapter IV of this chapter for any fiscal year in which such projects are conducted; and

(C) use such funds as are appropriated for payments to States under the State and Local Fiscal Assistance Act of 1972 [31 U.S.C. 1221 et seq.] for any fiscal year in which the project is conducted to cover so much of the costs of salaries for individuals participating in public service employment as is not covered through the use of funds made available under subparagraph (B).

(3)(A) Any State which wishes to establish and conduct demonstration projects under the provisions of this subsection shall submit an application to the Secretary in such form and containing such information as the Secretary may require. Whenever any State submits such an application to the Secretary, it shall at the same time issue public notice of that fact together with a general description of the project with respect to which the application is submitted, and shall invite comment thereon from interested parties and comments thereon may be submitted, within the 30-day period beginning with the date the application is submitted to the Secretary, to the State or the Secretary by such parties. The State shall also make copies of the application available for public inspection. The Secretary shall also immediately publish a summary of the proposed project, make copies of the application available for public inspection, and receive and consider comments submitted with respect to the application. A State shall be authorized to proceed with a project submitted under this subsection—

(i) when such application has been approved by the Secretary (which shall be no earlier than 30 days following the date the application is submitted to him), or

(ii) 60 days after the date on which such application is submitted to the Secretary unless, during such 60 day period, he denies the application.

(B) Notwithstanding the provisions of paragraph (2)(A), the Secretary may review any waiver made by a State under such paragraph. Upon a finding that any such waiver is inconsistent with the purposes of this subsection and the purposes of part A of subchapter IV of this chapter, the Secretary may disapprove such waiver. The project with respect to which any such disapproved waiver was made shall be terminated by such State not later than the last day of the month following the month in which such waiver was disapproved.

(4) Any amount payable to a State under section 603(a) of this title on behalf of an individual participating in a project under this section shall not be increased by reason of the participation of such individual in any demonstration project conducted under this subsection over the amount which would be payable if such individual were receiving aid to families with dependent children and not participating in such project.

(5) Participation in a project established under this section shall not be considered to constitute employment for purposes of any finding with respect to "unemployment" as that term is used in section 607 of this title.

(6) Any demonstration project established and conducted pursuant to the provisions of this subsection shall be conducted for not longer than two years. All demonstration projects established and conducted pursuant to the provisions of this subsection shall be terminated not later than September 30, 1980.

§ 1320a. Uniform reporting systems for health services facilities and organizations

For the purposes of reporting the cost of services provided by, of planning, and of measuring and comparing the efficiency of and effective use of services in, hospitals, skilled nursing facilities, intermediate care facilities, home health agencies, health maintenance organizations, and other types of health services facilities and organizations to which payment may be made under this chapter, the Secretary shall establish by regulation, for each such type of health services facility or organization, a uniform system for the reporting by a facility or organization of that type of the following information:

(2) The costs and volume of services for various functional accounts and subaccounts.

(3) Rates, by category of patient and class of purchaser.

(4) Capital assets, as defined by the Secretary, including (as appropriate) capital funds, debt service, lease agreements used in lieu of capital funds, and the value of land, facilities, and equipment.

The uniform reporting system for a type of health services facility or organization shall provide for appropriate variation in the application of the system to different classes of facilities or organizations within that type and shall be established, to the extent practicable, consistent with the cooperative system for producing comparable and uniform health information and statistics described in section 242k(e)(1) of this title. In reporting under such a system, hospitals shall employ such chart of accounts, definitions, principles, and statistics as the Secretary may prescribe in order to reach a uniform reconciliation of financial and statistical data for specified uniform reports to be provided to the Secretary.

(b) Monitoring, etc., of systems by Secretary

The Secretary shall—

(2) assist with and support demonstrations and evaluations of the effectiveness and cost of the operation of such systems and encourage State adoption of such systems; and

(3) periodically revise such systems to improve their effectiveness and diminish their cost.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1395x, 1396a of this title.

§ 1320a-1. Limitation on use of Federal funds for capital expenditures

(a) Use of reimbursement for planning activities for health services and facilities

The purpose of this section is to assure that Federal funds appropriated under subchapters V, XVIII, and XIX of this chapter are not used to support unnecessary capital expenditures made by or on behalf of health care facilities which are reimbursed under any of such subchapters and that, to the extent possible, reimbursement under such subchapters shall support planning activities with respect to health services and facilities in the various States.

(b) Agreement between Secretary and State for submission of proposed capital expenditures related to health care facilities and procedures for appeal from recommendations

The Secretary, after consultation with the Governor (or other chief executive officer) and with appropriate local public officials, shall make an agreement with any State which is able and willing to do so under which a designated planning agency (which shall be an agency described in clause (ii) of subsection (d)(1)(B) of this section that has a governing body or advisory board at least half of whose members represent consumer interests) will—

(1) make, and submit to the Secretary together with such supporting materials as he may find necessary, findings and recommendations with respect to capital expenditures proposed by or on behalf of any health care facility in such State within the field of its responsibilities,

(2) receive from other agencies described in clause (ii) of subsection (d)(1)(B) of this section, and submit to the Secretary together with such supporting material as he may find necessary, the findings and recommendations of such other agencies with respect to capital expenditures proposed by or on behalf of health care facilities in such State within the fields of their respective responsibilities, and

(3) establish and maintain procedures pursuant to which a person proposing any such capital expenditure may appeal a recommendation by the designated agency and will be granted an opportunity for a fair hearing by such agency or person other than the designated agency as the Governor (or other chief executive officer) may designate to hold such hearings,

whenever and to the extent that the findings of such designated agency or any such other agency indicate that any such expenditure is not consistent with the standards, criteria, or plans developed pursuant to the Public Health Service Act [42 U.S.C. 201 et seq.] (or the Mental Retardation Facilities and Community Mental Health Centers Construction Act of 1963 [42 U.S.C. 2689 et seq., 6000 et seq.]) to meet the need for adequate health care facilities in the area covered by the plan or plans so developed.

[*See main edition for text of* (c)]

(d) Determination of amount of exclusions from Federal payments

(1) Except as provided in paragraph (2), if the Secretary determines that—

[*See main edition for text of* (*A*)]

(B) [*See main edition text of* (*i*)]

(ii) the planning agency so designated had, prior to submitting to the Secretary the findings referred to in subsection (b) of this section—

(I) consulted with, and taken into consideration the findings and recommendations of, the State planning agencies established pursuant to sections 314(a) and 604(a) of the Public Health Service Act [42 U.S.C. 246(a), 291d(a)] (to the extent that either such agency is not the agency so designated) as well as the public or nonprofit private agency or organization responsible for the comprehensive regional, metropolitan area, or other local area plan or plans referred to in section 314(b) of the Public Health Service Act [42 U.S.C. 246(b)] and covering the area in which the health care facility proposing such capital expenditure is located (where such agency is not the agency designated in the agreement), or, if there is no such agency, such other public or nonprofit private agency or organization (if any) as performs, as determined in accordance with criteria included in regulations, similar functions, and

(II) granted to the person proposing such capital expenditure an opportunity for a fair hearing with respect to such findings;

then, for such period as he finds necessary in any case to effectuate the purpose of this section, he shall, in determining the Federal payments to be made under subchapters V, XVIII, and XIX of this chapter with respect to services furnished in the health care facility for which such capital expenditure is made, not include any amount which is attributable to depreciation, interest, on borrowed funds, a return on equity capital (in the case of proprietary facilities), or other expenses related to such capital expenditure. With respect to any organization which is reimbursed on a per capita or a fixed fee or negotiated rate basis, in determining the Federal payments to be made under subchapters V, XVIII, and XIX of this chapter, the Secretary shall exclude an amount which in his judgment is a reasonable equivalent to the amount which would otherwise be excluded under this subsection if payment were to be made on other than a per capita or a fixed fee or negotiated rate basis.

(2) If the Secretary, after submitting the matters involved to the advisory council established or designated under subsection (i) of this section, determines that an exclusion of expenses related to any capital expenditure of any health care facility would discourage the operation of expansion of such facility which has demonstrated to his satisfaction proof of capability to provide comprehensive health care services (including institutional services) efficiently, effectively, and economically, or would otherwise be inconsistent with the effective organization and delivery of health services or the effective administration of subchapter V, XVII, or XIX of this chapter, he shall not exclude such expenses pursuant to paragraph (1).

[*See main edition for text of* (*A*) *to* (*C*), (*2*) *to* (*4*)]

(5) Physicians assigned responsibility for the review of hospital care may be only those having active hospital staff privileges in at least one of the participating hospitals in the area served by the Professional Standards Review Organization.

(6) No physician shall be permitted to review—

(A) health care services provided to a patient if he was directly responsible for providing such services, or

(B) health care services provided in or by an institution, organization, or agency, if he or any member of his family has, directly or indirectly, a significant financial interest in such institution, organization, or agency.

For purposes of this paragraph, a physician's family includes only his spouse (other than a spouse who is legally separated from him under a decree of divorce or separate maintenance), children (including legally adopted children), grandchildren, parents, and grandparents.

(7)(A) Except as provided in subparagraph (B), a Professional Standards Review Organization located in a State has the function and duty to assume responsibility for the review under paragraph (1) of professional activities in intermediate care facilities (as defined in section 1396d(c) of this title) and in public institutions for the mentally retarded (described in section 1396d(d)(1) of this title) only if (i) the Secretary finds, on the basis of such documentation as he may require from the State, that the single State agency which administers or supervises the administration of the State plan approved under subchapter XIX of this chapter for that State is not performing effective review of the quality and necessity of health care services provided in such facilities and institutions, or (ii) the State requests such organization to assume such responsibility.

(B) A Professional Standards Review Organization located in a State has the function and duty to assume responsibility for the review under paragraph (1) of professional activities in intermediate care facilities in the State that are also skilled nursing facilities (as defined in section 1395x(j) of this title), to the extent that the Secretary finds that the performance of such function by the single State agency (described in subparagraph (A)) for that State is inefficient.

(1) Each Professional Standards Review Organization shall utilize the services of, and accept the findings of, the review committees of a hospital (including any skilled nursing facility, as defined in section 1395x(j) of this title, or intermediate care facility, as defined in section 1396d(c) of this title, which is also a part of such hospital) or other operating health care facility or organization (other than such a skilled nursing facility or intermediate care facility which is not a part of a hospital) located in the area served by such organization, but only when and only to the extent and only for such time that such committees in such hospital or other operating health care facility or organization have demonstrated to the satisfaction of such organization their capacity effectively and in timely fashion to review activities in such hospital or other operating health care facility or organization (including the medical necessity of admissions, types and extent of services ordered, and lengths of stay) so as to aid in accomplishing the purposes and responsibilities described in subsection (a)(1) of this section, except where the Secretary disapproves, for good cause, such acceptance.

(2) The Secretary may prescribe regulations to carry out the provisions of this subsection.

(f) Agreement requirements

[*See main edition for text of* (*1*) *and* (*2*)]

(g) Priority for requests for review responsibility over shared health facilities; assumption or request for review responsibility over ambulatory care services

(1) Where a Professional Standards Review Organization (whether designated on a conditional basis or otherwise) requests review responsibility with respect to services furnished in shared health facilities, the Secretary must give priority to such request, with the highest priority being assigned to requests from organizations located in areas with substantial numbers of shared health facilities.

(2) The Secretary shall require any Professional Standards Review Organization which is capable of exercising review responsibility with respect to ambulatory care services to perform review responsibility with respect to such services on and after a date not earlier than the date the organization is designated as a Professional Standards Review Organization (other than under section 1320c-3 of this title) and not later than two years after the date the organization has been so designated, but any such designated Professional Standards Review Organization may be approved to perform such review responsibility at any earlier time if such organization applies for, and is found capable of exercising, such responsibility.

(As amended Oct. 25, 1977, Pub. L. 95-142, § 5(c)(1), (d)(3), (*o*)(2), (p), 91 Stat. 1184, 1188, 1191, 1192.)

§ 1320c-20. Federal-State relations

(a) Memorandum of understanding between Professional Standards Review Organization and State agency as prerequisite for conclusiveness of determinations of Organization; waiver

(1) Except as provided in paragraph (2), no determination made by a Professional Standards Review Organization pursuant to paragraphs (1) and (2) of section 1320c-4(a) of this title in connection with reviews shall constitute conclusive determinations under section 1320c-7(c) of this title for purposes of payment under subchapter XIX of this chapter, unless such organization has entered into a memorandum of understanding, approved by the Secretary, with the single State agency responsible for administering or supervising the administration of the State plan approved under subchapter XIX of this chapter for the State in which the organization is located (hereinafter in this section referred to as the "State agency") for the purpose of delineating the relationship between the organization and the State agency and of providing for the exchange of data or information, and for administrative procedures, coordination mechanisms, and modification of the memorandum at any time that additional responsibility for review by the organization is authorized by the Secretary.

(2) The requirement of paragraph (1) may be waived by the Secretary if (A) the State agency indicates to the Secretary that it does not wish to enter into a memorandum of understanding with the organization involved, or (B) the Secretary finds that the State agency has refused to negotiate in good faith or in a timely manner with the organization involved.

(b) Specification by Organization of review goals and methods in memorandum of understanding; procedures applicable

(1) The State agency may request a Professional Standards Review Organization which is entering into such a memorandum of understanding with the agency to include in the memorandum a specification of review goals or methods (additional to any such goals or methods contained in the organization's formal plan) for the performance of the organization's duties and functions under this part.

(2) If the agency and the organization cannot reach agreement regarding the inclusion of any such requested specification, the Secretary shall review such specification and shall require that the specification be included in the memorandum to the extent that the Secretary determines that such specification of goals or methods (A) is consistent with the functions of the organization under this part and with the provisions of subchapter XIX of this chapter and the State's plan approved under such subchapter, and (B) does not seriously impact on the effectiveness and uniformity of the organi-

zation's review of health care services paid for under subchapters XVIII and XIX of this chapter.

(c) Contract by State agency and Organization for performance of additional review responsibilities by Organization; reimbursement as expense of State agency

Notwithstanding any other provision of this chapter, the State agency may contract with any Professional Standards Review Organization located in the State for the performance of review responsibilities in addition to those performed pursuant to this part (and the cost of performance of such additional responsibilities is reimbursable as an expense of the State agency under section 1396b(a) of this title) if—

(1) the State agency formally requests the performance of such additional responsibilities, and

(2) the performance of such additional responsibilities is not inconsistent with this part and is provided for in an amendment to the State's plan which is approved by the Secretary under subchapter XIX of this chapter.

(d) State monitoring plans for State agency oversight of Organization and performance of review responsibilities; development, approval, and contents; criteria and procedure for suspension of authority of Organization by Secretary

(1) Each State agency may monitor the performance of review responsibilities by Professional Standards Review Organizations located within the State, in accordance with a State monitoring plan which is developed after review and comment by such organizations and is approved by the Secretary. The costs of activities of the State agency under and in accordance with such plan are reimbursable as an expense of the State agency under section 1396b(a) of this title.

(2) A monitoring plan developed and approved under paragraph (1) may include a specification of performance criteria for judging the effectiveness of the review performance of the Professional Standards Review Organizations. If the State agency and the Professional Standards Review Organizations cannot reach agreement regarding such criteria, the Secretary shall assist the agency and organizations in resolving the matters in dispute.

(3)(A) Whenever a State agency monitoring the performance of review responsibilities by a Professional Standards Review Organization under a plan developed and approved under paragraph (1) submits to the Secretary reasonable documentation that the review determinations of such organization have caused an unreasonable and detrimental impact on total State expenditures under subchapter XIX of this chapter and on the appropriateness of care received by individuals under the State's plan approved under such subchapter, and requests the Secretary to act, the Secretary shall, within thirty days from the date of receipt of the documentation, make a determination as to the reasonableness of the allegation by the State agency. If the Secretary determines that the review determinations of such organization have caused an unreasonable and detrimental impact on total State expenditures under subchapter XIX of this chapter and on the appropriateness of care received by individuals under the State's plan approved under such subchapter, unless the Secretary determines that the organization has taken appropriate corrective action, he shall immediately suspend such organization's authority in whole or in part under section 1320c-7(c) of this title to make conclusive determinations for purposes of payment under subchapter XIX of this chapter (and he may suspend such authority for purposes of payment under subchapter XVIII of this chapter) until he (i) reevaluates such organization's performance of the responsibilities involved and determines that such performance does not have such unreasonable and detrimental impact, or (ii) determines that the organization has taken appropriate corrective action. Any determination made by the Secretary under this subparagraph shall be final and shall not be subject to judicial review.

(B) The Secretary shall notify the State agency submitting such documentation, and the organization involved, in writing, of his determination, any subsequent actions taken, and the basis thereof, and shall notify the appropriate committees of the United States House of Representatives and the Senate of any such documentation submitted and the actions taken.

(e) Establishment by Secretary of procedures and mechanisms to govern relations with State agencies; requirements for procedures and mechanisms; disclosure of information and data by Organization to State agency

(1) The Secretary shall in a timely manner establish procedures and mechanisms to govern his relationships with State agencies under this part (specifically including his relationships with such agencies in connection with their respective functions under the preceding provisions of this section). Such mechanisms shall include periodic consultation by the Secretary with State agency representatives and representatives of Professional Standards Review Organizations regarding relationships between such agencies and such organizations (including the appropriate exchange of data and information between such agencies and such organizations) and other problems of mutual concern, and such procedures shall permit the State agency to be represented on any project assessments conducted by the Secretary with respect to a Professional Standards Review Organization located within its State.

(2) Each Professional Standards Review Organization shall provide to the State agency for the State in which it is located, upon request, data or information which the Secretary requires such organizations to report to him routinely on a periodic basis, and such other data or information as the Secretary authorizes to be disclosed.

(Aug. 14, 1935, ch. 531, title XI, § 1171, as added Oct. 25, 1977, Pub. L. 95-142, § 5(d)(2)(D), 91 Stat. 1186.)

[*See main edition for text of (1) and (2)*]

As used in this subsection, the term 'cost-of-living increase in the level of benefits payable under title XVI of the Social Security Act [this subchapter]' means an increase in benefits payable under such title XVI by reason of the operation of section 1617 of such Act [section 1382f of this title]; except that the cost-of-living increase in the level of benefits payable under such title XVI which became effective for the month of July 1976 shall be deemed (for purposes of determining the amount of the required excess referred to in the matter following subparagraph (A) and preceding subparagraph (B) in paragraph (1)) to have provided an increase of $3.00 per month in the case of an individual without an eligible spouse and $4.50 per month in the case of an individual with an eligible spouse. For purposes of this subsection, if the State requests the Secretary to make the finding specified in the first sentence of this subsection and to make an additional cash payment under title XVI [this subchapter] in lieu of food stamps, in the amount and the manner described below, to every individual in the State who does not have an eligible spouse and who receives a supplementary payment pursuant to an agreement under section 1616(a) of the Act [subsec. (a) of this section] (other than an individual who (i) receives such a supplementary payment at a level prescribed by the State by reason of his or her residence in an institution, or other living arrangement in which board and care are provided, or (ii) receives payments pursuant to section 212 of Public Law 93-66 [set out as a note under section 1382 of this title] at a level in excess of the level applicable to such individual as established by the State under such agreement), the Secretary shall make such payments if he finds that the conditions of paragraph (1) have been met (and for this purpose the conditions of paragraph (1) shall be considered to have been met to the extent that they involve amounts payable under the law referred to in paragraph (1)(B) notwithstanding the suspension in 1978 of the cost-of-living increase in State supplementary payments under such law) for months beginning with the first month in which, as determined by the Secretary, such additional cash payment can be made, and ending with the month before the first subsequent month for which the conditions of paragraph (1) are met without regard to this sentence (and the requirements of paragraph (2) shall also be considered to have been met, effective on the first day of such first subsequent month, for purposes of applying the first sentence of this subsection to that month and succeeding months). For purposes of the preceding sentence, the amount of an additional cash payment under title XVI [this subchapter] in lieu of food stamps shall equal the cash value of the minimum allotment specified by section 8(a) of the Food Stamp Act of 1977 [section 2017(a) of Title 7, Agriculture] for one-person households, and such additional cash payment shall be appropriately included in or with the check issued to such individual in payment of his supplementary security income benefit (or supplementary payment under such section 1616(a) [subsec. Limitation on Fiscal Liability of States for Payment to Secretary of Supplementary Payments Made by Secretary Pursuant to Agreement

Section 401 of Pub. L. 92-603, as amended by Pub. L. 93-233, § 18(h), Dec. 31, 1973, 87 Stat. 969; Pub. L. 94-566, title V, § 504(a), Oct. 20, 1976, 90 Stat. 2686; Pub. L. 94-585 § 2(b), Oct. 21, 1976, 90 Stat. 2902, provided that:

"(a)(1) The amount payable to the Secretary by a State for any fiscal year, other than fiscal year 1974, pursuant to its agreement or agreements under section 1616 of the Social Security Act [this section] shall not exceed the non-Federal share of expenditures as aid or assistance for quarters in the calendar year 1972 under the plans of the State approved under titles I, X, XIV, and XVI of the Social Security Act [subchapters I, X, XIV, and XVI of this chapter] (as defined in subsection (c) of this section), and the amount payable for fiscal year 1974 pursuant to such agreement or agreements shall not exceed one-half of the non-Federal share of such expenditures.

"(2) Paragraph (1) of this subsection shall only apply with respect to that portion of the supplementary payments made by the Secretary on behalf of the State under such agreements in any fiscal year which does not exceed in the case of any individual the difference between—

"(A) the adjusted payment level under the appropriate approved plan of such State as in effect for January 1972 (as defined in subsection (b) of this section), and

"(B) the benefits under title XVI of the Social Security Act [this subchapter] (subject to the second sentence of this paragraph), plus income not excluded under section 1612(b) of such Act [section 1382a(b) of this title] in determining such benefits, paid to such individual in such fiscal year,

and shall not apply with respect to supplementary payments to any individual who (i) is not required by section 1616 of such Act [this section] to be included in any such agreement administered by the Secretary and (ii) would have been ineligible (for reasons other than income) for payments under the appropriate approved State plan as in effect for January 1972. In determining the difference between the level specified in subparagraph (A) and the benefits and income described in subparagraph (B) there shall be excluded any part of any such benefit which results from (and would not be payable but for) any cost-of-living increase in such benefits under section 1617 of such Act [section 1382f of this title] (or any general increase enacted by law in the dollar amounts referred to in such section) becoming effective after June 30, 1977.

"(b)(1) For purposes of subsection (a), the term 'adjusted payment level under the appropriate approved plan of a State as in effect for January 1972' means the amount of the money payment which an individual with no other income would have received under the plan of such State approved under title I, X, XIV, or XVI of the Social Security Act [subchapters I, X, XIV, or XVI of this chapter], as may be appropriate, and in effect for January 1972; except that the State may, at its option, increase such payment level with respect to any such plan by an amount which does not exceed the sum of—

"(A) a payment level modification (as defined in paragraph (2) of this subsection) with respect to such plan, and

"(B) the bonus value of food stamps in such State for January 1972 (as defined in paragraph (3) of this subsection).

"(2) For purposes of paragraph (1), the term 'payment level modification' with respect to any State plan means that amount by which a State which for January 1972 made money payments under such plan to individuals with no other income which were less than 100 per centum of its standard of need could have increased such money payments without increasing (if it reduced its standard of need under such plan so that such increased money payments equaled 100 per centum of such standard of need) the non-Federal share of expenditures as aid or assistance for quarters in calendar year 1972 under the plans of such State approved under titles I, X, XIV, and XVI of the Social Security Act [subchapters I, X, XIV, and XVI of this chapter].

"(3) For purposes of paragraph (1), the term 'bonus value of food stamps in a State for January 1972' with respect to an individual means—

"(A) the face value of the coupon allotment which would have been provided to such an individual under the Food Stamp Act of 1964 [section 2011 et seq. of Title 7, Agriculture] for January 1972, reduced by

"(B) the charge which such an individual would have paid for such coupon allotment.

if the income of such individual, for purposes of determining the charge it would have been paid for its coupon allotment, had been equal to the adjusted payment level under the State plan (including any payment level modification with respect to the plan adopted pursuant to paragraph (2) (but not including any amount under this paragraph)). The total face value of food stamps and the cost thereof in January 1972 shall be determined in accordance with rules prescribed by the Secretary of Agriculture in effect in such month.

"(c) For purposes of this section, the term 'non-Federal share of expenditures as aid or assistance for quarters in the calendar year 1972 under the plans of a State approved under titles I, X, XIV, and XVI of the Social Security Act' [subchapters I, X, XIV, and XVI of this chapter] means the difference between—

"(1) the total expenditures in such quarters under such plans for aid or assistance (excluding expenditures authorized under section 1119 of such Act [section 1319 of this title] for repairing the home of an individual who was receiving aid or assistance under one of such plans (as such section was in effect prior to the enactment of this Act)), and

"(2) the total of the amounts determined under sections 3, 1003, 1403, and 1603 of the Social Security Act [sections 303, 1203, 1353, and 1383 note of this title], under section 1118 of such Act [section 1318 of this title] and under section 9 of the Act of April 19, 1950 [section 639 of Title 25, Indians], for such State with respect to such expenditures in such quarters."

AMENDMENTS

1977—Subsec. (c). Pub. L. 95-142 added subsec. (c).

If any group or association of providers of services wishes to have payments under this part to such providers made through a national, State, or other public or private agency or organization and nominates such agency or organization for this purpose, the Secretary is authorized to enter into an agreement with such agency or organization providing for the determination by such agency or organization (subject to the provisions of section 1395*oo* of this title and to such review by the Secretary as may be provided for by the agreement) of the amount of the payments required pursuant to this part to be made to such providers (and to providers assigned to such agency or organization under subsection (e) of this section), and for the making of such payments by such agency or organization to such providers (and to providers assigned to such agency or organization under subsection (e) of this section). (b) Prerequisites for agreement or renewal of agreement by Secretary

The Secretary shall not enter into or renew an agreement with any agency or organization under this section unless—

(1) he finds—

(A) after applying the standards, criteria, and procedures developed under subsection (f) of this section, that to do so is consistent with the effective and efficient administration of this part, and

(B) that such agency or organization is willing and able to assist the providers to which payments are made through it under this part in the application of safeguards against unnecessary utilization of services furnished by them to individuals entitled to hospital insurance benefits under section 426 of this title, and the agreement provides for such assistance; and

(2) such agency or organization agrees—

(e) Assignment or reassignment by Secretary of provider of services; designation by Secretary of agency or organization to perform services for provider of services; procedures applicable to assignment or reassignment, or designation

(1) Notwithstanding subsections (a) and (d) of this section, the Secretary, after taking into consideration any preferences of providers of services, may assign or reassign any provider of services to any agency or organization which has entered into an agreement with him under this section, if he determines, after applying the standards, criteria, and procedures developed under subsection (f) of this section, that such assignment or reassignment would result in the more effective and efficient administration of this part.

(2) Notwithstanding subsections (a) and (d) of this section, the Secretary may designate a national or regional agency or organization which has entered into an agreement with him under this section to perform functions under the agreement with respect to a class of providers of services in the Nation or region (as the case may be), if he determines, after applying the standards, criteria, and procedures developed under subsection (f) of this section, that such designation would result in more effective and efficient administration of this part.

(3)(A) Before the Secretary makes an assignment or reassignment under paragraph (1) of a provider of services to other than the agency or organization nominated by the provider, he shall furnish (i) the provider and such agency or organization with a full explanation of the reasons for his determination as to the efficiency and effectiveness of the agency or organization to perform the functions required under this part with respect to the provider, and (ii) such agency or organization with opportunity for a hearing, and such determination shall be subject to judicial review in accordance with chapter 7 of title 5.

(B) Before the Secretary makes a designation under paragraph (2) with respect to a class of providers of services, he shall furnish (i) such providers and the agencies and organizations adversely affected by such designation with a full explanation of the reasons for his determination as to the efficiency and effectiveness of such agencies and organizations to perform the functions required under this part with respect to such providers, and (ii) the agencies and organizations adversely affected by such designation with opportunity for a hearing, and such determination shall be subject to judicial review in accordance with chapter 7 of title 5.

(f) Development of standards, criteria, and procedures by Secretary for evaluation of agency or organization performance

In order to determine whether the Secretary should enter into, renew, or terminate an agreement under this section with an agency or organization, whether the Secretary should assign or reassign a provider of services to an agency or organization, and whether the Secretary should designate an agency or organization to perform services with respect to a class of providers of services, the Secretary shall develop standards, criteria, and procedures to evaluate such agency's or organization's (1) overall performance of claims processing and other related functions required to be performed by such an agency or organization under an agreement entered into under this section, and (2) performance of such functions with respect to specific providers of services, and the Secretary shall establish, by regulation, standards and criteria with respect to the efficient and effective administration of this part. No agency or organization shall be found under such standards and criteria not to be efficient or effective or to be less efficient or effective solely on the ground that the agency or organization serves only providers located in a single State.

(g) Termination of agreement; procedures applicable

An agreement with the Secretary under this section may be terminated—

(1) by the agency or organization which entered into such agreement at such time and upon such notice to the Secretary, to the public, and to the providers as may be provided in regulations, or

(2) by the Secretary at such time and upon such notice to the agency or organization, to the providers which have nominated it for purposes of this section, and to the public, as may be provided in regulations, but only if he finds after applying the standards, criteria, and procedures developed under subsection (f) of this section and after reasonable notice and opportunity for hearing to the agency or organization, that (A) the agency or organization has failed substantially to carry out the agreement, or (B) the continuation of some or all of the functions provided for in the agreement with the agency or organization is disadvantageous or is inconsistent with the efficient administration of this part.

(h) Bonding requirement under agreement for officers and employees of agency or organization

An agreement with an agency or organization under this section may require any of its officers or employees certifying payments or disbursing funds pursuant to the agreement, or otherwise participating in carrying out the agreement, to give surety bond to the United States in such amount as the Secretary may deem appropriate.

(i) Liability of certifying and disbursing officers designated under agreement for negligent, etc., payments

(1) No individual designated pursuant to an agreement under this section as a certifying of-

ficer shall, in the absence of gross negligence or intent to defraud the United States, be liable with respect to any payments certified by him under this section.

(2) No disbursing officer shall, in the absence of gross negligence or intent to defraud the United States, be liable with respect to any payment by him under this section if it was based upon a voucher signed by a certifying officer designated as provided in paragraph (1).

(3) No such agency or organization shall be liable to the United States for any payments referred to in paragraph (1) or (2).

§ 1395u. Use of carriers for administration of benefits

[*See main edition for text of* (*a*)]

(b) Applicability of competitive bidding provisions; findings as to financial responsibility, etc., of carrier; contractual duties imposed by contract

[*See main edition for text of* (*1*) *and* (*2*)]

(3) Each such contract shall provide that the carrier—

[*See main edition for text of* (*A*) *to* (*E*)]

and shall contain such other terms and conditions not inconsistent with this section as the Secretary may find necessary or appropriate. In determining the reasonable charge for services for purposes of this paragraph, there shall be taken into consideration the customary charges for similar services generally made by the physician or other person furnishing such services, as well as the prevailing charges in the locality for similar services. No charge may be determined to be reasonable in the case of bills submitted or requests for payment made under this part after December 31, 1970, if it exceeds the higher of (i) the prevailing charge recognized by the carrier and found acceptable by the Secretary for similar services in the same locality in administering this part on December 31, 1970, or (ii) the prevailing charge level that, on the basis of statistical data and methodology acceptable to the Secretary, would cover 75 percent of the customary charges made for similar services in the same locality during the last preceding calendar year elapsing prior to the start of the twelve-month period (beginning July 1 of each year) in which the bill is submitted or the request for payment is made. In the case of physician services the prevailing charge level determined for purposes of clause (ii) of the preceding sentence for any twelve-month period (beginning after June 30, 1973) specified in clause (ii) of such sentence may not exceed (in the aggregate) the level determined under such clause for the fiscal year ending June 30, 1973, except to the extent that the Secretary finds, on the basis of appropriate economic index data, that such higher level is justified by economic changes. With respect to power-operated wheelchairs for which payment may be made in accordance with section 1395x(s)(6) of this title, charges determined to be reasonable may not exceed the lowest charge at which power-operated wheelchairs are available in the locality. In the case of medical services, supplies, and equipment (including equipment servicing) that, in the judgment of the Secretary, do not generally vary significantly in quality from one supplier to another, the charges incurred after December 31, 1972, determined to be reasonable may not exceed the lowest charge levels at which such services, supplies, and equipment are widely and consistently available in a locality except to the extent and under the circumstances specified by the Secretary. The requirement in subparagraph (B) that a bill be submitted or request for payment be made by the close of the following calendar year shall not apply if (i) failure to submit the bill or request the payment by the close of such year is due to the error or misrepresentation of an officer, employee, fiscal intermediary, carrier, or agent of the Department of Health, Education, and Welfare performing functions under this subchapter and acting within the scope of his or its authority, and (ii) the bill is submitted or the payment is requested promptly after such error or misrepresentation is eliminated or corrected. Notwithstanding the provisions of the third and fourth sentences preceding this sentence, the prevailing charge level in the case of a physician service in a particular locality determined pursuant to such third and fourth sentences for the twelve-month period beginning on July 1, in any calendar year after 1974 shall, if lower than the prevailing charge level for the fiscal year ending June 30, 1975, in the case of a similar physician service in the same locality by reason of the application of economic index data, be raised to such prevailing charge level for the fiscal year ending June 30, 1975.

[*See main edition for text of* (*4*)]

(5) No payment under this part for a service provided to any individual shall (except as provided in section 1395gg of this title) be made to anyone other than such individual or (pursuant to an assignment described in subparagraph (B)(ii) of paragraph (3)) the physician or other person who provided the service, except that payment may be made (A) to the employer of such physician or other person if such physician or other person is required as a condition of his employment to turn over his fee for such service to his employer, or (B) (where the service was provided in a hospital, clinic, or other facility) to the facility in which the service was provided if there is a contractual arrangement between such physician or other person and such facility under which such facility submits the bill for such service. No payment which under the preceding sentence may be made directly to the physician or other person providing the service involved (pursuant to an assignment described in subparagraph (B)(ii) of paragraph (3)) shall be made to anyone else under a reassignment or power of attorney (except to an employer or facility as described in clause (A) or (B) of such sentence); but nothing in this subsection shall be construed (i) to prevent the making of such a payment in accordance with an assignment from the individual to whom the service was provided or a reassignment from the physician or other person providing such service if such assignment or reassignment is made to a governmental agency or entity or is established by or pursuant to the order of a court of competent jurisdiction, or (ii) to preclude an agent of the physician or other person providing the service from receiving any such payment if (but only if) such agent does so pursuant to an agency agreement under which the compensation to be paid to the agent for his services for or in connection with the billing or collection of payments due such physician or other person under this subchapter is unrelated (directly or indirectly) to the amount of such payments or the billings therefor, and is not dependent upon the actual collection of any such payment.

AMENDMENTS

1977—Subsec. (b)(3). Pub. L. 95-216 provided that, with respect to power-operated wheelchairs for which payment may be made in accordance with section 1395x(s)(6) of this title, charges determined to be reasonable may not exceed the lowest charge at which power-operated wheelchairs are available in the locality.

Subsec. (b)(5). Pub. L. 95-142 added provisions relating to payments under a reassignment or power of attorney in cases other than direct payments to physicians or service providers.

(j) Skilled nursing facility

The term "skilled nursing facility" means (except for purposes of subsection (a)(2) of this section) an institution (or a distinct part of an institution) which has in effect a transfer agreement (meeting the requirements of subsection (*l*) of this section) with one or more hospitals having agreements in effect under section 1395cc of this title and which—

[*See main edition for text of* (*1*) *to* (*10*)]

(11) complies with the requirements of section 1320a-3 of this title;

[*See main edition for text of* (*12*)]

(13) meets such provisions of the Life Safety Code of the National Fire Protection Association (23d edition, 1973) as are applicable to nursing homes; except that the Secretary may waive, for such periods as he deems appropriate, specific provisions of such Code which if rigidly applied would result in unreasonable hardship upon a nursing home, but only if such waiver will not adversely affect the health and safety of the patients; except that the provisions of such Code shall not apply in any State if the Secretary finds that in such State there is in effect a fire and safety code, imposed by State law, which adequately protects patients in nursing facilities;

(14) establishes and maintains a system that (A) assures a full and complete accounting of its patients' personal funds, and (B) includes the use of such separate account for such funds as will preclude any commingling of such funds with facility funds or with the funds of any person other than another such patient; and

[*See main edition for text of* (*15*)]

except that such term shall not (other than for purposes of subsection (a)(2) of this section) include any institution which is primarily for the care and treatment of mental diseases or tuberculosis. For purposes of subsection (a)(2) of this section, such term includes any institution which meets the requirements of paragraph (1) of this subsection. The term "skilled nursing facility" also includes an institution described in paragraph (1) of subsection (y) of this section, to the extent and subject to the limitations provided in such subsection. To the extent that paragraph (6) of this subsection may be deemed to require that any skilled nursing facility engage the services of a registered professional nurse for more than 40 hours a week, the Secretary is authorized to waive such requirement if he finds that—

(A) such facility is located in a rural area and the supply of skilled nursing facility services in such area is not sufficient to meet the needs of individuals residing therein.

(B) such facility has one full-time registered professional nurse who is regularly on duty at such facility 40 hours a week, and

(C) such facility (i) has only patients whose physicians have indicated (through physicians' orders or admission notes) that each such patient does not require the services of a registered nurse or a physician for a 48-hour period, or (ii) has made arrangements for a registered professional nurse or a physician to spend such time at such facility as may be indicated as necessary by the physician to provide necessary skilled nursing services on days when the regular full-time registered professional nurse is not on duty.

(9) leg, arm, back, and neck braces, and artificial legs, arms, and eyes, including replacements if required because of a change in the patient's physical condition.

No diagnostic tests performed in any laboratory which is independent of a physician's office, or rural health clinic, or a hospital (which, for purposes of this sentence, means an institution considered a hospital for purposes of section 1395f(d) of this title) shall be included within paragraph (3) unless such laboratory—

(10) if situated in any State in which State or applicable local law provides for licensing of establishments of this nature, (A) is licensed pursuant to such law, or (B) is approved, by the agency of such State or locality responsible for licensing establishments of this nature, as meeting the standards established for such licensing; and

§ 1395aa. Agreements with States

(a) Use of State agencies to determine compliance by providers of services with conditions of participation

The Secretary shall make an agreement with any State which is able and willing to do so under which the services of the State health agency or other appropriate State agency (or the appropriate local agencies) will be utilized by him for the purpose of determining whether an institution therein is a hospital or skilled nursing facility, or whether an agency therein is a home health agency, or whether a facility therein is a rural health clinic as defined in section 1395x(aa)(2) of this title, or whether a laboratory meets the requirements of paragraphs (10) and (11) of section 1395x(s) of this title, or whether a clinic, rehabilitation agency, or public health agency meets the requirements of subparagraph (A) or (B), as the case may be, of section 1395x(p)(4) of this title. To the extent that the Secretary finds it appropriate, an institution or agency which such a State (or local) agency certifies is a hospital, skilled nursing facility, rural health clinic, or home health agency (as those terms are defined in section 1395x of this title) may be treated as such by the Secretary. Any State agency which has such an agreement may (subject to approval of the Secretary) furnish to a skilled nursing facility, after proper request by such facility, such specialized consultative services (which such agency is able and willing to furnish in a manner satisfactory to the Secretary) as such facility may need to meet one or more of the conditions specified in section 1395x(j) of this title. Any such services furnished by a State agency shall be deemed to have been furnished pursuant to such agreement. Within 90 days following the completion of each survey of any health care facility, rural health clinic, laboratory, clinic, agency, or organization by the appropriate State or local agency described in the first sentence of this subsection, the Secretary shall make public in readily available form and place the pertinent findings of each such survey relating to the compliance of each such health care facility, rural health clinic, laboratory, clinic, agency, or organization with (1) the statutory conditions of participation imposed under this subchapter and (2) the major additional conditions which the Secretary finds necessary in the interest of health and safety of individuals who are furnished care or services by any such health care facility, rural health clinic, laboratory, clinic, agency, or organization.

An agreement under this paragraph with a skilled nursing facility shall be for a term of not exceeding 12 months, except that the Secretary may extend such term for a period not exceeding 2 months, where the health and safety of patients will not be jeopardized thereby, if he finds that such extension is necessary to prevent irreparable harm to such facility or hardship to the individuals being furnished items or services by such facility or if he finds it impracticable within such 12-month period to determine whether such facility is complying with the provisions of this subchapter and regulations thereunder.

[*See main edition for text of* (*B*) *to* (*D*)]

"(2) In the case of a State plan for medical assistance under title XIX of the Social Security Act [subchapter XIX of this chapter] which the Secretary determines requires State legislation in order for the plan to meet the additional requirements imposed by the amendments made by this section, the State plan shall not be regarded as failing to comply with the requirements of such title [subchapter] solely on the basis of its failure to meet these additional requirements before the first day of the first calendar quarter beginning after the close of the first regular session of the State legislature that begins after the date of enactment of this Act [Dec. 13, 1977]."

§ 1395oo. Provider Reimbursement Review Board

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1395h, 1395rr of this title.

§ 1395rr. End stage renal disease program

(a) Type, duration, and scope of benefits

The benefits provided by parts A and B of this subchapter shall include benefits for individuals who have been determined to have end-stage renal disease as provided in section 426-1 of this title, and benefits for kidney donors as provided in subsection (d) of this section. Notwithstanding any other provision of this subchapter, the type, duration, and scope of the benefit provided by parts A and B with respect to individuals who have been determined to have end-stage renal disease and who are entitled to such benefits without regard to section 426-1 of this title shall in no case be less than the type, duration, and scope of the benefits so provided for individuals entitled to such benefits solely by reason of that section.

(b) Payments with respect to services; dialysis; regulations; physicians' services; target reimbursement rates; home dialysis supplies and equipment; self-care home dialysis support services; self-care dialysis units

(1) Payments under this subchapter with respect to services, in addition to services for which payment would otherwise be made under this subchapter, furnished to individuals who have been determined to have end-stage renal disease shall include (A) payments on behalf of such individuals to providers of services and renal dialysis facilities which meet such requirements as the Secretary shall by regulation prescribe for institutional dialysis services and supplies (including self-dialysis services in a self-care dialysis unit maintained by the provider or facility), transplantation services, self-care home dialysis support services which are furnished by the provider or facility, and routine professional services performed by a physician during a maintenance dialysis episode if payments for his other professional services furnished to an individual who has end-stage renal disease are made on the basis specified in paragraph (3)(A) of this subsection, and (B) payments to or on behalf of such individuals for home dialysis supplies and equipment. The requirements prescribed by the Secretary under

subparagraph (A) shall include requirements for a minimum utilization rate for covered procedures and for self-dialysis training programs.

(2)(A) With respect to payments for dialysis services furnished by providers of services and renal dialysis facilities to individuals determined to have end-stage renal disease for which payments may be made under part B of this subchapter, such payments (unless otherwise provided in this section) shall be equal to 80 percent of the amounts determined in accordance with subparagraph (B); and with respect to payments for services for which payments may be made under part A of this subchapter, the amounts of such payments (which amounts shall not exceed, in respect to costs in procuring organs attributable to payments made to an organ procurement agency or histocompatibility laboratory, the costs incurred by that agency or laboratory) shall be determined in accordance with section 1395x(v) of this title. Payments shall be made to a renal dialysis facility only if it agrees to accept such payments as payment in full for covered services, except for payment by the individual of 20 percent of the estimated amounts for such services calculated on the basis established by the Secretary under subparagraph (B) and the deductible amount imposed by section 1395*l*(b) of this title.

(B) The Secretary shall prescribe in regulations any methods and procedures to (i) determine the costs incurred by providers of services and renal dialysis facilities in furnishing covered services to individuals determined to have end-stage renal disease, and (ii) determine, on a cost-related basis or other economical and equitable basis (including any basis authorized under section 1395x(v) of this title), the amounts of payments to be made for part B services furnished by such providers and facilities to such individuals. Such regulations shall provide for the implementation of appropriate incentives for encouraging more efficient and effective delivery of services (consistent with quality care), and shall include, to the extent determined feasible by the Secretary, a system for classifying comparable providers and facilities, and prospectively set rates or target rates with arrangements for sharing such reductions in costs as may be attributable to more efficient and effective delivery of services.

(C) Such regulations, in the case of services furnished by proprietary providers and facilities may include, if the Secretary finds it feasible and appropriate, provision for recognition of a reasonable rate of return on equity capital, providing such rate of return does not exceed the rate of return stipulated in section 1395x(v)(1)(B) of this title.

(D) For purposes of section 1395*oo* of this title, a renal dialysis facility shall be treated as a provider of services.

(3) With respect to payments for physicians' services furnished to individuals determined to have end-stage renal disease, the Secretary shall pay 80 percent of the amounts calculated for such services—

(A) on a reasonable charge basis (but may, in such case, make payment on the basis of the prevailing charges of other physicians for comparable services) except that payment may not be made under this subparagraph for routine services furnished during a maintenance dialysis episode, or

(B) on a comprehensive monthly fee or other basis for an aggregate of services provided over a period of time (as defined in regulations).

(4) Pursuant to agreements with approved providers of services and renal dialysis facilities, the Secretary may make payments to such providers and facilities for the cost of home dialysis supplies and equipment and self-care home dialysis support services furnished to patients whose self-care home dialysis is under the direct supervision of such provider or facility, on the basis of a target reimbursement rate (as defined in paragraph (6)).

(5) An agreement under paragraph (4) shall require, in accordance with regulations prescribed by the Secretary, that the provider or facility will—

(A) assume full responsibility for directly obtaining or arranging for the provision of—

(i) such medically necessary dialysis equipment as is prescribed by the attending physician;

(ii) dialysis equipment maintenance and repair services;

(iii) the purchase and delivery of all necessary medical supplies; and

(iv) where necessary, the services of trained home dialysis aides;

(B) perform all such administrative functions and maintain such information and records as the Secretary may require to verify the transactions and arrangements described in subparagraph (A);

(C) submit such cost reports, data, and information as the Secretary may require with respect to the costs incurred for equipment, supplies, and services furnished to the facility's home dialysis patient population; and

(D) provide for full access for the Secretary to all such records, data, and information as he may require to perform his functions under this section.

(6) The Secretary shall establish, for each calendar year, commencing with January 1, 1979, a target reimbursement rate for home dialysis which shall be adjusted for regional variations in the cost of providing home dialysis. In establishing such a rate, the Secretary shall include—

(A) the Secretary's estimate of the cost of providing medically necessary home dialysis supplies and equipment;

(B) an allowance, in an amount determined by the Secretary, to cover the cost of providing personnel to aid in home dialysis; and

(C) an allowance, in an amount determined by the Secretary, to cover administrative costs and to provide an incentive for the efficient delivery of home dialysis;

but in no event shall such target rate exceed 70 percent of the national average payment, adjusted for regional variations, for maintenance dialysis services furnished in approved providers and facilities during the preceding fiscal year. Any such target rate so established shall be utilized, without renegotiation of the rate, throughout the calendar year for which it is established. During the last quarter of each calendar year, the Secretary shall establish a home dialysis target reimbursement rate for the next calendar year based on the most recent data available to the Secretary at the time. In establishing any rate under this paragraph, the Secretary may utilize a competitive-bid procedure, a prenegotiated rate procedure, or any other procedure which the Secretary determines is appropriate and feasible in order to carry out this paragraph in an effective and efficient manner.

(7) For purposes of this subchapter, the term "home dialysis supplies and equipment" means medically necessary supplies and equipment (including supportive equipment) required by an individual suffering from end-stage renal disease in connection with renal dialysis carried out in his home (as defined in regulations), including obtaining, installing, and maintaining such equipment.

(8) For purposes of this subchapter, the term "self-care home dialysis support services", to the extent permitted in regulation, means—

(A) periodic monitoring of the patient's home adaptation, including visits by qualified provider or facility personnel (as defined in regulations), so long as this is done in accordance with a plan prepared and periodically reviewed by a professional team (as defined in regulations) including the individual's physician;

(B) installation and maintenance of dialysis equipment;

(C) testing and appropriate treatment of the water; and

(D) such additional supportive services as the Secretary finds appropriate and desirable.

(9) For purposes of this subchapter, the term "self-care dialysis unit" means a renal dialysis facility or a distinct part of such facility or of a provider of services, which has been approved by the Secretary to make self-dialysis services, as defined by the Secretary in regulations, available to individuals who have been trained for self-dialysis. A self-care dialysis unit must, at a minimum, furnish the services, equipment and supplies needed for self-care dialysis, have patient-staff ratios which are appropriate to self-dialysis (allowing for such appropriate lesser degree of ongoing medical supervision and assistance of ancillary personnel than is required for full care maintenance dialysis), and meet such other requirements as the Secretary may prescribe with respect to the quality and cost-effectiveness of services.

(c) Renal disease network areas; coordinating councils, executive committees, and medical review boards; national end stage renal disease medical information system; functions of network organizations

(1)(A) For the purpose of assuring effective and efficient administration of the benefits provided under this section, the Secretary shall establish, in accordance with such criteria as he finds appropriate, renal disease network areas, such network organizations (including a coordinating council, an executive committee of such council, and a medical review board, for each network area) as he finds necessary to accomplish such purpose, and a national end stage renal disease medical information system. The Secretary may by regulations provide for such coordination of network planning and quality assurance activities and such exchange of data and information among agencies with responsibilities for health planning and quality assurance activities under Federal law as is consistent with the economical and efficient administration of this section and with the responsibilities established for network organizations under this section.

(B) At least one patient representative shall serve as a member of each coordinating council and executive committee.

(C) The Secretary shall, in regulations, prescribe requirements with respect to membership in network organizations by individuals (and the relatives of such individuals) (i) who have an ownership or control interest in a facility or provider which furnishes services referred to in section 1395x(s)(2)(F) of this title, or (ii) who have received remuneration from any such facility or provider in excess of such amounts as constitute reasonable compensation for services (including time and effort relative to the provision of professional medical services) or goods supplied to such facility or provider; and such requirements shall provide for the definition, disclosure, and, to the maximum extent consistent with effective administration, prevention of potential or actual financial or professional conflicts of interest with respect to decisions concerning the appropriateness, nature, or site of patient care.

(2) The network organizations of each network shall be responsible, in addition to such other duties and functions as may be prescribed by the Secretary, for—

(A) encouraging, consistent with sound medical practice, the use of those treatment settings most compatible with the successful rehabilitation of the patient;

(B) developing criteria and standards relating to the quality and appropriateness of patient care; and network goals with respect to the placement of patients in self-care settings and undergoing or preparing for transplantation;

(C) evaluating the procedure by which facilities and providers in the network assess the appropriateness of patients for proposed treatment modalities;

(D) identifying facilities and providers that are not cooperating toward meeting network goals and assisting such facilities and providers in developing appropriate plans for correction; and

(E) submitting an annual report to the Secretary on July 1 of each year which shall include a full statement of the network's goals, data on the network's performance in meeting its goals (including data on the comparative performance of facilities and providers with respect to the identification and placement of suitable candidates in self-care settings and transplantation), identification of those facilities that have consistently failed to cooperate with network goals, and recommendations with respect to the need for additional or alternative services or facilities in the network in order to meet the network goals, including self-dialysis training, transplantation, and organ procurement facilities.

(3) Where the Secretary determines, on the basis of the data contained in the network's annual report and such other relevant data as may be available to him, that a facility or provider has consistently failed to cooperate with network plans and goals, he may terminate or withhold certification of such facility or provider (for purposes of payment for services furnished to individuals with end stage renal disease) until he determines that such provider or facility is making reasonable and appropriate efforts to cooperate with the network's plans and goals.

(4) The Secretary shall, in determining whether to certify additional facilities or expansion of existing facilities within a network, take into account the network's goals and performance as reflected in the network's annual report.

(5) The Secretary, after consultation with appropriate professional and planning organizations, shall provide such guidelines with respect to the planning and delivery of renal disease services as are necessary to assist network organizations in their development of their respective networks' goals to promote the optimum use of self-dialysis and transplantation by suitable candidates for such modalities.

(6) It is the intent of the Congress that the maximum practical number of patients who are medically, socially, and psychologically suitable candidates for home dialysis or transplantation should be so treated. The Secretary shall consult with appropriate professional and network organizations and consider available evidence relating to developments in research, treatment methods, and technology for home dialysis and transplantation. The Secretary shall periodically submit to the Congress such legislative recommendations as the Secretary finds warranted on the basis of such consultation and evidence to further the national objective of maximizing the use of home dialysis and transplantation consistent with good medical practice.

(d) Donors of kidney for transplant surgery

Notwithstanding any provision to the contrary in section 426 of this title any individual who donates a kidney for transplant surgery shall be entitled to benefits under parts A and B of this subchapter with respect to such donation. Reimbursement for the reasonable expenses incurred by such an individual with respect to a kidney donation shall be made (without regard to the deductible, premium, and coinsurance provisions of this subchapter), in such manner as may be prescribed by the Secretary in regulations, for all resonable preparatory, operation, and postoperation recovery expenses associated with such donation, including but not limited to the expenses for which payment could be made if he were an eligible individual for purposes of parts A and B of this subchapter without regard to this subsection. Payments for postoperation recovery expenses shall be limited to the actual period of recovery.

(e) Reimbursement of providers and facilities for costs of artificial kidney and automated dialysis peritoneal machines to be used in dialyzing at home

(1) Notwithstanding any other provision of this subchapter, the Secretary may, pursuant to agreements with approved providers of services and renal dialysis facilities, reimburse such providers and facilities (without regard to the deductible and coinsurance provisions of this subchapter) for the reasonable cost of the purchase, installation, maintenance and reconditioning for subsequent use of artificial kidney and automated dialysis peritoneal machines (including supportive equipment) which are to be used exclusively by entitled individuals dialyzing at home.

(2) An agreement under this subsection shall require that the provider or facility will—

(A) make the equipment available for use only by entitled individuals dialyzing at home;

(B) recondition the equipment, as needed, for reuse by such individuals throughout the useful life of the equipment, including modification of the equipment consistent with advances in research and technology;

(C) provide for full access for the Secretary to all records and information relating to the purchase, maintenance, and use of the equipment; and

(D) submit such reports, data, and information as the Secretary may require with respect to the cost, management, and use of the equipment.

(3) For purposes of this section, the term "supportive equipment" includes blood pumps, heparin pumps, bubble detectors, other alarm systems, and such other items as the Secretary may determine are medically necessary.

(f) Experiments, studies, and pilot projects

(1) The Secretary shall initiate and carry out, at selected locations in the United States, pilot projects under which financial assistance in the purchase of new or used durable medical equipment for renal dialysis is provided to individuals suffering from end stage renal disease at the time home dialysis is begun, with provision for a trial period to assure successful adaptation to home dialysis before the actual purchase of such equipment.

(2) The Secretary shall conduct experiments to evaluate methods for reducing the costs of the end stage renal disease program. Such experiments shall include (without being limited to) reimbursement for nurses and dialysis technicians to assist with home dialysis, and reimbursement to family members assisting with home dialysis.

(3) The Secretary shall conduct experiments to evaluate methods of dietary control for reducing the costs of the end stage renal disease program, including (without being limited to) the use of protein-controlled products to delay the necessity for, or reduce the frequency of, dialysis in the treatment of end stage renal disease.

(4) The Secretary shall conduct a comprehensive study of methods for increasing public participation in kidney donation and other organ donation programs.

(5) The Secretary shall conduct a full and complete study of the reimbursement of physicians for services furnished to patients with end stage renal disease under this subchapter, giving particular attention to the range of payments to physicians for such services, the average amounts of such payments, and the number of hours devoted to furnishing such services to patients at home, in renal disease facilities, in hospitals, and elsewhere.

(6) The Secretary shall conduct a study of the number of patients with end stage renal disease who are not eligible for benefits with respect to such disease under this subchapter (by reason of this section or otherwise), and of the economic impact of such noneligibility of such individuals. Such study shall include consideration of mechanisms whereby governmental and other health plans might be instituted or modified to permit the purchase of actuarially sound coverage for the costs of end stage renal disease.

(7) The Secretary shall conduct a study of the medical appropriateness and safety of cleaning and reusing dialysis filters by home dialysis patients. In such cases in which the Secretary determines that such home cleaning and reuse of filters is a medically sound procedure, the Secretary shall conduct experiments to evaluate such home cleaning and reuse as a method of reducing the costs of the end stage renal disease program.

(8) The Secretary shall submit to the Congress no later than October 1, 1979, a full report on the experiments conducted under paragraphs (1), (2), (3), and (7), and the studies under paragraphs (4), (5), (6), and (7). Such report shall include any recommendations for legislative changes which the Secretary finds necessary or desirable as a result of such experiments and studies.

(g) Annual report to Congress

The Secretary shall submit to the Congress on April 1, 1979, and April 1 of each year thereafter a report on the end stage renal disease program, including but not limited to—

(1) the number of patients, nationally and by renal disease network, on dialysis (self-dialysis or otherwise) at home and in facilities;

(2) the number of new patients entering dialysis at home and in facilities during the year;

(3) the number of facilities providing dialysis and the utilization rates of those facilities;

(4) the number of kidney transplants, by source of donor organ;

(5) the number of patients awaiting organs for transplant;

(6) the number of transplant failures;

(7) the range of costs of kidney acquisitions, by type of facility and by region;

(8) the number of facilities providing transplants and the number of transplants performed per facility;

(9) patient mortality and morbidity rates;

(10) the average annual cost of hospitalization for ancillary problems in dialysis and transplant patients, and drug costs for transplant patients;

(11) medicare payment rates for dialysis, transplant procedures, and physician services, along with any changes in such rates during the year and the reasons for those changes;

(12) the results of cost-saving experiments;

(13) the results of basic kidney disease research conducted by the Federal Government, private institutions, and foreign governments;

(14) information on the activities of medical review boards and other networks organizations; and

(15) estimated program costs over the next five year.

(Aug. 14, 1935, ch. 531, title XVIII, § 1881, as added June 13, 1978, Pub. L. 95-292, § 2, 92 Stat. 308.)

(32) provide that no payment under the plan for any care or service provided to an individual shall be made to anyone other than such individual or the person or institution providing such care or service, under an assignment or power of attorney or otherwise; except that—

(A) in the case of any care or service provided by a physician, dentist, or other individual practitioner, such payment may be made (i) to the employer of such physician, dentist, or other practitioner if such physician, dentist, or practitioner is required as a condition of his employment to turn over his fee for such care or service to his employer, or (ii) (where the care or service was provided in a hospital, clinic, or other facility) to the facility in which the care or service was provided if there is a contractual arrangement between such physician, dentist, or practitioner and such facility under which such facility submits the bill for such care or service; and

(B) nothing in this paragraph shall be construed (i) to prevent the making of such a payment in accordance with an assignment from the person or institution providing the care or service involved if such assignment is made to a governmental agency or entity or is established by or pursuant to the order of a court of competent jurisdiction, or (ii) to preclude an agent of such person or institution from receiving any such payment if (but only if) such agent does so pursuant to an agency agreement under which the compensation to be paid to the agent for his services for or in connection with the billing or collection of payments due such person or institution under the plan is unrelated (directly or indirectly) to the amount of such payments or the billings therefor, and is not dependent upon the actual collection of any such payment;

[*See main edition for text of* (*33*) *and* (*34*)]

(35) provide that any intermediate care facility receiving payments under such plan complies with the requirements of section 1320a-3 of this title;

(36) provide that within 90 days following the completion of each survey of any health care facility, laboratory, agency, clinic, or organization, by the appropriate State agency described in paragraph (9), such agency shall (in accordance with regulations of the Secretary) make public in readily available form and place the pertinent findings of each such survey relating to the compliance of each such health care facility, laboratory, clinic, agency, or organization with (A) the statutory conditions of participation imposed under this subchapter, and (B) the major additional conditions which the Secretary finds necessary in the interest of health and safety of individuals who are furnished care or services by any such facility, laboratory, clinic, agency, or organization;

(38) require that an entity (other than an individual practitioner or a group of practitioners) that furnishes, or arranges for the furnishing of, items or services under the plan, shall supply (within such period as may be specified in regulations by the Secretary or by the single State agency which administers or supervises the administration of the plan) upon request specifically addressed to such entity by the Secretary or such State agency, respectively, (A) full and complete information as to the ownership of a subcontractor (as defined by the Secretary in regulations) with whom such entity has had, during the previous twelve months, business transactions in an aggregate amount in excess of $25,000, and (B) full and complete information as to any significant business transactions (as defined by the Secretary in regulations), occurring during the five-year period ending on the date of such request, between such entity and any wholly owned supplier or between such entity and any subcontractor;

(39) provide that, subject to subsection (g) of this section, whenever the single State agency which administers or supervises the administration of the State plan is notified by the Secretary under section 1395y(e)(2)(A) of this title that a physician or other individual practitioner has been suspended from participation in the program under subchapter XVIII of this chapter, the agency shall promptly suspend such physician or practitioner from participation in the plan for not less than the period specified in such notice, and no payment may be made under the plan with respect to any item or service furnished by such physician or practitioner during the period of the suspension under this subchapter; and

(40) require each health services facility or organization which receives payments under the plan and of a type for which a uniform reporting system has been established under section 1320a(a) of this title to make reports to the Secretary of information described in such section in accordance with the uniform reporting system (established under such section) for that type of facility or organization.

Notwithstanding paragraph (5), if on January 1, 1965, and on the date on which a State submits its plan for approval under this subchapter, the State agency which administered or supervised the administration of the plan of such State approved under subchapter X of this chapter (or subchapter XVI of this chapter, insofar as it relates to the blind) was different from the State agency which administered or supervised the administration of the State plan approved under subchapter I of this chapter (or subchapter XVI of this chapter, insofar as it relates to the aged), the State agency which administered or supervised the administration of such plan approved under subchapter X of this chapter (or subchapter XVI of this chapter, insofar as it relates to the blind) may be designated to administer or supervise the administration of the portion of the State plan for medical assistance which relates to blind individuals and a different State agency may be established or designated to administer or supervise the administration of the rest of the State plan for medical assistance; and in such case the part of the plan which each such agency administers, or the administration of which each such agency supervises, shall be regarded as a separate plan for purposes of this subchapter (except for purposes of paragraph (10)). For purposes of paragraphs (9)(A), (29), (31), and (33), and of section 1396b(i)(4) of this title, the terms "skilled nursing facility" and "nursing home" do not include a Christian Science sanatorium operated, or listed and certified, by the First Church of Christ, Scientist, Boston, Massachusetts.

For purposes of paragraph (10) any individual who, for the month of August 1972, was eligible for or receiving aid or assistance under a State plan approved under subchapter I, X, XIV, or XVI, of this chapter, or part A of subchapter IV of this chapter and who for such month was entitled to monthly insurance benefits under subchapter II of this chapter shall for purposes of this subchapter only be deemed to be eligible for financial aid or assistance for any month thereafter if such individual would have been eligible for financial aid or assistance for such month had the increase in monthly insurance benefits under subchapter II of this chapter resulting from enactment of Public Law 92-336 not been applicable to such individual.

The requirement of clause (A) of paragraph (37) with respect to a State plan may be waived by the Secretary if he finds that the State has exercised good faith in trying to meet such requirement.

[*See main edition for text of* (*b*) *to* (*f*)]

(g) Waiver of suspension of payments to physician or practitioner suspended from participating in approved State plan; procedure applicable

The Secretary may waive suspension under subsection (a)(39) of this section of a physician's or practitioner's participation in a State plan approved under this subchapter and of the prohibition under such subsection of payment for any item or service furnished by him during the period of such suspension, if the single State agency which administers or supervises the administration of the plan submits a request to the Secretary for such waiver and if the Secretary approves such request.

§ 1396b. Payment to States

(a) Computation of amount

From the sums appropriated therefor, the Secretary (except as otherwise provided in this section) shall pay to each State which has a plan approved under this subchapter, for each quarter, beginning with the quarter commencing January 1, 1966—

[*See main edition for text of (1) and (2)*]

(3) an amount equal to—

[*See main edition for text of (A)*]

(B) 75 per centum of so much of the sums expended during such quarter as are attributable to the operation of systems (whether such systems are operated directly by the State or by another person under a contract with the State) of the type described in subparagraph (A)(i) (whether or not designed, developed, or installed with assistance under such subparagraph) which are approved by the Secretary and which include provision for prompt written notice to each individual who is furnished services covered by the plan, or to each individual in a sample group of individuals who are furnished such services, of the specific services (other than confidential services) so covered, the name of the person or persons furnishing the services, the date or dates on which the services were furnished, and the amount of the payment or payments made under the plan on account of the services; plus

[*See main edition for text of (4) and (5)*]

(6) subject to subsection (b)(3) of this section, an amount equal to 90 per centum of the sums expended during each quarter beginning on or after October 1, 1977, and ending before October 1, 1980, with respect to costs incurred during such quarter (as found necessary by the Secretary for the elimination of fraud in the provision and administration of medical assistance provided under the State plan) which are attributable to the establishment and operation of (including the training of personnel employed by) a State medicaid fraud control unit (described in subsection (q) of this section); plus

(7) an amount equal to 50 per centum of the remainder of the amounts expended during such quarter as found necessary by the Secretary for the proper and efficient administration of the State plan.

(b) Quarterly expenditures beginning after December 31, 1969

[*See main edition for text of (1) and (2)*]

(3) The amount of funds which the Secretary is otherwise obligated to pay a State during a quarter under subsection (a)(6) of this section may not exceed the higher of—

(A) $125,000, or

(B) one-quarter of 1 per centum of the sums expended by the Federal, State, and local governments during the previous quarter in carrying out the State's plan under this subchapter.

[*See main edition for text of (c) to (f)*]

(g) Decrease in Federal medical assistance percentage of amounts paid for services furnished under State plan after June 30, 1973

(1) Subject to paragraph (3), with respect to amounts paid for the following services furnished under the State plan after June 30, 1973 (other than services furnished pursuant to a contract with a health maintenance organization as defined in section 1395mm of this title), the Federal medical assistance percentage shall be decreased as follows: After an individual has received care as an inpatient in a hospital (including an institution for tuberculosis), skilled nursing facility or intermediate care facility on 60 days, or in a hospital for mental diseases on 90 days (whether or not such days are consecutive), during any fiscal year, which for purposes of this section means the four calendar quarters ending with June 30, the Federal medical assistance percentage with respect to amounts paid for any such care furnished thereafter to such individual in the same fiscal year shall be decreased by a per centum thereof (determined under paragraph (5)) unless the State agency responsible for the administration of the plan makes a showing satisfactory to the Secretary that, with respect to each calendar quarter for which the State submits a request for payment at the full Federal medical assistance percentage for amounts paid for inpatient hospital services (including tuberculosis hospitals), skilled nursing facility services, or intermediate care facility services furnished beyond 60 days (or inpatient mental hospital services furnished beyond 90 days), there is in operation in the State an effective program of control over utilization of such services; such a showing must include evidence that—

[*See main edition for text of (A) to (D)*]

In determining the number of days on which an individual has received services described in this subsection, there shall not be counted any days with respect to which such individual is entitled to have payments made (in whole or in part) on his behalf under section 1395d of this title.

(2) The Secretary shall, as part of his validation procedures under this subsection, conduct timely sample onsite surveys of private and public institutions in which recipients of medical assistance may receive care and services under a State plan approved under this subchapter, and his findings with respect to such surveys (as well as the showings of the State agency required under this subsection) shall be made available for public inspection.

(3)(A) No reduction in the Federal medical assistance percentage of a State otherwise required to be imposed under this subsection shall take effect—

(i) if such reduction is due to the State's unsatisfactory or invalid showing made with respect to a calendar quarter beginning before January 1, 1977;

(ii) before January 1, 1978;

(iii) unless a notice of such reduction has been provided to the State at least 30 days before the date such reduction takes effect; or

(iv) due to the State's unsatisfactory or invalid showing made with respect to a calendar quarter beginning after September 30, 1977, unless notice of such reduction has been provided to the State no later than the first day of the fourth calendar quarter following the calendar quarter with respect to which such showing was made.

(B) The Secretary shall waive application of any reduction in the Federal medical assistance percentage of a State otherwise required to be imposed under paragraph (1) because a showing by the State, made under such paragraph with respect to a calendar quarter ending after January 1, 1977, and before October 1, 1977, is determined to be either unsatisfactory under such paragraph or invalid under paragraph (2), if the Secretary determines that the State's showing made under paragraph (1) with respect to the calendar quarter ending on December 31, 1977, is satisfactory under such paragraph and is valid under paragraph (2).

(4)(A) The Secretary may not find the showing of a State, with respect to a calendar quarter under paragraph (1), to be satisfactory if the showing is submitted to the Secretary later than the 30th day after the last day of the calendar quarter, unless the State demonstrates to the satisfaction of the Secretary good cause for not meeting such deadline.

(B) The Secretary shall find a showing of a State, with respect to a calendar quarter under paragraph (1), to be satisfactory under such paragraph with respect to the requirement that the State conduct annual onsite inspections in mental hospitals, skilled nursing facilities, and intermediate care facilities under paragraph (26) and (31) of section 1396a(a) of this title, if the showing demonstrates that the State has conducted such an onsite inspection during the 12-month period ending on the last date of the calendar quarter—

(i) in each of not less than 98 per centum of the number of such hospitals and facilities requiring such inspection, and

(ii) in every such hospital or facility which has 200 or more beds,

and that, with respect to such hospitals and facilities not inspected within such period, the State has exercised good faith and due diligence in attempting to conduct such inspection, or if the State demonstrates to the satisfaction of the Secretary that it would have made such a showing but for failings of a technical nature only.

(5) In the case of a State's unsatisfactory or invalid showing made with respect to a type of facility or institutional services in a calendar quarter, the per centum amount of the reduction of the State's Federal medical assistance percentage for that type of services under paragraph (1) is equal to 33⅓ per centum multiplied by a fraction, the denominator of which is equal to the total number of patients receiving that type of services in that quarter under the State plan in facilities or institutions for which a showing was required to be made under this subsection, and the numerator of which is equal to the number of such patients receiving such type of services in that quarter in those

facilities or institutions for which a satisfactory and valid showing was not made for that calendar quarter.

(2)(A)(i) No payment with respect to any expenditures other than expenditures for personnel training or retraining directly related to the provision of services may be made under this section to any State for any fiscal year in excess of an amount which bears the same ratio to the amount specified in clause (ii) as the population of that State bears to the population of the fifty States and the District of Columbia. The Secretary shall promulgate the limitation applicable to each State for each fiscal year under this paragraph prior to the first day of the third month of the preceding fiscal year, as determined on the basis of the most recent satisfactory data available from the Department of Commerce.

except as provided in subparagraph (B).

(B) The Secretary shall submit to the President of the Senate and the Speaker of the House of Representatives, after December 31, 1976, and prior to April 1, 1978, an evaluation of the appropriateness of the requirements imposed by subparagraph (A), together with any recommendations he may have for modification of those requirements. (15) No payment may be made under this section with respect to any expenditure for the provision of any health related service if such service is provided by an entity which has failed to comply with a request made by the Secretary or State agency under section 1397b(d)(1)(J) of this title, for so long as such entity remains in noncompliance with such request.

(16) Any State may refuse to enter into a contract or other arrangement with a provider of services for purposes of participation under the program established by this subchapter, or otherwise to approve a provider for such purposes, if any person who has a direct or indirect ownership or control interest of 5 percent or more in such provider, or who is an officer, director, agent, or managing employee (as defined in section 1320a-5(b) of this title) of such provider, is a person described in section 1320a-5(a) of this title, and the State may terminate any such contract, arrangement, or approval if it determines that the provider did not fully and accurately make any disclosure required of it by section 1320a-5(a) of this title at the time the contract or arrangement was entered into or the approval was given.

(As amended June 30, 1977, Pub. L. 95-59, § 5, 91 Stat. 255; Oct. 25, 1977, Pub. L. 95-142, §§ 3(d)(2), 8(d), 91 Stat. 1179, 1195; Nov. 6, 1978, Pub. L. 95-600, title VIII, § 801(a), 92 Stat. 2944; Jan. 2, 1980, Pub. L. 96-178, § 4(a), (c), 93 Stat. 1296, 1297.)

AMENDMENTS

1980—Subsec. (a)(1). Pub. L. 96-178, § 4(a), added "100 per centum of the expenditures during the quarter (which are not in excess of 2 per centum of the limitation applicable to that State under paragraph (2)(A) for the fiscal year in which such quarter occurs) for grants to qualified providers under section 1397e-1 of this title," following "an amount equal to".

Subsec. (a)(4)(C), (D), (5)(A). Pub. L. 96-178, § 4(c), substituted "section 2008(1)" for "section 2007(1)" in the original to reflect the renumbering of section 2007 of the Social Security Act as section 2008. Because the references to section 2007(1) had been translated as section 1397f(1) of this title, the amendment did not involve a change in the text.

1978—Subsec. (a)(2)(A). Pub. L. 95-600 designated existing provisions as cl. (i), and in cl. (i) as so designated, substituted "the amount specified in clause (ii)" for "$2,500,000,000", and added cl. (ii).

1977—Subsec. (a)(9)(B). Pub. L. 95-59 substituted "April 1, 1978" for "July 1, 1977".

Subsec. (a)(15). Pub. L. 95-142, § 3(d)(2), added par. (15).

Subsec. (a)(16). Pub. L. 95-142, § 8(d), added par. (16).

1976—Subsec. (a)(9)(A)(ii). Pub. L. 94-401, § 5(a), added cl. (IV), and also added cl. (V), which provided that, in determining whether applicable staffing standards were met in the case of day care provided in a family care home, the number of children being cared for in such home was to include a child of the mother operating the home only if such child were under the age of 6, the amendment adding cl. (V) effective until Sept. 30, 1978, this subsection reading on and after Oct. 1, 1978 as if such amendment was not made, pursuant to section 5(b) of Pub. L. 94-401, set out as an Effective and Termination Dates of 1976 Amendment note below.

REIMBURSEMENT OF EXPENDITURES FOR SOCIAL SERVICES PROVIDED BY STATES PRIOR TO OCTOBER 1, 1975; AUTHORIZATION OF APPROPRIATIONS; PROCEDURES APPLICABLE TO PAYMENT OF UNPAID CLAIMS OF STATES

Pub. L. 95-291, June 12, 1978, 92 Stat. 304, provided that:

"[Section 1.] (a) There is authorized to be appropriated for the fiscal year which ends on September 30, 1979, not to exceed $543,000,000, to remain available until expended, to enable the Secretary of the Treasury to pay to any State the amount determined by the Secretary of Health, Education, and Welfare (hereinafter in this Act [this note] referred to as the "Secretary"), in accordance with the succeeding provisions of this Act, to be payable to the State in settlement of the unpaid claim of the State against the United States for reimbursement of expenditures made by the State prior to October 1, 1975, with respect to services (and related administrative costs) which the State asserts were provided (or incurred) under an approved State plan pursuant to title I, IV-A, VI, X, XIV, or XVI of the Social Security Act [subchapter I, part A of subchapter IV, former subchapter VI, or subchapter X, XIV, or XVI of this chapter].

"(b) For purposes of this Act [this note], the term 'unpaid claim' of any State means (subject to the succeeding sentence) the total amount of Federal reimbursement for expenditures of the type specified in subsection (a) which has not been paid to such State prior to the date of enactment of this Act [June 12, 1978]. In determining such total amount in the case of any State, any portion thereof attributable to expenditures made in any fiscal year with respect to which the provisions of section 1130 of the Social Security Act (as then in effect) [former section 1320b of this title] were applicable shall be reduced (but not below zero) by the excess (if any) of (1) the aggregate of the portion of such total amount attributable to expenditures made in such year and the total amount of the Federal reimbursement paid prior to the date of enactment of this Act to such State with respect to expenditures made in such year, over (2) the State's allotment determined under such section 1130 for such year.

"Sec. 2. (a) In the case of that portion of the unpaid claim of a State that the Secretary determines was asserted against the United States, in the form and manner prescribed by the Secretary with respect to the filing of claims under titles I, IV-A, VI, X, XIV, and XVI of the Social Security Act [subchapter I, part A of subchapter IV, former subchapter VI, and subchapters X, XIV, and XVI of this chapter], prior to April 1, 1977, the Secretary shall certify to the Secretary of the Treasury for payments to the State the sum of—

"(1) an amount equal to 38 percent of so much of such portion as does not exceed $50,000,000;

"(2) an amount equal to 35 percent of so much of such portion as exceeds $50,000,000 but does not exceed $150,000,000; and

"(3) an amount equal to 21 percent of so much of such portion as exceeds $150,000,000;

except that the percentage specified in paragraph (1) shall be 58 percent and the percentage specified in paragraph (2) shall be 50 percent in the case of a State if the portion of the unpaid claim of such State referred to in the preceding provisions of this subsection equals or exceeds 85 percent of the sum of (A) such portion and (B) the total amount of Federal reimbursement for expenditures of the type specified in the first section of this Act [this note] which has been paid to such State prior to the date of enactment of this Act [June 12, 1978] but with respect to which formal steps have been initiated by the Secretary to recover such reimbursement.

"(b)(1) In the case of the portion of the unpaid claims of a State that the Secretary determines meets the requirements of subsection (a), except that the claim was asserted, in the form and manner prescribed by the Secretary, on or after April 1, 1977, but prior to the ninety-first day following the date upon which this Act is enacted [June 12, 1978], the Secretary shall certify to the Secretary of the Treasury for payment to the State, subject to paragraph (2), an amount equal to 15 percent of so much of such portion as he finds to be for the provision of services that he finds the State provided and for which he has not provided reimbursement, but the expenditures for which were reimbursable under title I, IV-A, VI, X, XIV, or XVI of the Social Security Act [subchapter I, part A of subchapter IV, former subchapter VI, or subchapter X, XIV, or XVI of this chapter] prior to April 1, 1977, or, if not services the expenditures for which were reimbursable, are services of a similar kind and are not otherwise reimbursable under this Act [this note].

"(2) The Secretary may not certify for payment to any State under the authority of this subsection an aggregate amount that exceeds 5 percent of that State's allotment for the fiscal year 1973 of social service funds under titles I, IV-A, X, XIV, and XVI of the Social Security Act [subchapter I, part A of subchapter IV, and subchapters X, XIV, and XVI of this chapter], as determined in accordance with section 1130(b) of such Act [former section 1320b(b) of this title], less the amount certified for payment to the State under subsection (a) of this section.

"(3) The Secretary shall have no authority, by regulations or otherwise, to extend the time period specified in paragraph (1) or to waive the time limit for assertion of a claim.

"Sec. 3. (a) Except with respect to amounts paid by the Secretary to a State prior to April 1, 1977, no State is entitled to reimbursement of expenditures described by the first section of this Act, except as provided by this Act [this note].

"(b) Neither the Secretary nor any other official of the Federal Government may seek to recover any amount paid to a State prior to April 1, 1977, or pursuant to this Act, as reimbursement of expenditures made by the State of the type described by the first section of this Act.

"Sec. 4. (a) The Secretary is authorized to enter into agreements with any State in accordance with the provisions of this Act [this note], and agreements entered into prior to the enactment of this Act [June 12, 1978], to the extent not inconsistent with the terms hereof, shall have the same force and effect as agreements entered into subsequent to enactment of this Act.

"(b) In the absence of an agreement, a State dissatisfied with a determination by the Secretary under this Act may, by application to the Secretary within 60 days after the date of notice to the State of that determination, obtain the Secretary's review of that determination. If the application requests a hearing, the Secretary shall conduct a hearing after reasonable notice to the State, and shall, on the basis of evidence adduced at the hearing, affirm, modify, or reverse his determination. If the Secretary does not preside at the reception of the evidence at the hearing, the decision of the presiding official or body shall be the decision of the Secretary.

"Sec. 5. (a) Amounts appropriated under the first section of this Act [this note] shall be first applied in settlement of the portions of unpaid claims described in section 2(a). If, after that payment, the amounts remaining are insufficient to pay the amounts established by section 2(b) with respect to the portions of unpaid claims asserted under section 2(b), the Secretary shall certify for payment with respect to each such portion an amount that bears the same relationship to that portion as the total of such remaining available amounts bears to the total of all portions of unpaid claims asserted under section 2(b).

"(b) A reduction effected by subsection (a) of this section in the amount payable to a State under section 2(b) does not give rise to an entitlement of the State to the difference between the amount payable under section 2(b) (without regard to subsection (a) of this section) and the amount payable under section 2(b) after application of subsection (a) of this section.

"(c) In the event that the amount appropriated pursuant to the first section of this Act [this note] exceeds the payable portions of unpaid claims under subsections (a) and (b) of section 2, the amount paid to any State receiving a payment computed with respect to paragraph (3) of section 2(a) shall be increased (to the extent of such excess) by an amount equal to the difference between the amount it received under section 2(a) and the amount it would have so received if the percentage in such paragraph had been 25 percent.

"Sec. 6. The Secretary of the Treasury shall pay to each State, out of amounts appropriated pursuant to the first section of this Act [this note], all amounts certified by the Secretary as payable to that State under the terms of this Act."

§ 1437f. Lower-income housing assistance

[*See main edition for text of* (*a*) *and* (*b*)]

(c) Contents and purposes of contracts for assistance payments; amount and scope of monthly assistance payments

(1) An assistance contract entered into pursuant to this section shall establish the maximum monthly rent (including utilities and all maintenance and management charges) which the owner is entitled to receive for each dwelling unit with respect to which such assistance payments are to be made. The maximum monthly rent shall not exceed by more than 10 per centum the fair market rental established by the Secretary periodically but not less than annually for existing or newly constructed rental dwelling units of various sizes and types in the market area suitable for occupancy by persons assisted under this section, except that the maximum monthly rent may exceed the fair market rental by more than 10 but not more than 20 per centum where the Secretary determines that special circumstances warrant such higher maximum rent or that such higher rent is necessary to the implementation of a local housing assistance plan as defined in section 1439(a)(5) of this title. Proposed fair market rentals for an area shall be published in the Federal Register with reasonable time for public comment, and shall become effective upon the date of publication in final form in the Federal Register. Notwithstanding any other provision of this section, after October 12, 1977, the Secretary shall prohibit high-rise elevator projects for families with children unless there is no practical alternative.

[*See main edition for text of* (*2*)]

(3) The amount of the monthly assistance payment with respect to any dwelling unit shall be the difference between the maximum monthly rent which the contract provides that the owner is to receive for the unit and a portion of one-twelfth of the resident family's income which the Secretary establishes on the basis of the relative level of income of the family and on the basis of such other factors as the number of minor children in the household and the extent of medical and other unusual expenses incurred by the family. In carrying out the previous sentence, the Secretary shall provide that—

(A) in the case of a very low income family, the amount of such assistance payment shall be the difference between such rent and not less than 15 per centum but not more than 25 per centum of such family income, taking into consideration such relative level of income and such other factors;

(B) in the case of a large very low income family or a lower income family with exceptional medical or other expenses, as determined by the Secretary, the amount of such assistance payment shall be the difference between such rent and 15 per centum of such family income;

(C) in the case of a very large lower-income family, the amount of such assistance payment shall be the difference between such rent and 20 per centum of such family income; and

(D) in the case of other families, the amount of such assistance payment shall be the difference between such rent and not less than 20 per centum but not more than 30 per centum of such family income, taking into consideration such relative level of income and such other factors.

Reviews of family income shall be made no less frequently than annually (except that such reviews may be made at intervals no longer than two years in the case of families who are elderly families).

(4) The assistance contract shall provide that assistance payments may be made only with respect to a dwelling unit under lease for occupancy by a family determined to be a lower income family at the time it initially occupied such dwelling unit, except that such payments may be made with respect to unoccupied units for a period not exceeding sixty days (A) in the event that a family vacates a dwelling unit before the expiration date of the lease for occupancy or (B) where a good faith effort is being made to fill an unoccupied unit, and, subject to the provisions of the following sentence, such payments may be made, in the case of a newly constructed or substantially rehabilitated project, after such sixty-day period in an amount equal to the debt service attributable to such an unoccupied dwelling unit for a period not to exceed one year, if a good faith effort is being made to fill the unit and the unit provides decent, safe, and sanitary housing. No such payment may be made after such sixty-day period if the Secretary determines that the dwelling unit is in a project which provides the owner with revenues exceeding the costs incurred by such owner with respect to such project.

[*See main edition for text of* (*5*) *to* (*8*)]

(d) Required provisions and duration of contracts for assistance payments

(1) Contracts to make assistance payments entered into by a public housing agency with an owner of existing housing units shall provide (with respect to any unit) that—

(A) the selection of tenants for such unit shall be the function of the owner, subject to the provisions of the annual contributions contract between the Secretary and the agency, except that the tenant selection criteria used by the owner shall give preference to families which occupy substandard housing or are involuntarily displaced at the time they are seeking assistance under this section;

[*See main edition for text of* (*B*) *to* (*D*), (*2*)]

(3) Notwithstanding any other provision of law, with the approval of the Secretary the public housing agency administering a contract under this section with respect to existing housing units may exercise all management and maintenance responsibilities with respect to those units pursuant to a contract between such agency and the owner of such units.

(e) Restrictions on contracts for assistance payments

(1) The Secretary shall not contract to make assistance payments with respect to a newly constructed or substantially rehabilitated dwelling unit for a term of less than two hundred and forty months or more than three hundred and sixty months, except that such term may not exceed two hundred and forty months in the case of a project financed with assistance of a loan made by, or insured, guaranteed or intended for purchase by, the Federal Government, other than pursuant to section 1715z-9 of title 12. Notwithstanding the preceding sentence, in the case of a project owned by, or financed by a loan or loan guarantee from, a State or local agency or the Farmers' Home Administration, the term may not exceed four hundred and eighty months.

(2) The contract between the Secretary and the owner with respect to newly constructed or substantially rehabilitated dwelling units shall provide that all ownership, management, and maintenance responsibilities, including the selection of tenants and the termination of tenancy, shall be assumed by the owner (or any entity, including a public housing agency, approved by the Secretary, with which the owner may contract for the performance of such responsibilities), except that the tenant selection criteria shall give preference to families which occupy substandard housing or are involuntarily displaced at the time they are seeking housing assistance under this section. In approving any public housing agency to assume all the management and maintenance responsibilities of any dwelling unit under the preceding sentence, the Secretary may do so without regard to whether such agency administers the housing assistance payment contract for that unit.

[*See main edition for text of* (*3*) *and* (*4*)]

(5) For the purpose of upgrading and thereby preserving the Nation's housing stock, the Secretary is authorized to make assistance payments under this section directly or through public housing agencies pursuant to contracts with owners or prospective owners who agree to upgrade housing so as to make and keep such housing decent, safe, and sanitary through upgrading which involves less than substantial rehabilitation, as such upgrading and rehabilitation are defined by the Secretary. The Secretary is authorized to prescribe such terms and conditions for contracts entered into under this section pursuant to this paragraph as the Secretary determines to be necessary and appropriate, except that such terms and conditions, to the maximum extent feasible, shall be consistent with terms and conditions otherwise applicable with respect to other dwelling units assisted under this section. The Secretary is also authorized to make assistance available under

this section pursuant to this paragraph to any unit in a housing project which, on an overall basis, reflects the need for such upgrading.

[*See main edition for text of (f) to (h)*]

(i) Contracts with respect to substantially rehabilitated dwelling units

In entering into contracts under this section with respect to substantially rehabilitated dwelling units, the Secretary shall provide that—

(1) the maximum monthly rent permitted for the assisted units be not greater than the amount permitted under subsection (c) of this section or a lesser amount which the Secretary determines is appropriate taking into consideration the investment of the owner in the assisted units and such other factors as the Secretary determines to be relevant;

(2) the assisted units be rehabilitated to a level which meets but does not exceed applicable codes and standards for decent, safe, and sanitary housing which are prescribed by the Secretary;

(3) all the dwelling units in the housing structure in which the assisted units are located meet applicable codes and standards prescribed by the Secretary for decent, safe, and sanitary housing;

(4) the term of any such contract does not exceed the maximum term permitted under subsection (e)(1) of this section or a shorter term which the Secretary determines is appropriate taking into consideration the amount of investment of the owner in the assisted units and such other factors as the Secretary determines to be relevant; and

(5) the assisted units meet cost-effective energy efficiency standards prescribed by the Secretary.

(j) Contributions contracts for rental assistance to mobile homeowners

(1) The Secretary may enter into annual contributions contracts under this subsection for the purpose of assisting lower income families by making rental assistance payments with respect to real property on which is located a mobile home which is owned by any such family and utilized by such family as its principal place of residence. In carrying out this subsection, the Secretary may (A) enter into annual contributions contracts with public housing agencies pursuant to which such agencies may enter into contracts to make such assistance payments to the owners of such real property, or (B) enter into such contracts directly with the owners of such real property.

(2) Contracts entered into pursuant to this subsection shall establish the maximum monthly rent (including maintenance and management charges) which the owner is entitled to receive for each space on which a mobile home is located and with respect to which assistance payments are to be made. The maximum monthly rent shall not exceed by more than 10 per centum the fair market rental established by the Secretary periodically (but not less than annually) with respect to the market area for the rental of real property suitable for occupancy by families assisted under this subsection. The provisions of subsection (c)(2) of this section shall apply to the adjustments of maximum monthly rents under this subsection.

(3) The amount of any monthly assistance payment with respect to any family assisted under this subsection shall be the difference between 25 per centum of one-twelfth of the annual income of such family and the sum of—

(A) the monthly payment made by such family to amortize the cost of purchasing the mobile home;

(B) monthly utility payments made by such family, subject to reasonable limitations prescribed by the Secretary; and

(C) the maximum monthly rent permitted with respect to the real property which is rented by such family for the purpose of locating its mobile home;

except that in no case may such assistance exceed the total amount of such maximum monthly rent.

(4) Each contract entered into under this subsection shall be for a term of not less than one month and not more than 180 months.

(5) The Secretary may prescribe other terms and conditions which are necessary for the purpose of carrying out the provisions of this subsection and which are consistent with the purposes of this subsection.

(k) Verification of income

The Secretary shall establish procedures which are appropriate and necessary to assure that income data provided to public housing agencies and owners by families applying for or receiving assistance under this section is complete and accurate. In establishing such procedures, the Secretary shall randomly, regularly, and periodically select a sample of families to authorize the Secretary to obtain information on these families for the purpose of income verification, or to allow those families to provide such information themselves. Such information may include, but is not limited to, data concerning unemployment compensation and Federal income taxation and data relating to benefits made available under the Social Security Act [42 U.S.C. 301 et seq.], the Food Stamp Act of 1977 [7 U.S.C. 2011 et seq.], or title 38. Any such information received pursuant to this subsection shall remain confidential and shall be used only for the purpose of verifying incomes in order to determine eligibility of families for benefits (and the amount of such benefits, if any) under this section.

(1) In addition to the contributions authorized to be made for the purposes specified in section 1437c of this title, the Secretary may make annual contributions to public housing agencies for the operation of low-income housing projects. The contributions payable annually under this section shall not exceed the amounts which the Secretary determines are required (A) to assure the low-income character of the projects involved, and (B) to achieve and maintain adequate operating services and reserve funds. The Secretary shall embody the provisions for such annual contributions in a contract guaranteeing their payment subject to the availability of funds, and such contract shall provide that no disposition of the low-income housing project, with respect to which the contract is entered into, shall occur during and for ten years after the period when contributions were made pursuant to such contract unless approved by the Secretary. SUBCHAPTER I—GENERAL PROVISIONS

§ 1441. Congressional declaration of national housing policy

NATIONAL COMMISSION ON NEIGHBORHOODS

Pub. L. 95-24, title II, §§ 201 to 208, Apr. 30, 1977, 91 Stat. 56-59, as amended by Pub. L. 95-557, title III, § 315, Oct. 31, 1978, 92 Stat. 2099, provided that:

"SHORT TITLE

"Sec. 201. This title may be cited as the 'National Neighborhood Policy Act'.

"FINDINGS AND PURPOSE

"Sec. 202. (a) The Congress finds and declares that existing city neighborhoods are a national resource to be conserved and revitalized wherever possible, and that public policy should promote that objective.

"(b) The Congress further finds that the tendency of public policy incentives to ignore the need to preserve the built environment can no longer be defended, either economically or socially, and must be replaced with explicit policy incentives encouraging conservation of existing neighborhoods. That objective will require a comprehensive review of existing laws, policies, and programs which affect neighborhoods, to assess their impact on neighborhoods, and to recommend modifications where necessary.

"ESTABLISHMENT OF COMMISSION

"Sec. 203. (a) There is hereby established a commission to be known as the National Commission on Neighborhoods (hereinafter referred to as the 'Commission').

"(b) The Commission shall be composed of twenty members, to be appointed as follows:

"(1) two Members of the Senate appointed by the President of the Senate;

"(2) two Members of the House of Representatives appointed by the Speaker of the House of Representatives; and

"(3) sixteen public members appointed by the President of the United States from among persons specially qualified by experience and training to perform the duties of the Commission, at least five of whom shall be elected officers of recognized neighborhood organizations engaged in development and revitalization programs, and at least five of whom shall be elected or appointed officials of local governments involved in preservation programs. The remaining members shall be drawn from outstanding individuals with demonstrated experience in neighborhood revitalization activities, from such fields as finance, business, philanthropic, civic, and educational organizations.

The individuals appointed by the President of the United States shall be selected so as to provide representation to a broad cross section of racial, ethnic, and geographic groups. The two members appointed pursuant to clause (1) may not be members of the same political party, nor may the two members appointed pursuant to clause (2) be members of the same political party. Not more than eight of the members appointed pursuant to clause (3) may be members of the same political party.

"(c) The Chairman shall be appointed by the President, by and with the advice and consent of the Senate, from among the public members.

"(d) The executive director shall be appointed by the President, by and with the advice and consent of the Senate, from among individuals recommended by the Commission.

"DUTIES

"Sec. 204. (a) The Commission shall undertake a comprehensive study and investigation of the factors contributing to the decline of city neighborhoods and of the factors necessary to neighborhood survival and revitalization. Such study and investigation shall include, but not be limited to—

"(1) an analysis of the impact of existing Federal, State, and local policies, programs, and laws on neighborhood survival and revitalization;

"(2) an identification of the administrative, legal, and fiscal obstacles to the well-being of neighborhoods;

"(3) an analysis of the patterns and trends of public and private investment in urban areas and the impact of such patterns and trends on the decline or revitalization of neighborhoods;

"(4) an assessment of the existing mechanisms of neighborhood governance and of the influence exercised by neighborhoods on local government;

"(5) an analysis of the impact of poverty and racial conflict on neighborhoods;

"(6) an assessment of local and regional development plans and their impact on neighborhoods; and

"(7) an evaluation of existing citizen-initiated neighborhood revitalization efforts and a determination of how public policy can best support such efforts.

"(b) The Commission shall make recommendations for modifications in Federal, State, and local laws, policies, and programs necessary to facilitate neighborhood preservation and revitalization. Such recommendations shall include, but not be limited to—

"(1) new mechanisms to promote reinvestment in existing city neighborhoods;

"(2) more effective means of community participation in local governance;

"(3) policies to encourage the survival of economically and socially diverse neighborhoods;

"(4) policies to prevent such destructive practices as blockbusting, redlining, resegregation, speculation in reviving neighborhoods, and to promote homeownership in urban communities;

"(5) policies to encourage better maintenance and management of existing rental housing;

"(6) policies to make maintenance and rehabilitation of existing structures at least as attractive from a tax viewpoint as demolition and development of new structures;

"(7) modification in local zoning and tax policies to facilitate preservation and revitalization of existing neighborhoods; and

"(8) reorientation of existing housing and community development programs and other tax and subsidy policies that affect neighborhoods, to better support neighborhood preservation efforts.

"(c) Not later than fifteen months after the date on which funds first become available to carry out this title, the Commission shall submit to the Congress and the President a comprehensive report on its study and investigation under this subsection which shall include its findings, conclusions, and recommendations and such proposals for legislation and administrative action as may be necessary to carry out its recommendations.

"COMPENSATION OF MEMBERS

"Sec. 205. (a) Members of the Commission who are Members of Congress or full-time officers or employees of the United States shall serve without additional compensation, but shall be reimbursed for travel, subsistence, and other necessary expenses incurred in the performance of the duties vested in the Commission.

"(b) Members of the Commission, other than those referred to in subsection (a), shall receive compensation at the rate of $100 per day for each day they are engaged in the actual performance of the duties vested in the Commission and shall be entitled to reimbursement for travel, subsistence, and other necessary expenses incurred in the performance of such duties.

"ADMINISTRATIVE PROVISIONS

(a) The Commission shall have the power to appoint and fix the compensation of such personnel as it deems advisable, without regard to the provisions of title 5, United States Code, governing appointments in the competitive service, and the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates, but at rates not in excess of a maximum rate for GS-18 of the General Schedule under section 5332 of such title.

"(b) The Commission may procure, in accordance with the provisions of section 3109 of title 5, United States Code, the temporary or intermittent services of experts or consultants. Persons so employed shall receive compensation at a rate to be fixed by the Commission but not in excess of $100 per day, including traveltime. "(c) Each department, agency, and instrumentality of the United States is authorized and directed to furnish to the Commission, upon request made by the Chairman or Vice Chairman, on a reimbursable basis or otherwise, such statistical data, reports, and other information as the Commission deems necessary to carry out its functions under this title. The Chairman is further authorized to call upon the departments, agencies, and other offices of the several States to furnish, on a reimbursable basis or otherwise, such statistical data, reports, and other information as the Commission deems necessary to carry out its functions under this title.

§ 1452b. Rehabilitation loans

(a) Considerations

The Secretary is authorized, through the utilization of local public and private agencies where feasible, to make loans as herein provided to the owners and tenants of property to finance the rehabilitation of such property. No loan shall be made under this section unless—

[*See main edition for text of* (*1*) *to* (*3*)]

The Secretary shall, in making loans under this section, give priority to applications by low- and moderate-income persons who own the property to be rehabilitated and will occupy such property upon completion of the rehabilitation, including applications by condominiums and cooperatives in which the residents are principally of low and moderate income. For the purpose of the preceding sentence, the term "low and moderate income" means income which does not exceed 95 per centum of the median income for the area.

[*See main edition for text of* (*b*)]

(c) Limitations

A rehabilitation loan made under this section shall be subject to the following limitations:

[*See main edition for text of* (*1*) *and* (*2*)]

(3) The loan shall bear interest at such rate as the Secretary determines to be appropriate, but not to exceed 3 per centum per annum for loans to families with adjusted incomes of not more than 80 per centum of the median income for the area. For loans to families with adjusted incomes above 80 per centum of the median income for the area, as determined by the Secretary, the Secretary may establish interest rates based on adjusted family income, ranging from above 3 per centum to a rate determined by the Secretary, but in no case may any such rate exceed the current average market yield on outstanding marketable securities of the United States with remaining periods to maturity comparable to the terms of loans made pursuant to this section, adjusted to the nearest one-eighth of 1 per centum. The Secretary may prescribe such other charges adequate in the

judgment of the Secretary to cover administrative costs and possible losses under the program.

(4) The amount of the loan may not exceed—

(A) in the case of residential property, $27,000 per dwelling unit: *Provided*, That, within the limitations otherwise applicable on the amount of a loan, the loan may exceed the cost of rehabilitation in order to include an amount approved by the Secretary to refinance existing indebtedness secured by such property if such refinancing is necessary to enable the applicant to amortize, with a monthly payment of not more than 20 per centum of his average monthly income, such loan and any other indebtedness secured by his property, or if such refinancing is deemed necessary by the Secretary to minimize displacement of existing tenants of a multifamily property; and

(B) in the case of nonresidential property, whichever of the following is the least: $100,000, or the cost of rehabilitation, or an amount which when added to any outstanding indebtedness related to the property securing the loan creates a total outstanding indebtedness that the Secretary determines could be reasonably secured by a first mortgage on the property.

(5) A loan shall be secured as determined by the Secretary.

(d) Authorization of appropriations; revolving fund; limitations on loans for rehabilitation of multifamily properties

There is authorized to be appropriated not to exceed $150,000,000 for each fiscal year ending prior to July 1, 1975, not to exceed $100,000,000 for the fiscal year beginning on July 1, 1975, not to exceed $100,000,000 for the fiscal year beginning on October 1, 1976, not to exceed $60,000,000 for the fiscal year beginning on October 1, 1977, not to exceed $245,000,000 for the fiscal year beginning on October 1, 1978, and not to exceed $140,000,000 for the fiscal year beginning on October 1, 1979, which shall constitute a revolving fund to be used by the Secretary in carrying out this section. All moneys in such revolving fund shall be available for necessary expenses of servicing loans made pursuant to this section, including reimbursement or payment for services and facilities of the Government National Mortgage Association and of any public or private agency for the servicing of such loans. The amount of commitments to make loans pursuant to this section entered into after August 22, 1976, shall not exceed amounts approved in appropriation Acts. Of the amounts available for loans under this section during the fiscal year beginning October 1, 1978, the Secretary may utilize not more than $60,000,000 for rehabilitation loans for multifamily properties. Of the amounts available for loans under this section during any fiscal year beginning on or after October 1, 1979, the Secretary may utilize not more than $75,000,000 for rehabilitation loans for multifamily properties.

[*See main edition for text of* (*e*) *to* (*g*)]

(h) Termination date

No loan shall be made under this section after September 30, 1980, except pursuant to a contract, commitment, or other obligation entered into pursuant to this section prior to October 1, 1980.

(i) Cost-effective energy conservation standards

The Secretary may not, after 270 days following October 31, 1978, make any loan under this section with respect to any property unless the Secretary has determined that the improvements to such property, upon completion of the rehabilitation, will meet cost-effective energy conservation standards prescribed by the Secretary.

(j) Additional limitations and conditions on rehabilitation loans

Rehabilitation loans under this section for multifamily properties shall be subject to the following additional limitations and conditions:

(1) The property must meet the requirements of subsection (a) of this section and—

(A) be located in a low- or moderate-income neighborhood; or

(B) have a majority of tenants of low and moderate income.

All such loans must be consistent with an overall community development strategy developed pursuant to title I of the Housing and Community Development Act of 1974 [42 U.S.C. 5301 et seq.].

(2) The property must have fewer than 100 units, except where the Secretary determines that a loan under this section is essential to meet the community development needs of a neighborhood and alternative sources of financing are not available.

(3) The Secretary shall enter into an agreement with the investor-owner of a multifamily property which is to be rehabilitated with a loan under this section to limit, for a period of at least five years, the increased rent caused by the rehabilitation.

(4) The Secretary shall minimize involuntary displacement caused by rehabilitation loans under this section with respect to multifamily properties.

(k) Report to Congress on rehabilitation loans program; interim report on use of funds for multifamily properties; recommendations

SUBCHAPTER III—FARM HOUSING

§ 1471. Financial assistance by Secretary of Agriculture

(a) Authorization and purposes of assistance

The Secretary of Agriculture (hereinafter referred to as the "Secretary") is authorized, subject to the terms and conditions of this subchapter, to extend financial assistance, through the Farmers Home Administration, (1) to owners of farms in the United States and in the Territories of Alaska and Hawaii and in the Commonwealth of Puerto Rico, the Virgin Islands, the territories and possessions of the United States, and the Trust Territory of the Pacific Islands, to enable them to construct, improve, alter, repair, or replace dwellings and other farm buildings on their farms, and to purchase buildings and land constituting a minimum adequate site, in order to provide them, their tenants, lessees, sharecroppers, and laborers with decent, safe, and sanitary living conditions and adequate farm buildings as specified in this subchapter, and (2) to owners of other real estate in rural areas for the construction, improvement, alteration, or repair of dwellings, related facilities, and farm buildings and to rural residents for such purposes and for the purchase of buildings and the purchase of land constituting a minimum adequate site, in order to enable them to provide dwellings and related facilities for their own use and buildings adequate for their farming operations, and (3) to elderly or handicapped persons or families who are or will be the owners of land in rural areas for the construction, improvement, alteration, or repair of dwellings and related facilities, the purchase of dwellings and related facilities and the purchase of land constituting a minimum adequate site, in order to provide them with adequate dwellings and related facilities for their own use, and (4) to an owner described in clause (1), (2), or (3) for refinancing indebtedness which—

(A) was incurred for an eligible purpose described in such clause, and

(B)(i) if not refinanced, is likely to result (because of circumstances beyond the control of the applicant) at an early date in the loss of the applicant's necessary dwelling or essential farm service buildings, or

(ii) if combined (in the case of a dwelling that the Secretary finds not to be decent, safe, and sanitary) with a loan for improvement, rehabilitation, or repairs and not refinanced, is likely to result in the applicant's continuing to be deprived of a decent, safe, and sanitary dwelling.

(C) Repealed. Pub. L. 96-153, title V, § 506, Dec. 21, 1979, 93 Stat. 1136

(b) Definitions

[*See main edition for text of (1) and (2)*]

(3) For the purposes of this subchapter, the term "elderly or handicapped persons or families" means families which consist of two or more persons, the head of which (or his or her spouse) is at least sixty-two years of age or is handicapped. Such term also means a single person who is at least sixty-two years of age or is handicapped. A person shall be considered handicapped if such person is determined, pursuant to regulations issued by the Secretary, to have an impairment which (A) is expected to be of long-continued and indefinite duration, (B) substantially impedes his ability to live independently, and (C) is of such a nature that such ability could be improved by more suitable housing conditions, or if such person is a developmentally disabled individual as defined in section 6001(7) of this title. The Secretary shall prescribe such regulations as may be necessary to prevent abuses in determining, under the definitions contained in this paragraph, eligibility of families and persons for admission to and occupancy of housing constructed with assistance under this subchapter. Notwithstanding the preceding provisions of this paragraph, such term also includes two or more elderly (sixty-two years of age or over) or handicapped persons living together, one or more such persons living with another person who is determined (under regulations prescribed by the Secretary) to be essential to the care or well-being of such persons, and the surviving member or members of any family described in the first sentence of this paragraph who were living, in a unit assisted under this subchapter, with the deceased member of the family at the time of his or her death.

(4) For the purpose of this subchapter, the term "persons of low income" and the term "persons and families of low income" means families and persons whose income do not exceed 80 per centum of the median income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that (A) if the Secretary determines that it is impracticable to use the median income for any area, the Secretary may use for such area the median income of all the nonmetropolitan areas in the State, and (B) the Secretary may establish income ceilings higher or lower than 80 per centum of median income on the basis of his findings that such variations are necessary because of prevailing levels of construction costs, unusually high or low family incomes, or other factors.

(5) For the purpose of this subchapter, the term "income" means income from all sources of each member of a household, as determined in accordance with criteria prescribed by the Secretary.

(c) Conditions of eligibility

In order to be eligible for the assistance authorized by subsection (a) of this section, the applicant must show (1) that he is the owner of a farm which is without a decent, safe, and sanitary dwelling for himself and his family and necessary resident farm labor, or for the family of the operating tenant, lessee, or sharecropper, or without other farm buildings adequate for the type of farming in which he engages or desires to engage, or that he is the owner of other real estate in a rural area or a rural resident without an adequate dwelling or related facilities for his own use or buildings adequate for his farming operations, or that the applicant is an elderly or handicapped person or family in a rural area without an adequate dwelling or related facility for its own use, or that he is the owner of a farm or other real estate in a rural area who needs refinancing of indebtedness described in clause (4) of subsection (a) of this section; (2) that he is without sufficient resources to provide the necessary housing and buildings on his own account; and (3) that he is unable to secure the credit necessary for such housing and buildings from other sources upon terms and conditions which he could reasonably be expected to fulfill. If an applicant is a State or local public agency—

(e) Prepayment of taxes, insurance, and other expenses; advances to account of borrower: interest, time for repayment

The Secretary may establish procedures whereby borrowers under this subchapter may make periodic payments for the purpose of taxes, insurance, and such other necessary expenses as the Secretary may deem appropriate. Such payments shall be disbursed by the Secretary at the appropriate time or times for the purposes for which such payments are made, and after October 1, 1977, if the prepayments made by the borrower are not sufficient to pay the amount due, advances may be made by the Secretary to pay these costs in full, which advances shall be charged to the account of the borrower and bear interest and be payable in a timely fashion not to exceed two years, as determined by the Secretary. The Secretary shall notify a borrower in writing when his loan payments are delinquent.

(f) Increase in loan limits

With respect to any limitation on the amount of any loan which may be made, insured, or guaranteed under this subchapter for the purchase of a dwelling unit, the Secretary may increase such amount by up to 20 percent if such increase is necessary to account for the increased cost of the dwelling unit due to the installation of a solar energy system (as defined in subparagraph (3) of the last paragraph of section 1703(a) of title 12) therein.

§ 1472. Loans for housing and buildings on adequate farms

[*See main edition for text of* (*a*)]

(b) Provisions of loan instrument

The instruments under which the loan is made and the security given shall—

[*See main edition for text of* (*1*)]

(2) provide for the repayment of principal and interest in accordance with schedules and repayment plans prescribed by the Secretary, except that any prepayment of a loan made or insured under section 1484 or 1485 of this title shall be subject to the provisions of subsection (c) of this section;

(3) except for guaranteed loans, contain the agreement of the borrower that he will, at the request of the Secretary, proceed with diligence to refinance the balance of the indebtedness through cooperative or other responsible private credit sources whenever the Secretary determines, in the light of the borrower's circumstances, including his earning capacity and the income from the farm, that he is able to do so upon reasonable terms and conditions;

[*See main edition for text of* (*4*)]

(c) Prepayment and refinancing provisions

(1) Except as provided in paragraph (2), the Secretary may not accept an offer to prepay, or request refinancing in accordance with subsection (b)(3) of this section of, any loan made or insured under section 1484 or 1485 of this title pursuant to a contract entered into before or after December 21, 1979, unless the Secretary takes appropriate action which will obligate the borrower (and successors in interest thereof) to utilize the assisted housing and related facilities for the purposes specified in section 1484 or 1485 of this title, as the case may be, for a period of—

(A) fifteen years from the date on which the loan was made in the case of a loan made or insured pursuant to a contract entered into before or after December 21, 1979, and utilized for housing and related facilities which have not received assistance under section 1490a(a)(1)(B) or (a)(2) of this title or section 1437f of this title; or

(B) twenty years from the date on which the loan was made in the case of any other such loan;

or until the Secretary determines (prior to the end of such period) that there is no longer a need for such housing and related facilities to be so utilized or that Federal or other financial assistance provided to the residents of such housing will no longer be provided.

(2) In the case of any such loan made or insured pursuant to a contract entered into before December 21, 1979, the Secretary, after examining an offer to prepay such loan and the

likely consequences of accepting such offer, shall accept such offer without taking the appropriate action described in paragraph (1) unless, after such examination, the Secretary determines that—

(A) due to a change in the use of such housing and related facilities, or to an increase in rental or other charges, likely to occur as a result of prepayment, the low and moderate income and elderly tenants occupying the assisted housing and related facilities at the time of such offer cannot reasonably be expected to remain in occupancy for the applicable period described in paragraph (1), but notwithstanding such a determination, the Secretary shall accept such an offer without taking such appropriate action if such tenants who are likely to be displaced as a result of such changes or increases will be provided with affordable, decent, safe, sanitary, and available alternative housing; or

(B) in the case of housing and related facilities containing more than ten dwelling units, the changes likely to occur as a result of such prepayment will have a substantial, adverse effect on the supply of affordable, decent, safe, and sanitary housing available to low and moderate income and elderly persons in the area in which such housing and related facilities are located.

(As amended Oct. 12, 1977, Pub. L. 95-128, title V, § 502(a), 91 Stat. 1139; Dec. 21, 1979, Pub. L. 96-153, title V, § 503, 93 Stat. 1134.)

(2) In the case of any grant made under this subsection to an owner of a rental dwelling unit the Secretary shall provide that (A) the benefits of weatherization assistance in connection with such unit will accrue primarily to the low-income family residing therein, (B) the rents on such dwelling unit will not be raised because of any increase in value thereof due solely to weatherization assistance provided under this subsection, and (C) no undue or excessive enhancement will occur to the value of such unit.

(3) In carrying out this subsection, the Secretary shall (A) implement the weatherization standards described in paragraphs (2)(A) and (3) of section 413(b) of the Energy Conservation in Existing Buildings Act of 1976 [42 U.S.C. 6863(b)], and (B) provide that, with respect to any dwelling unit, not more than $800 of any grant made under this section be expended on weatherization materials and related matters described in section 415(c) of the Energy Conservation in Existing Buildings Act of 1976 [42 U.S.C. 6865(c)], except that the Secretary shall increase such amount to not more than $1,500 to cover labor costs in areas where the Secretary, in consultation with the Secretary of Labor, determines there is an insufficient number of volunteers and training participants and public service employment workers, assisted pursuant to the Comprehensive Employment and Training Act of 1973 [29 U.S.C. 801 et seq.] or the Older American Community Service Employment Act [42 U.S.C. 3056 et seq.], available to work on weatherization projects under the supervision of qualified supervisors.
